Family Service Appoints First Full-Time Director

NORTHWEST FAMILY SERVICE association board of directors Monday announced the appointment of Mrs. George E. Nicklaus as the first full-time director for the new family counseling service in northwest suburbs. Shown talking with Sheriff Joseph D. Lohman are Mrs. Warren Rogers, second vice-president of Mount Prospect; Mrs. Nicklaus; Gerald Chapman, president of Arlington Heights; and Mrs. L. F. Pennington, second vice president of Rolling Meadows.

Northwest Family Service association this week appointed a full-time director to establish a family counseling service for Arlington Heights, Des Plaines, Mount Prospect, Palatine, and Rolling Meadows.

She is Mrs. George E. Nicklaus of Arlington Heights, a graduate of sociology and education from Clarke college and holder of a Master's degree in social work from Loyola university.

* * *

FORMERLY associated with the Milwaukee Red Cross and Madison, Wis., Family Service, Mrs. Nicklaus did personnel work in Chicago before joining the staff of the Illinois Childrens Home and Aid society in the fields of adoption and foster families.

She also spent time doing medical social work and student supervision with the Children's Memorial hospital.

Her most recent position has been with Evanston Family Service, where she was retained as case worker and supervisor of students at Loyola university.

* * *

MRS. NICKLAUS is active in Family Service Association of America as well as various organizations in the field of social service work and several university clubs.

Her husband is an economist for Universal Oil Products co. in Des Plaines. They reside at 631 S. Ridge ave. in Arlington Heights.

Mrs. Nicklaus will be introduced October 26 at the fall benefit dance to be sponsored by Northwest Family Service association in Mt. Prospect VFW hall.

The Editor's Column

by STUART R. PADDOCK

What is worth having, is worth trying and Arlington Heights village board is doing just that. It is trying by persuasive means to get the developers to vary the designs of their homes. More power to them.

•

The Northwest Family Service Association has appointed its director and family counseling service for the Northwest area. It will start November 1, and will be of special interest to ministers and physicians. They are the ones who have frequently inquired how soon the service will be started.

As one pastor said this week, "I am giving spiritual advice, but I am not trained in psychiatry."

•

Postal clerks at Arlington Heights are watching the progress of their new building with their fingers crossed. The coming Christmas mail is in the offing. Postmaster Dodge and her assistant Louis Zinkel are telling them, "Of course the new building will be ready."

As one carrier said this week, "Uncle Sam has never before given us a Christmas present, but all of us will consider that new building the greatest gift of all."

Did we see some Merry Christmas signs displayed in a few store windows? Yes, it is true there are only 69 shopping days before Christmas.

•

We received a letter this week suggesting that we turn to the "American Way of Life," to settle local controversial subjects.

If we had a definite interpretation of the meaning of the "American Way of Life," we would not be calling each other names over street lighting in Arlington Heights; new highways in Palatine or annexation in Mt. Prospect, to say nothing about school buses.

President Eisenhower and Dulles have been trying to settle world problems the "American way," but are not having any more success than the indignant people who are attending village board meetings.

Anyway no civil war has been started and we will all again be friends after the improvements become a reality.

•

We will watch with interest the success that the five justices of the peace of Palatine township will have in the collection of delinquent personal property taxes. The State's attorney has apportioned the delinquent bills among all of the justices of that township.

We can expect each one of the justices will do his best but it will be interesting to see which way they will lean. Will they win election friends by easy settlements with the delinquent taxpayer or will they ask the "pound of flesh" that will mean added revenue for our taxing bodies?

All of them are impressing upon delinquents that they can save money next year by filing personal property schedules with the assessor.

It will be hard to convince the average commuter that personal property taxes must be paid; the waste basket has other purposes.

•

Never again will we be jealous of a person who can afford life in Florida. Last Thursday we saw at the Standard Oil Company Whiting laboratories cockroaches the size of "dinosaurs" that we were told invade Florida and Texas homes.

The word cockroach is a horrid name to us and it became a whole lot worse as we saw the bugs, from 2 to 4 inches long, that were being bred for testing exterminators.

A proofreader has since told us that the pest is called water bug in Texas and Florida and it is not uncommon to cherish one as a pet. She added they are easily handled. The householder contracts for regular exterminator service the same as we order water softener service.

Nevertheless we hate cockroaches enough to shovel snow in Illinois the coming winter.

Hospital Site Dedication Ceremony Set for Oct. 27

The 27-acre site of the Northwest Community Hospital center on Central road just west of State road will be formally dedicated Sunday, October 27 at 3 p.m., in ceremonies to be participated in by political, industrial, and civic leaders from throughout the northwest area.

* * *

PRINCIPAL SPEAKER at the dedication will be Mrs. Marguerite Stitt Church, Congresswoman from the 13th Congressional district, active in support of community hospital projects, who only recently advised the local hospital officals of the confirmed approval of the government grant of $600,000 to the Northwest hospital project.

The dedication ceremonies will also serve as an inspirational send-off to several hundred workers who will begin on October 28 their round of calls in the hospital extension canvass, aimed at raising a total of $331,000.

This final fund drive has a 2-fold objective: first, to give the many hundreds of new families who have recently come into the area, as well as the many newly-established businesses and industries, an opportunity to participate in the all-important hospital project; and second, to assure a debt-free hospital operation for the northwest suburban communities.

* * *

BY INAUGURATING the Northwest Community hospital on a debt-free basis, the way would be cleared for future expansion of the hospital which is considered by many so essential if medical facilities anywhere nearly adequate to the needs of the fast-growing Northwest area are to be supplied.

Leadership for the new funds canvass has already been announced at organization sessions held under the chairmanship of Nicholas M. Lattof, president of the hospital board of trustees.

Heading the residential campaign organization is Harold W. Dotts, a member of the hospital board and president of the Stonegate China company. Active again in canvass work will be Jack D. Hughes, vice-president and general manager of Littelfuse company, who will guide the industrial solicitation. Hughes is also on the hospital board of trustees.

* * *

CHAIRMAN OF THE workers in the business canvass is George A. Glow, an officer of the Harris Trust company.

Organizational meetings for all workers in the extension canvass are being held during this pre-campaign period, and Dotts is outlining the campaign procedure to the solicitation leaders in the various communities.

Workers in the campaign—and there are expected to be several hundred—will attend the site dedication as the formal send-off for their campaign. In addition to Mrs. Church, mayors of all the communities participating in the campaign have been invited, and state legislators from this area — Jackson L. Boughner of Palatine and John William Carroll of Park Ridge—are also expected to take part.

* * *

THE ENTIRE program for the dedication is being planned under the direction of Charles H. Wilson, Arlington Heights realtor.

He has on his committee the Rev. H. J. Rasmussen, pastor of St. Mark Lutheran church of Mt. Prospect, and a hospital board member, who will offer the dedicatory prayer; Richard W. Black, of Black's Memorial Home; Joseph Schneller, Schneller Furniture co., Prospect Heights; and Nicholas M. Lattof, chairman of the hospital board of trustees.

Wilson stated that there will be as dedication observances which will be of interest to the public. He said that special arrangements are being made to accommodate several hundred cars adjacent to the hospital site and that the public is most cordially invited to attend the ceremonies.

Flats, Gas Station Vetoed

One zoning change doesn't necessarily change the character of a neighborhood, or even a block, the Arlington Heights village board in effect ruled Tuesday.

* * *

IN A UNANIMOUS 6-0 decision the board voted to uphold the zoning board of appeals in rejecting a petition for rezoning of the southwest corner of Thomas st. and N. State rd. The LaSalle National bank, as trustee, sought rezoning of the corner, which adjoins the Northwest Suburban Medical center, for a service station and apartment buildings.

In 1955 the board okayed a zoning variation to permit construction of the medical building in an area of scattered residences.

R. A. Franzen, attorney for the petitioner, and Harvey Adams, 327 Carlisle pl., beneficiary of the trust, claimed in an August 5 zoning hearing and before the board that the 1955 variation made the adjoining corner lot useless for residential development.

* * *

COMMERCIAL rezoning has been fought by the 23 doctors with offices in the medical center and by some nearby residents. A petition with 75 signatures opposing rezoning was submitted to village authorities last week. Several other residents, however, indicated they did not oppose rezoning plans.

In a letter to trustees Dr. Keith G. Wurtz claimed that the board "promised" at the time of the 1955 permission not to rezone adjoining property. Tuesday Trustee Frederick A. Weber denied there had been any such promise but Dr. Wurtz contended that the board had made an oral agreement to that effect.

* * *

THE PROPERTY extends 141 feet on State rd. and 297 feet on Thomas st. Adams contracted to sell to an investor who proposed to lease a portion of the land to the Texas company for a gas station. The west portion of the lot would be used for apartment dwellings.

Proponents of rezoning declared that the medical center creates more traffic and dust problems than would a service station.

At one point during the board meeting Trustee Melvin L. Kurtz turned to Adams and, insisting on a "yes or no answer," sharply asked:

"Is it true that you made a public statement that if this rezoning were not granted you would put in single family residences and rent or sell them to colored people or whoever you pleased?"

Adams replied in the negative and was hushed by Kurtz when he tried to amplify his statement.

* * *

IN OTHER business the board:

—Ordered a new village census to gain additional motor fuel tax credits from the estimated 2,500 to 3,000 new residents who have moved here since the last census about 18 months ago.

—Tentatively agreed to waive $7,875 in annexation fees and to contribute $1,413 in water main costs when the site of the Northwest Community hospital and a new Episcopal church are annexed. Such annexation proceedings were begun.

—Put off for further study a request for a building permit for a new structure for Arlington Heights News agency, 211 N. Evergreen. Ridge-Park Community association protested location of building facing Princeton ave., at rear of lot fronting on Northwest hwy.

—Tabled an ordinance to vacate section of Wing st. from Hickory ave. to Arlington Market shopping center, after a shopping center representative said street will be needed for access to parking areas.

Builder Donates $5000 to Village

The village of Arlington Heights will receive about $5,000 from a builder in lieu of dedication of a tract of land for a park or school.

The village plan commission Monday gave tentative approval to a plat of Euclid Heights, a 50-home subdivision planned for the eastern edge of the village by developer Clarence Baustert.

BAUSTERT WILL donate to the village $100 for each home instead of complying with a rule requiring dedication of 5 per cent of the total tract area for public uses. The donation is the usual one where no dedication is made.

The project is bounded by Euclid, Miner, Phelps and Prindle. It adjoins property of the Arlington Heights First Methodist church on the east.

ACCORDING TO commission secretary Rudolph Lacina, the commission will probably approve a plan whereby a 1½-block-long stretch of St. James st. will not be cut through the subdivision (thus giving the builder several more lots) and in return the builder will pave the full width of Prindle st.

The church property extends from Euclid to Miner along what would be Prindle st. and Lacina said the church had not planned to extend St. James st. through its property.

Huge Parade In Arlington Saturday

One of the largest parades ever to assemble in Arlington Heights will step off at 10 a.m. Saturday from Arlington high school.

Including 5 bands, more than 50 floats, and a dozen special marching units, the parade will proceed east on Euclid ave. to Elmhurst rd., north on Elmhurst to MacDonald rd., and west to the Lions Aquacenter.

Euclid ave. in Arlington Heights will be closed to traffic from 10 a.m. to noon.

* * *

AMONG SPECIAL features of the parade are Miss Northwest Suburbs of 1957 and the Illinois Dairy Princess, both riding separate floats.

For the best float among civic groups, a cash prize will be awarded. A plaque will be presented to the best commercial float. Among judges for the parade competition are Mrs. Gerald M. Chapman, president of the League of Women Voters, and Vince Garrity of radio station WAAF.

The parade is being sponsored by Prospect Heights merchants and civic groups as part of that community's second annual Autumn Festival.

Police Capture Reckless Driver

A 21-year-old driver who crashed into a steel post and mail boxes at 3 a.m. last Sunday on Rand rd. north of Arlington Heights was turned over to Lake Zurich authorities by Cook county deputies.

Hugh A. Keays, 23, W. Main st., Lake Zurich, was chased to the scene of the accident by the deputies before being apprehended. He was then turned over to Lake Zurich authorities on a charge of reckless driving.

Schools Closed

Arlington Heights public elementary, junior high and high schools will be closed Friday in order that teachers may attend a meeting of the Illinois Education association.

Training Came Just Too Late

The Fred Johnson family of Wedgewood Terrace, a subdivision north of Mt. Prospect, somewhat ruefully announced this week that Sergeant, their St. Bernard dog, is back home.

Sergeant wasn't home last week though, and the Johnson home was burglarized as a result.

MRS. JOHNSON of 1120 N. Elmhurst rd., related that she left the house for an hour Wednesday afternoon, returned to find the television set, her jewelry and a collection of silver spoons valued at $250 missing.

And where was the family watchdog? For 2 months he'd been at a kennel for a training course.

In case any prospective thieves are reading, Sergeant, who weighs 125 pounds and rears up 6 feet on his hind legs, will be home from now on.

School Open House

Arlington Heights' 2 newest public schools will hold open house from 2:30 to 5:30 p.m. Sunday. The schools, which opened last month, are Miner junior high school at Miner st. and Dryden pl. and Westgate school at Grove st. and Dwyer ave.

Architects Launch Crusade Against Project Monotony

Two Arlington Heights architects have started a campaign to achieve more variation in home design and appearance in sizeable subdivisions.

* * *

M. JOHN MANOS and Robert E. Esbensen, appointed to the village architectural committee in May, this week launched their drive on behalf of greater eye appeal in new neighborhoods.

Manos, an outspoken young architect and graduate of Wittenberg college and Carnegie Tech in Pittsburgh, feels a number of existing housing developments have a monotonous sameness about them.

"Of course the homes have different roof lines and there will be half a dozen varieties of exter trim in one block," noted Manos, "but the homes look alike anyway because there may be only 2 or 3 floor plans used throughout the subdivision."

* * *

MANOS AND ESBENSEN, an architect for the Chicago YMCA, hope to convince builders to increase the number of basic designs available to buyers. Their efforts will be directed at persuading rather than forcing builders to fall in line, as the relationship of architectural design to the law is somewhat cloudy.

Builders have standardized their designs over recent years and are reluctant, reports Manos, to reverse the trend. They point to economies in construction when many homes, perhaps as many as 100, are built on the same floor plan, with only minor changes in roof lines, exterior coloring and similar features.

Manos agrees that there are immediate savings in such mass-design construction but maintains that property values would stay higher over the decades with more variation.

* * *

THE PAIR of architects have talked with several builders lately and Monday extended the scope of their efforts to all builders. As of Monday, all builders who are using the same design for many residences found a a small piece of blue paper pasted onto plans returned to them along with a village building permit.

The note read: "This building does not have enough variation with the others submitted within this development. Refer to Ordinance No. 801, Section 14 (B), and comply for future submissions."

Returned Wallet Restores Faith in Human Nature

A newcomer to Arlington Heights had her faith in human nature restored Tuesday.

Her trust in the natural goodness of people was battered about Thursday when her wallet was stolen right out from her living room while she was puttering about in the kitchen.

* * *

MRS. MARGARET P. Alveny just recently moved into a new home at 907 Stratford rd. and workmen were in and out of the house Thursday putting on finishing touches. About 4 p.m. she looked on the top of the television set for her wallet and found it missing.

What hurt her more than the loss of the $12 was the theft of her identification cards and driver's license.

Tuesday she received a phone call from a Park Ridge real estate operator who had gone to considerable lengths to return the wallet, minus cash, to her.

* * *

THE WALLET had been tossed behind the shower curtain in the bathroom of a model home the realty man was handling. A card left in the wallet didn't have the Alveny's new address but it did have the name of her dentist. The finder called her dentist to get the new address, then contacted Mrs. Alveny and offered to return it.

The housewife was doubly lucky — the purse-snatcher left a silver dollar in the wallet.

Another item taken from its owner was brought back, reported local police, but it was not actually stolen. Pasquale Danna, 624 Clarendon, walked out of a Dunton ave. lunchroom Wednesday and couldn't find his car.

* * *

TWENTY-FIVE minutes after he called police, a certain "Mr. Daniels" called to the station from Barrington to say that he had taken it in the mistaken belief it was the "loaner" car he had borrowed from a repair garage.

Tody's Comes Tumbling Down

A 2-story frame building at 17 E. Campbell, Arlington Heights, will come tumbling down this week.

Loeb Wrecking and Lumber co. of Lyons, Ill., began hand-wrecking operations Wednesday. The demolition will take about a week to complete.

The building formerly housed Tody's Lounge, which will move to a new building at 21 W. Campbell.

* * *

OWNER CLARENCE Tody said the lounge will open "sometime Saturday" in its new quarters. The place will seat about 60 and will feature a 39-foot long bar with a pumpkin-colored top and white trim. New fixtures and furniture are being installed by M. L. Brill and co., Chicago. A mirror will run the length of the wall behind the bar.

The building at 17 W. Campbell is being razed to make way for a new building for the Arlington Heights Federal Savings and Loan association.

Sue Village For Sewer Fee Refund

(CNS)—Arlington Heights has been sued for the return of $375, paid for connecting a new home at 505 S. Dryden to the village sewer and water system.

Parker and Oglesby, Inc., an Illinois corporation, filed the complaint in County court. Its counselor is Everett Lewy.

The property at the Dryden address in the village was held in the name of Jay K. Parker, officer of the company.

* * *

HE SOUGHT a permit January 5, 1955, to build a home there but was turned down unless he paid a fee of $375 for the privilege of connecting the house to the village sewer and water system, the suit stated.

Parker, insisting there wasn't any such ordinance then, paid the fee "under duress," the suit charged. (A

Arlington Federal Savings Plans Open House Oct. 20

More than 200 insured savings and loan associations of Chicago and Cook county will hold open house next week, October 20 to 27, as "Start to Save Week" becomes part of a country wide observance of National Thrift Week.

It will be "cider 'n doughnuts for everybody" at Arlington Heights Federal Savings and Loan association. The public is invited by association officials to drop in as refreshments are served from 2:30 to 4 p.m. on Thursday, Friday and Saturday afternoons of next week.

* * *

"SAVE" IS THE KEY word of National Thrift Week and the Cook County Council of Insured Savings associations, using the initials of the word, has adopted the theme, "Savings Are Very Essential."

"The average-size account, including those held by children, in Chicago and Cook county, is around $2,000," said Paul E. Collins, Arlington Heights Federal's executive vice president.

* * *

"MORE THAN A million people in Chicago and Cook county have these accounts," he said. "They have learned the important lesson that saving is a point of view—not left-over dollars. Getting a savings plan started and then continuing it regularly is what makes it possible for savers to have thousands of dollars in their accounts.

"In a period of tight money, this is not only a personal gain but a community advantage as the money saved becomes available to borrowers and helps them establish their homes." (A

Mrs. Scott, Mrs. Harris and Mr. and Mrs. Floyd Fulle of Dunton st., completed the group which also attended a local dance and ended up at the Scott home for late coffee.

Arlington Businessman Is Head of Unique Squadron

by BOB BUCHANAN

An Arlington Heights businessman is the commander of a unique squadron in the Air Force.

John K. Auld, 1009 Watling rd., a transportation manager, Sunday returned from 2 weeks active duty as commander of the 13th Aerial Port squadron, a reserve unit based at O'Hare International airport.

AULD, A lieutenant colonel who has seen service in both World War II and Korea, heads a reserve unit which is equipped with parachutists, men to direct personnel loading like a commercial airlines, and dropmasters who ready supplies for aerial drops.

Thirty-six of the 47 men in the aerial port squadron, one of 6 such units in the nation, completed 2 weeks of intensive training with their regular counterparts at Sewart air force base near Nashville, Tenn.

Three of the airmen are former parachutists and all were able to get in several drops. The 2 former airborne men and the other, who worked with the Lithuanian underground during World War II, continued their work as members of a combat control team. The team directs the mass parachuting of airborne troops onto drop zones during wartime.

* * *

COL. AULD also supervised the other aerial portsmen in packing huge parachutes for parachuting jeeps, 120mm weapons, and 1,000 pound resupply bundles as well as seeing that they are properly secured in the aircraft.

"We're to the air force and the airplane what the dock worker is to the ship," Col. Auld remarked. "We must know the proper weights and balances in order to not overburden a plane on take-off. Also we've got to tie the cargo down so it won't shift in the air. When cargo comes loose in the air, it's like trying to stop a raging bull with your bare hands. It's our job to see that such things don't happen."

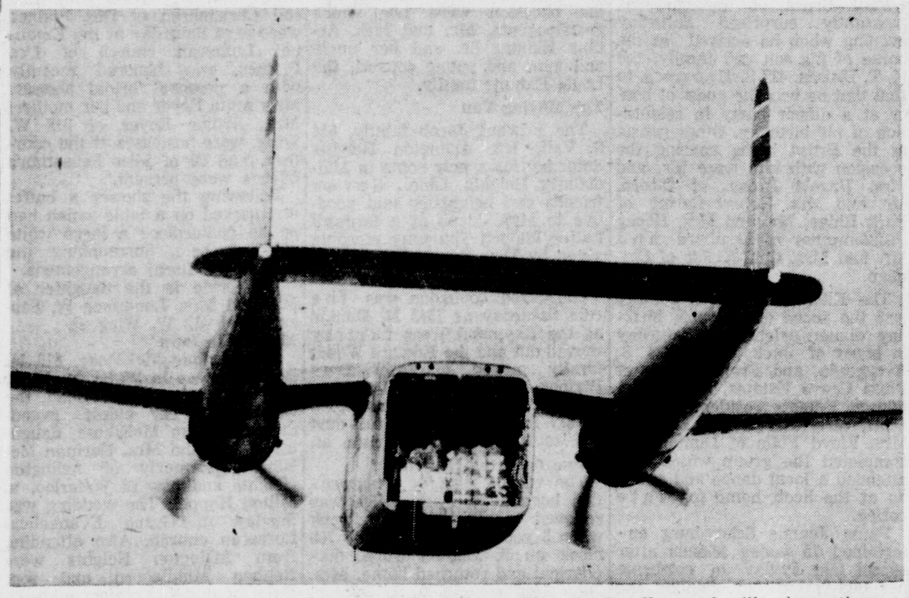
COL. AULD knows his job. In World War II as a lieutenant in the quartermaster corps assigned to the army air force in the Pacific, he directed cutting 2½ ton trucks in two, flying them from Australia to New Guinea, putting them back together again, and using them to support the troops. For this, his outfit received the Presidential Unit citation in 1942.

At the close of the war, he returned to work with the Union Tank Car Co. in Chicago, only to be recalled for 8 months duty in Japan and Korea when the Korean conflict broke out. Col. Auld was attached to a Chicago reserve squadron until he was appointed commander of the 13th Aerial Port squadron when it was created in February 1955.

LIKE MOST other reservists, he's ready and willing to offer his specialized services if they are needed.

Auld realizes that without a strong national defense which is ready at a moment's notice there would be little need for civilian peacetime occupations should the United States be over run.

LOADED AND READY for transport to a waiting plane for parachuting on a drop zone is an Air Force jeep. Lt. Col. John K. Auld (on ground), 1009 Watling rd., Arlington Heights, commander of the 13th Aerial Port squadron, supervises the loading during 2 weeks of active duty training at Sewart air force base near Nashville, Tenn.



BUNDLES READY for dropping have been prepared by members of the 13th Aerial Port squadron. The men packed the parachutes, tied down the bundles, and will release them at the proper moment.

Presbyterian Men To Hear Dr. Stumpf

Dr. Paul L. Stumpf, minister of the Presbyterian church of Arlington Heights will tell of his experiences in Japan when he addresses the men of the church Monday, Oct. 21, at their regular monthly meeting. Dr. Stumpf will illustrate his talk with slides made from pictures taken by him in the Land of the Cherry Blossom.

The meeting will start at 6:45 with a dinner by reservation only.

Travel Series Starts Tuesday

The Travel and Adventure course of the Arlington high school Adult Education division will have its first lecture at 8 p.m. Tuesday, in the Boys gym of the school. Season registrations are still being accepted for the 12 lectures.

"Germany Today," narrated by Russell Wright, will open the series. The spectacular all-color picture is a film story of present-day Germany, a nation on the borderline of two worlds, the free and the Soviet dominated. The picture covers a vast amount of geography, but in addition presents a vivid portrayal of the life of the Germans today. From colorful Bavaria, the Rhine country and the Ruhr to Schleswig-Holstein, the film shows the panorama of one of the most energetic nations in Europe.

A STRANGE KIND of life is shown at the iron curtain border areas, scenes like the one of a farm half in West Germany and half in the Russian zone, with the farmer unable to work the Russian half for fear of arrest or shooting. One town is shown with the huge board fence which has been erected through the center of its main street.

The scenes of the city of Berlin show a city unique in the world today. A city behind the iron curtain, it is part slave, part free. There are ruins, terrorism, and peace, and thousands of refugees. Although there are unemployment and people struggling to earn a living, the population refuses to abandon hope.

The pictures brought back by Wright reveal much of the life in the city, a truly amazing documentary. There are "sneak shots" from the Russian side, cleverly filmed communist black marketeers plying their trade, and a huge stadium filled with people at worship in defiance of the hindrances by Russian authorities.

But not all of the scenes are of want and deprivation: family life in the intimacy of a home with children, beautiful sequences of the incomparably beautiful German countryside make the film a journey of pleasure as well. (B8

Suburban Juvenile Police Officers Attend Institute

The first major project of the Juvenile Officers' Association of Cook County, a police juvenile officers training institute, began October 8.

Among the registering police officers who work specifically with juveniles are: A. E. Kranz, Mt. Prospect; Earl Pearson, Raymond F. Hankner and Chief Glenn S. Ford, Northbrook; Robert Centner and Fred Hahn, Palatine; Chief Cy Campbell, Bert Trager and George Gallanis, Rolling Meadows; and Sgt. H. Koeppen and Lt. A. Krause, Wheeling.

* * *

THE COURSES in the control, treatment and prevention of juvenile delinquency will be taught at the Downtown Center of the University of Chicago, 19 S. LaSalle st., which is cooperating in the institute.

Sheriff Joseph D. Lohman and his staff are developing the content of the training sessions. The Sheriff, a nationally-known criminologist, will instruct the first class.

* * *

THE INSTITUTE will have one session each week for 10 weeks. The last 5 will be a refresher program for senior juvenile officers with previous experience, as well as a continuation of the basic course.

Lt. Howard Heinen, association president, said, "This institute is not a fleeting look at the juvenile problem. Rather, it is a thorough examination of local problems and procedures in the field."

Sheriff Lohman commented, "This is the first time a program of this nature has been undertaken in the United States. We are addressing the teen-age delinquency problem as it exists —on a metropolitan basis."

Invited to send juvenile officers to the institute were the 105 police jurisdictions in Cook County, and the sheriffs' offices and 30 nearby police departments in DuPage, Kane, Kankakee, Kendall, Lake, McHenry and Will counties.

* * *

TOPICS OF THE institute will include understanding the delinquent, working classifications of delinquents, the framework of delinquency, the juvenile law, the family court, the juvenile officer's conception of his role and the juvenile officer's role in delinquency prevention and control.

Both basic and advanced students will receive information on population trends in the Chicago metropolitan area, techniques and procedures in police case referral, problems in legislation affecting juvenile officers' services and case studies in delinquent motivation. (Bi

Hansel and Gretel Players Perform at Hospital Fair

Lu Staahl Studio of Modeling and Dramatics presented the Hansel and Gretel Players, Young people's theatre in this area, Saturday, Oct. 12, in a 13-skit program based on the children's classics, at Recreation Park in Arlington Heights. This was in conjunction with the fair given by the women's auxiliary of the Northwest Community hospital program. The Hansel and Gretel Players performed all day to entertain children brought into the "Chicken Coop," the baby-sitting service of the fair.

Production end of the show was handled entirely by the teen-age actors headed by 2 executive officers; Linda Wilds of Palatine, secretary-treasurer; assisted by President Jan Wagner of Arlington Heights, Kery Kurtz, Ann Warren, also of Arlington Heights and Judy Hunter of Prospect Heights.

Prior to their style show, the teen models, headed by Sandy McDonald and costumed in fashions spanning 100 years, took charge of the tiny tots in the Chicken Coop. Assisting were Arline Kelley, Mary Sue Knopp, Kathy Newburg, Diane Thorsen and Linda Burke, all of Arlington Heights. The models also doubled for the make-up crew.

* * *

THIS SHOW was the third in a series of annual performances which the Hansel and Gretel Players, ranging in age from tots to teens, have presented to benefit the Northwest Community hospital. First was the play "Hansel and Gretel" from which they derived their name; the second was a full-scale fashion show sponsored by the Hi-Pal club with fashions from the Lorraine Ann shop; the fourth, a 1958 benefit, will go into production almost immediately.

Besides these annual full-scale shows, this active group has presented an annual Christmas program for the old folks home in Arlington Heights, and also small skits upon request for the entertainment program of various community organizations.

Invitations to perform are accepted whenever possible because of the growth and development in poise and self-assurance they provide these young students.

Further information about the group may be obtained by calling CL 3-3037 or CL 3-3113. (S

First of all, tell him the sympton of the trouble . . . like a distorted picture at times . . . sound going off, and so on. Freezer Is Stocked

The Herman Koememan's freezer is stocked with fish now that he has returned from a fishing trip to Park Rapids, Minn. He went with Tom Johnson, Harold Erickson and Gene Murawski and they stayed in a log cabin, cooking their own meals, including much of the fish they caught. They found real Indian summer there and did much of their fishing in their shirt sleeves.

Sharon and Karen Koememan sold popcorn at the St. James Bazaar "Carnival of Fun."

The Bernard Battaglias are entertaining his mother, Mrs. Frank Battaglia, and her sister, Miss Helen McCabe of Meadville, Pa. They expect to be here 2 weeks.

Mrs. William Broadfoot is home from the hospital after undergoing an operation. Friends and neighbors wish her a speedy recovery.

Extend Sympathy

Friends and neighbors of the Roland Smith family wish to extend their sympathy in the death of Mr. Smith in Texas last week. The Smiths moved into the Burlingame home 3 weeks ago. Mr. Smith leaves his wife and 3 children.

The Lyle Huntleys are entertaining her sister and brother-in-law, Mr. and Mrs. Dale Tipp and their baby from Palo Alto, Calif. Mr. Tipp is in the navy and is being transferred to Virginia Beach, Va.

Those who know the Bernard Ladenthin family will be sorry to learn of the death of his father in Skokie 2 weeks ago.

Celebrates Third Birthday

There was celebrating at the William Logue home October 14. Mary Ann was 3 that day and had a birthday party to celebrate. Guests were Peggy and Tommy Wall, Michael Gutman, Nita Furlong, Dougie and Kenny Erickson, John and Michael Locascio, Janice Dale and Mary Ann's brother Billq. A special guest was Grandma Kelly, who came from Lincolnwood to spend the day. The day before her birthday the Logues had open house for several relatives who came out to help her celebrate her birthday.

Attend Opening Night

Mr .and Mrs. William Rudy and Dr. and Mrs. Frank Psota spent a memorable evening October 11. They began with dinner at the Pump room and then attended the opera opening of "Othello." Not only was it thrilling to see the glamour of opening night, but they reported that the opera was excellent, getting fine reviews from even the severest of critics. During the intermission, Mrs. Rudy and Mrs. Psota had the pleasure of meeting the radio personality Mary Merryfield and her husband, news analyst Maurice Merryfield.

Friends of Grace Ekstrand will be sorry to learn of the death of her mother last week in Chicago.

Felicitous; happy in expression. "His felicitous state of mind was due to a recent business success."

Consumers Takes Ready-Mix Case to Court Dec. 3

(CNS) — Consumers company will appear in Circuit court on December 3 to keep its batching and ready-mix plant along the railroad tracks in Arlington Heights.

According to the suit, filed by Union Chemical and Material corporation, owner of Consumers, the village of Arlington Heights has ordered the company to remove the $200,000 plant as it allegedly is violating a village zoning ordinance.

THE COMPANY also asks Circuit court order the village issue it a license if the municipal code requiring a license for batching is legal.

According to the suit, Consumers company leases the 730 foot long strip from Arlington Elevator and Material company, which leases it from the Chicago and North Western Railway company.

From 1919 to 1953 Arlington Elevator used the strip for storing building materials and coal, the suit said. Arlington began mixing concrete on the site in 1925, and continued to do so until they sold the mixing portion of the business to Consumers Company in 1953, according to the suit.

WHEN CONSUMERS applied for its second license for batching, at the end of 1955, the village refused to issue it to the company, the suit said. At this time the village allegedly informed the company it was in violation of a 1927 zoning ordinance which zoned the strip for commercial use.

The village allegedly contends Consumers are manufacturing and selling the concrete mix on the site, which is in violation of the ordinance.

Consumers contends it is batching the concrete on the site, and mixing it enroute.

Consumers said it spent $50,000 building a material building on the former site of 3 coal silos. Four other silos were torn down to provide parking space for ready-mix trucks, the suit said.

CONSUMERS would spend $175,000 if forced to move the business, the suit said.

The suit contends the company complied with all the village's demands when the village refused to issue them a license for 1956. A pan under a conveyor was installed to keep water and sand from falling on cars on Northwest highway, a traffic pattern was worked out with Arlington Heights police wherein trucks now park on the tract instead of on the road, although they have a right to park there, the suit contends.

Also, at the village's request Consumers installed dust collectors, a noiseless vibrator is now used in unloading cement cars, closed trucks now mix the concrete enroute instead of carrying the material to the site in open trucks and mixed at the construction area, the suit said.

* * *

CONSUMER now operates from 6:45 in the morning to 6 at night, with only a rare delivery of bulk material, the suit said. Sheet metal has been installed around the elevator to keep rocks and gravel from falling on the highway, the suit said.

An independent laboratory has been hired by Consumer to take dust samples around the village to determine how much objectionable dust is escaping from the plant, according to the suit.

The present site is advantageous from a competition and profit point of view, the suit said, and also serves a service to the community.

CONSUMERS HAS denied the village's contention that Arlington Elevator batched material only intermittently, and that it was a special operation.

The suit asks Circuit Judge Harry Fisher rule Consumers is a non-conforming use if the court should decide Consumers is in violation of a zoning ordinance.

Annual Night Of Harmony Set

The Arlington Heights Barbershop Singing chapter was put through its paces last Monday evening in preparation for the seventh annual "Night of Harmony," November 23.

Director Chuck Lukes who is capable of singing all four parts of a barbershop quartet, led the chorus through an enjoyable two hours of song and fun.

PRESIDENT John Roberts again expressed the desire to have every member of the chapter bring in at least one visitor, each week, who likes barbershop quartet singing.

In this way, new friends can be made and an enjoyable and entertaining evening can be had by all through the singing of many of America's great songs.

Anyone interested in the barbershop quartet type of singing is invited to attend the chapter meetings held at the Arlington Heights park district fieldhouse every Monday night at 8:15 p.m. For further information call Bob MacAskill, CL 5-1797.

Daughter Kathy turned 7 Sunday and guests at her party were Marcia Myers, Jackie Schmitz, Kathy Wallner, Suzanne Quigley, Barbara Stephani, Susan Henn, Renee Johnston, Mike Madden ,Donna Ortman and Pam and Lynn Herdrich. A pleasant and relaxing weekend at the Wagon Wheel was enjoyed by Jeanne and Ed Huster, 1411 Fremont and Mr. and Mrs. Peter Klauss of Skokie. The couples met on their honeymoons and were celebrating the mutual 10th wedding anniversary.

Farewell to a Friend

Sunday, Oct. 13, it was 4 years that Louise Miller first became associated with Reuter's Westgate and it is on the anniversary of this day that she terminates her employment. In this time she has become well known to all and Westgate shall not seem the same without her. Louise asked this reporter to convey her profound warmth and friendship, kind gesbeing unduly sentimental, she is tures and invitations. Without sincere in claiming her time spent among us a "labor of love." She promises to keep in touch and wishes happiness and prosperity for her many friends in Westgate. Residents wish the same to Louise Miller in her new venture.

Workers Ask End of Hours On Saturday

Arlington Heights village hall, open until noon on Saturdays now, would be closed all day if a request of village employees is adopted.

A group of 20 employees Tuesday submitted a petition to village manager F. R. Buechner asking that all offices be closed Saturdays. As things now stand the employees' weekends "are reduced to 1 day," read the document. Rather than reduce the quality of services, the switch would improve them, it added.

* * *

MALE EMPLOYEES, except for police and firemen, work a 44 hour week now and women work on a 40-hour basis.

The request was referred to Buechner for consideration. (AF

Arlington Youths Trick or Treat For UNICEF

Members of the Methodist Youth Fellowship of the First Methodist church in Arlington Heights will play "Trick or Treat" to raise money for the United Nations International Children's Emergency fund. Senior high members will go from 7:30 to 9:30 p.m. October 30 and Intermediate members will have their Halloween fun from 7:30 to 9 p.m. Thursday, Oct. 31.

Last year more than 1½ million American youngsters in some 7,500 communities joined in making a gift of $1 million to UNICEF. A UNICEF Halloween is traditional with spooks, witches and goblins and retains all the fun of ringing doorbells, parties and the collecting of treats in the form of pennies, nickels and dimes.

Young people of Arlington Heights ask that parents be prepared to greet them. In preparation for these plans, the group will see "Assignment Children," Sunday, Oct. 20, Paramount Picture featuring Danny Kaye when he went around the world on behalf of UNICEF. (A

Two Stars of Comedy Share An Enthusiasm for Acting

Although Kay Hawley is playing the senior member of the office girls in "Desk Set" and Judy Jo Cox will be seen as the junior member and office "baby", and although Kay is a charter member of Village Theatre Inc. and Judy Jo has just paid her dues, they have one major thing in common.

Both have done all phases of theatre work, and both readily admit to liking acting best.

* * *

KAY, WHO LIVES at 45 S. Ridge, is the mother of three children, Roberta, 14, Richard, 12 and Virginia, 6, and is married to Bob Hawley, who is well known to village audiences for his leading parts in local plays.

Judy Jo, whose address is 104 S. Highland, is a 1956 graduate of Purdue university, a speech correction teacher at Park and Dryden schools, and has yet to meet her husband.

* * *

MOST OF KAY'S experience on stage has come with Village Theatre work, including the part of the housekeeper in "Night Fust Fall," first play ever given by the group. Since then she has appeared in the leading role in "Angel Street" and as Mrs. Larrabee in "Sabrina Fair," among others. She has also directed several children's shows and will serve in that capacity for "Jack and the Beanstalk" in December.

Playing her first role with Village Theatre, Judy Jo took part in the art in college, where she was a member of the Purdue Playshop. She was seen in the lead of "The Moon Is Blue" and in a major role in "Mrs. McThing" and also worked backstage many times. Last year, when she came to Arlington from Crawfordsville, Indiana, she helped with make-up for Village Theatre's "Sabrina Fair" and for the PTA Winter Revue.

A SECRETARY before her marriage, Kay now devotes her spare time to Sunday school work in the First Presbyterian Church of Arlington Heights and to acting and writing. She has written scripts for Village Theatre's talent bank and for the Arlington Heights Woman's club.

Judy Jo prepared for her present position with the Arlington Heights schools by majoring in speech and hearing therapy at Purdue, where she was a member of Kappa Alpha Theta, social sorority, and Mortar Board, honorary for senior women. Both her parents were also teachers, her father serving as superintendent of schools until his death and her mother now teaching fourth grade. As hobbies, other than acting, Judy enjoys water skiing, bridge and music. (ACM

It's the fear of not knowing what is wrong with us physically that drives a person crazy. After you have gone to your doctor, and he has advised you of your particular illness then most of us arise to the occasion and meet our problem with faith and courage.

Doctors have but one thing in mind and that is for you to get well — we follow through by filling your prescriptions **with knowledge and the best ingredients.** It's as the man said, "We have nothing to fear, but fear itself." If you've been feeling lousy lately, don't wait, see your doctor immediately. Man, health is the most important thing you possess, so treasure it.

There are many problems that we must face during our life's span, but it is so much easier to face them if we have health. It is our earnest desire to compound your prescriptions with all the knowledge and we want you to have faith in us. S-o-o-o if you're not feeling up to par, make an appointment with your doctor and get back to that wonderful "healthy feeling."

Travelers Visit Historical Castles, Sites in Vienna

Continuing their trip through several countries in Europe, Dr. and Mrs. Nichols tell of their arrival in Vienna. Last week's installment covered their experiences in Munich.

They are not using a part of a "guided tour" and consequently visit may places often missed by the American traveler.

The train ride to Vienna will go down in their travel diary as "the battle of the seats."

Like other passengers for trains without reserved seats, they went to the station very early, standing guard over their luggage. The platform was heavily populated before the train arrived. They found compartment after compartment had been filled by corridor standees from Munich, but finally found one seat. Dr. Nichols joined the standees.

Hotel Munchnerhof, Hilerstraesse, is a street so brilliantly lighted that people who know West Berlin call it the Kufurstendamm of Vienna. The opera house is now fully repaired from the bomb damage. The repairs of St. Stephen's church are not complete, but its beauty still contents the soul.

Two massive columns, sculptured high in a stone, relate the exploits of Holy Roman Emperor Charles in ousting from Vienna the Turks in the 1630's.

A visit to Schonbrun and the Gloriette and the museum was interesting. It was the palatial residence of Empress Maria Theresia. Adjoining was the display of coaches which all ages of royalty used up to the death of Emporer Franz Joseph on 1916.

The old Hofgarten terrace was reached in time to see the last showing for the day of royal rooms in this gigantic palace.

As they walked over the imperial bridge the river which is generally a light green, in the distance, was shaded off to a blue green, which might give slight substantiation to Strauss' "Beautiful Blue Danube."

At one end of the bridge was a shabby red plaster monument crowned by a star which expressed Austrian gratitude to the Russian soldiers and sailors who had liberated Vienna, obviously put up by the Russians themselves.

Vienna Woods is not a city park but a carefully cultivated forest with villages outside of Vienna. Entering this forest the visitors arrived at the Monastery of the Holy Cross, so called because a part of the structure is in care of the Monks, who cherish a reputed piece of the Holy Cross.

It proved to be a very ancient and interesting ecclesiastical construction with chapel, chapter house, sacristy, etc., all very interesting architecturally, and of course, cold and damp. It dates back to the time of the Crusades.

The Nichols drove through a lovely gorge to Mayerling, the hunting lodge where Crown Price Rudolph and the Baroness Vetsera met their tragic end. It bears no resemblance to the lodge as Franz Joseph gave it to a very strict order of Nuns, tearing down the part where Rudolf's room had been and building an ornate chapel there.

An American engineer born in Austria, told us that in his youth it is believed that the Emperor had decided that his son was unworthy of the responsibility that would some day be his, and did away with him.

After passing through 2 ruined fortresses of "robber barons" high on the hills was an extensive sulphur spa, Baden, where the Russians had one of their occupation headquarters.

Returning to Hofburg a visit was made to an exhibition of Hapsburg treasures including imperial crowns, coronation robes and ecclesiastical vestments and ornaments.

The chief items are crowns of the Holy Roman and of the Austrian Empire, the coronation costumes, the sword of Charlemagne, the cradle of Napoleon's son, the King of Rome.

Rezoning Session Slated Tuesday

Community officials in northwest and north suburban Cook county will learn details of the comprehensive rezoning plan for unincorporated areas of the county at a meeting Tuesday.

iVlage presidents and mayors have been asked to send representatives to the meetings and invitations have also been extended to township supervisors and property owners' associations.

The Chicago planning firm of Harry F. Chaddick and Associates is currently studying rezoning of the 400 square miles in the county not yet incorporated. A spokesman for the firm said the purpose of the meeting with local officials is to explain the aims and scope of the project and to enlist the cooperation of suburban communities.

THE COOK COUNTY board of commissioners last year retained the planning consultants at a cost of $500,000. The work is expected to take another year to complete.

Chaddick and George H. Kranenberg, technical director of the project, will attend the meeting, to be held at 8 p.m. in the Des Plaines city hall. (B8

KICKIN' IT AROUND

by BOB PADDOCK

STATE WRESTLING tournament finals will be held at Arlington! The meet that alternates between downstate at Illinois and "up north" usually at Proviso has been awarded to Arlington, thanks to the superb job of operating other state sectionals and regionals by the administration. It is a compliment to the way superintendent H. L. Slichenmeyer and athletic director Wally Grace operate, treating competitors fairly and handling fans efficiently.

WALLY GRACE

It is a first for Arlington. Heights has been host to 2 sectionals in wrestling, 5 sectionals in basketball and 1 regional in basketball. These tournaments have been run like clockwork, with last year's midnight run of the sectional wrestling meet the result of no eliminations before the sectional. But in every case Al Willis of the IHSA has been more than pleased with cooperation of Arlington officials, prompt reporting of receipts, etc.

This year there will be district eliminations as well as 8 sectional eliminations in wrestling. Winners and runner-ups in each of 12 weight divisions of each of the 8 sectional meets will come to Arlington for the state finals. That means 192 competitors who will need lodging and food. There will be additional dozens of coaches, officials, members of the press and fans, including college scouts and coaches.

◂▸

INTERESTINGLY, the tournament was scheduled for Proviso this year, where L. J. Knoeppel, former Arlington superintendent, is now superintendent. Proviso, though, is on double shift and is in the midst of a building program. Illinois will be host to the Big 10 wrestling meet that same weekend, making it mandatory some northern school be selected. Arlington was picked, which will enhance the reputation the local school has been gaining in educational and sports circles.

All 4 Arlington fall sports teams currently involved in "championship competition" of the WSC have identical 3-1 records thus far.

Can you follow this? All freshmen not competing in Hinsdale frosh 'A' game 2 weeks before will compete Tuesday, Oct. 22, against Hinsdale 'B' team. All freshman gridders competing in the Hinsdale frosh 'A' game 2 weeks before will compete in Downers 'A' game Tuesday, Oct. 22.

The JV game with Downers will be held Monday on schedule, but Downers requested the frosh 'B' tilt delayed 'til Tuesday.

Fans can appreciate the headaches of frosh coaches Ed Aldrich and Rusty Dowell in seeing the right group of boys boarding the bus for Downers Tuesday and the correct 1 staying at home to face Hinsdale.

MICHIGAN STATE'S 2 oldest grid rivalries—with Michigan and Notre Dame—continue to be its most successful ones at the gate. The clash Saturday at Ann Arbor between State and Michigan before a full house of 101,001 fans marked the tenth consecutive sellout crowd to see the 2 teams. In the period since 1948, nearly 800,000 persons have attended Spartan - Wolverine tussles, with the crowd of 101,001 last year at Michigan Stadium the largest.

When State meets Notre Dame at East Lansing November 9, a sellout crowd of 76,000 is expected to be on hand. The capacity audience will constitute the ninth straight sellout in the series since its modern renewal in 1948. In the 9 games played, nearly 450,000 persons have been in attendance with the largest single gathering the 59,378 that saw last year's game at Notre Dame.

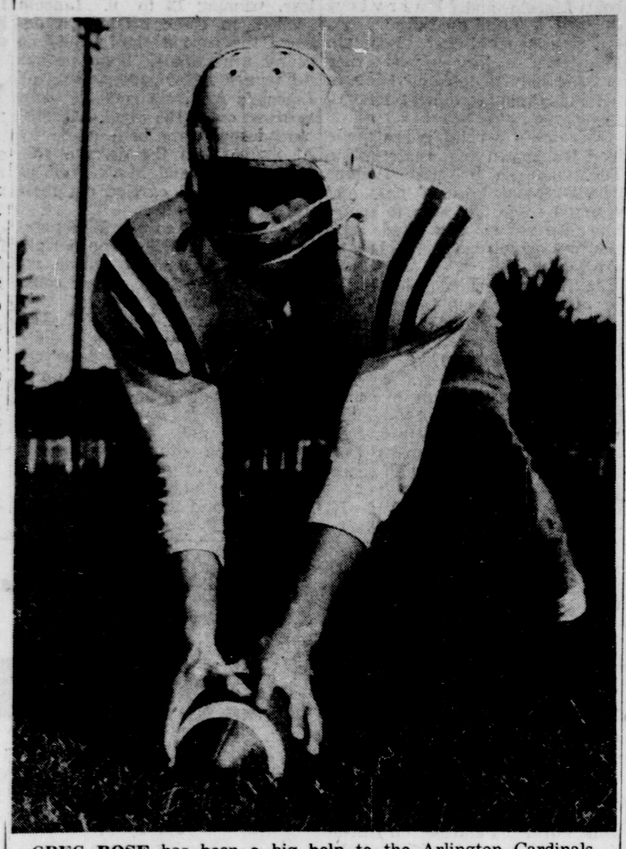
Cards Hope to Recoup Against Downers



GREG ROSE has been a big help to the Arlington Cardinals this year as inside linebacker on defense and center on offense. He's been going both ways, attesting to being in shape and not handicapped by injuries as in former years. Greg was down with the flu early last week, though, hurting his stamina against Maine. He's a 187-pound senior who stands 5-11, a boy with good judgment who calls defensive signals for Coach 'Bus' Ormsbee's varsity gridders.

Heights Sophs Still Leading WSC Conference

Maine may have pushed Arlington out of first place in 2 divisions of the West Suburban conference over the weekend, but the frosh-soph football squad from Heights is still up there, tied with the young Demons, and is determined to stay there.

This week Coach Bill Beckman's frosh-soph gridders will play host to Downers ,possessors of a 2-1-1 record, including 20-0 over York and 12-0 over Glenbard. Downers sophs had a scoreless tie with LaGrange and lost to Maine, 13-0, the same score of Heights' loss to the young Demons.

* * *

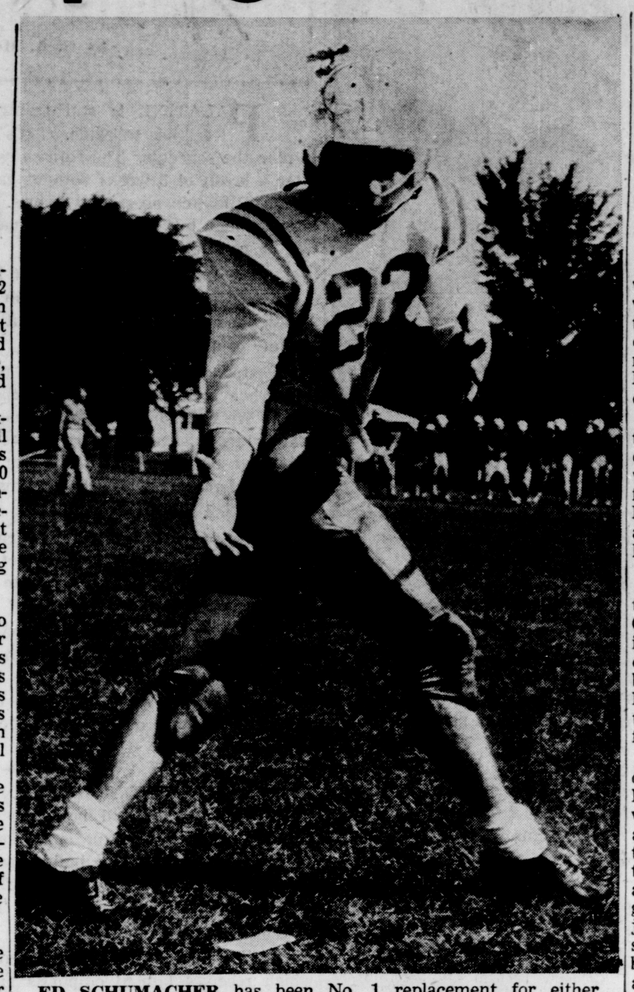
IF ARLINGTON can play up to capabilities, the second year sophs will take a victory. Flu has hurt Heights, including 29 boys out Monday, but other schools have been hurt as well. Coaches hope the locals can come through with enough boys Friday well enough to cop this victory.

Heights frosh-soph made many mistakes in fundamentals against Maine last week, with the co-leaders of the conference taking advantage of them. Maine controlled the ball two-thirds of the time. That usually means the ball game (and did).

* * *

BOB OWEN suffered a couple of fractured ribs in the Maine game, and won't be available for the Downers contest. Card sophs will have to improve their offensive blocking, which was poor against Maine.

Three boys have gained some attention with Downers, including Peifer, a good quarterback, plus a pair of tricky halfbacks, Janoski and Perkins. (Sp



ED SCHUMACHER has been No. 1 replacement for either halfback on the Arlington football team this year, doing a good job when called in. He lacks size and speed (5-9 and 143), but more than makes up for it with desire and love for football. Ed is one of the fastest reacting boys on the team for the first 3 or 4 steps, a sure tackler on defense. He's very coachable, a boy who wants to improve and who's willing to take criticism. Ed saw a lot of action at halfback in '56.

Varsity Must Win to Keep Chances Alive

Arlington's varsity grid squad will attempt to make amends for what happened at Maine and return to the business of winning conference football games Friday night when they play host to Downers Grove in a doubleheader starting at 6 p.m.

Maine outmanned Arlington in that game Friday night as predicted, though Heights coaches were hoping for top physical performance and an upset of the Demons. Such was not to be, and the Cardinals absorbed a 26-0 licking.

* * *

"THE DESIRE to win was there," stated Coach "Bus" Ormsbee, "but the physical handicaps were too costly. We're counting on our boys coming back strong this week against Downers, a team that could be a thorn to any team if operating full strength."

Downers tied Naperville in its opener, then lost to Maine and LaGrange. Trojans came back to whip both York and Glenbard, and will bring a 2-2 league mark to Heights. Downers has the potential and will be in high spirits after last week's performance against Glenbard. There are 6 juniors among Downers' offensive starters, which may be a handicap this season but could be a big help for next year.

* * *

CARD OFFENSE was held to just 93 yards against Maine. It will have to do a lot better to insure victory over Downers. Flu caused many boys to miss practices, most of whom have now returned and are getting back in shape. The others, though, are now among the missing, so the Cardinals, like the Trojans, will once again probably be at something other than full strength.

It will be 'A' men's night with all former 'A' winners, since graduated, being guests of the management. (Sp

Ten Pin copped 2 games from Jeffery Lanes at Barrington.

Stan Juhl

Al Valentino led the Hi-Way bowlers with 628 followed by Len Koelper with 613 and Irv Hahnfeldt with 610. Irv's 232 was a big help in copping the first tilt, followed by a 223 the second contest. Irv tapered to 155 the third game, however. Valentino's high was 223 with Koelper hitting 222. Ward Siewert led Beverly with 601, including a 221 tilt. Beverly hit 2778 for series.

WSC Cross Country Meet This Saturday

It'll be LaGrange, Maine, Arlington, York, Downers, Hinsdale, Glenbard and R-B in the West Suburban cross country run Saturday morning, according to predictions, but coaches plan to run the meet, anyway.

Conference championship is determined by sum of position finishes in both the duals schedule and tournament in both varsity and frosh-soph divisions. Team with lowest total will win the overall title.

THE TOURNEY will be held in Western Springs, west of LaGrange, at 10 a.m. Local fans can attend by somehow getting on Wolf road south of O'Hare field, driving south to 47th street, then heading west a few blocks until arriving at the field.

Each school is permitted to enter as many as 10 boys, though only 7 can run. Competition is in both varsity and frosh-soph divisions, the latter the first time.

* * *

VARSITY entries announced by Coach Russ Attis are Alan Hutchinson, Bill Dodge, Ron Marks, Ken Courter, Bob Taggart, Ronald Schroeder and George Luedke. Several boys have been down with the flu, decimating plans of coaches from day to day. In addition, oJhn Anderson has a leg giving him trouble, and may be forced to drop the sport.

Frosh-soph entries, as selected by Coach Bob Meissner, will include Dave Palmer, Bob Johnson, Chuck Phelan, Mike Field, John Newhard, Ken Anderson and Ken Dougan. If any of these boys are unable to run, alternates will be selected from Dave Adams, Don Henry and Jeff Louthain. (Sp

Arlington JV Tops Maine Monday, 13-7

Arlington's junior-varsity gridders tripped Maine Monday, 13-7, after the Demons had scored in the second period on a short run.

Heights came back with 2 touchdowns in the fourth quarter. A 25-yard pass from Ken Hadlund to Ken Lussow brought the first 1. A dive over the middle by Jeff Heintz counted the other.

Prospect Heights Downs St. James and St. Peter

"Pudgie" Garafolo banged out 3 hits to lead his mates to an 8 to 5 win over St. James. He started the 3 run assault in the very first inning against St. James and then added insult to injury in the second inning by driving in two more runs with 2 mates aboard. He wasn't quite satisfied with this however and decided to get a few more insurance runs in the fifth by lining a single with the bases loaded. Doug Vaughn was the winning pitcher for Prospect Heights.

St. James had its last inning rally vanish into thin air as Dickie Gay came up with a fine running catch on Robertson's line drive with two aboard and Joe Morrealis hauled down Smith's hard smash to center to end the game and give Prospect Heights its second victory of the season.

* * *

CHUCKY HALVERSON again directed his Prospect Heights "B" squad mates to victory over a hard fighting St. James "B" squad.

Prospect Heights pushed across 5 big runs in the extra inning but had to hold off a St. James rally in their half of the inning which accounted for 3 runs before Prospect Heights could claim victory as theirs. George Renner took credit for the victory.

* * *

TWENTY-FOUR Prospect Heights "A" lads saw action and contributed to a one sided 21 to 16 victory over St. Peter Lutheran. St. Peter Lutheran opened the scoring with 3 runs in the first but Prospect Heights came back with 5 runs. They opened fire for good in the second inning with a 15 run outburst but were held scoreless until the final inning when they scored one run on Dickie Gay's double and Card Davidson's and Don Cashmore's singles.

St. Peter Lutheran came close to proving the old adage "the game is never over until the last man is out" when they pushed across 12 runs in their half of the inning only to see their last glimmer of sunlight fade in the dusk when Meyers flied deep to Iverson with the bases loaded.

Doug Vaughn was the winning pitcher and aided his own cause with a home run with two aboard. (Sp

PALATINE is still trying to open its Tri-County Conference schedule. Let's hope nothing happens this week to mar the schedule. The Pirates will play North Chicago Saturday after a layoff of 3 weeks without game competition. That may help or hurt their chances, who knows. A team needs competition for improvement but the Palatine squad is limited and at least there will be no one out with injuries.

The Pirates have to play at Elmwood Park Tuesday, making up the game postponed from October 5. That is a rough assignment with 2 days rest but there was no other time the game could be played.

Postponement of games due to flu bring up the question of just when is it justifiable to postpone or fail to play a scheduled game. We will admit we do not know the answer but we are afraid that unless a league has strict rules in this regard coaches will take advantage of the situation and use the precedent of this season to get out of playing when their teams are not at full strength due to injury and illness.

The constitution of the new Tri-County Conference has been made but not adopted as yet. Certainly the basis for postponements of any kind needs to be carefuly defined to avoid future difficulties.

The present football season will be concluded before the next meeting of the principals at North Chicago in November. At that time the league constitution will be adopted. The heads of the member schools with the help of the athletic directors have attempted to write out athletic policies to take care of any problems and situations.

◄►

NEXT WEDNESDAY, October 24, the Tri-County Conference will hold the first group athletic event they are sponsoring, the league cross country meet. Elmwood Park will be the site of a run for both varsity and frosh-soph groups. The league will award medals for the first 10 individual finishers in the 2-mile grind in both divisions. The school winning the varsity section will receive a trophy.

This event should be a big boost to cross country, a fine sport which receives limited emphasis and attention. Just a tip: North Chicago will be the varsity winner.

◄►

WE ATTENDED the Northern Illinois University homecoming game and saw Western Illinois run over them 33-13 Saturday. We were impressed by the ability of the Western backfield and especially 3 boys from the Chicago area. Larry Garron of Argo, Bob McCue of East Aurora, and Willie Spates of Elgin were standouts as ball carriers and pass catchers.

Garron and Spates were boys who can certainly step and are only freshmen. McCue who, with Spates, was an all-state player in high school, is as shifty a back as we have seen and is only a sophomore. Northern alumni seem to always give the excuse that they do not look for athletes but that Western goes after them.

◄►

IT APPEARS TO US that a school of 5,000 students should not need to do very much recruiting to field a better team than we saw represent Northern on Saturday. Northern should have quite an edge on other state schools getting athletes because of their location, within an hour and a half drive of the best suburban schools. We also hear the story, which we hope is true, that Northern is trying to raise the scholastic standards of the school. This is no excuse for not having good athletics because some of the best schools have strong teams.

It is our impression that none of the state-supported colleges in Illinois have standards up to that of the private schools and the state university. We suppose they cannot help it as they get most of that lower third of the high school graduating classes who want to go to college and cannot get into the private schools or stay more than a semester down at Champaign. We were never aware that most athletes were in the upper third in scholarship so the teachers colleges (now changed to state universities in name) ought to have a good chance at a flock of good athletes who would have trouble getting in anywhere else.

◄►

ONE OF THE BRIGHT spots in the new Tri-County conference has been the improved play of the Fenton Bisons coached by Paul Henry, assisted by Jim Monahan and Glen Van Proyan. After defeats at the hands of Batavia and Mooseheart the Bisons came back with a 7-7 tie at Dundee and followed with a 12-7 win over Lake Park and a 20-13 conquest of Elmwood Park.

After a rest this week Fenton will be set for the toughest opponents on their schedule with Glenbrook October 25 and Palatine November 1 on the home field and North Chicago in the grand finale on the road.

◄►

IT MUST BE a rough season for our friend Bob Paddock, who is such an ardent supporter of the Chicago Bears. According to the press the Bears were going to be unbeatable this season and just had to go through the motions to land on top. Instead, the Bears have dropped 3 in a row. Sounds like a real bad case of over confidence all down the line.

It has been 14 years since Libertyville won a football championship but Saturday the coach who piloted them to their last 4 titles was on hand as a special guest at the Wildcat homecoming.

Art Bergstrom, who is now executive assistant in the National Collegiate Athletic Association, was on hand to watch Libertyville whip Zion-Benton 8-7. Bergstrom had championship teams at Libertyville in 1938, 1940, 1942, and 1943 and then went to Bradley University as coach and later athletic director. He was a guest of the class of 1941 who held a reunion.

◄►

LIBERTYVILLE under Jack Martin won 6 conference championships and from the time the Northwest conference organized in 1925 the Wildcats took 11 football championships in 19 years up to Bergstrom's exit from prep school coaching. Libertyville had 5 undefeated teams and 4 of them were Bergstrom coached.

Libertyville is largest of the North Suburban schools but not the best from an athletic stand point. The Cats certainly havef ootball, basketball and track traditions to look to but for a number of years have had no outstanding teams.

Enrollments in the North Suburban have soared the past few years. Libertyville has 1,124, Crystal Lake 1,120, Zion-Benton 1,081, McHenry 840, Dundee 797, Barrington 773, and Woodstock 581. The league has only 7 members since Lake Forest and Warren joined the Northwest with Dundee, the only replacement.

FOR 2 WEEKS Palatine gridders have been idle, but in good health, as Elmwood Park and Glenbrook called off scheduled games because of flu. This week on Tuesday Palatine had 7 of 11 regulars sick with the flu and 2 others just returned from a bout with the Asiatic bug. There will be no junior varsity game at North Chicago Saturday. Coach Feutz will need them all to field a varsity team.

The student body and faculty of Palatine High were shocked and saddened last week by the death of Paul Wagner, a member of the junior class. Paul lost his life in an automobile accident.

As a member of Coach Welty's track squad, Paul had shown possibilities of becoming one of Palatine's finest runners. His father, Edward, was a football letterman and one of my history students in my first year as teacher at Palatine. His brothers, Dave and John, were mainstays of Palatine's champion track teams in 1956 and 1957. We extend our sympathy to Paul's parents, sister, and brothers. Our community has lost a very fine young man.

Owens Tops Lincoln, Fairview Edges Lions at Mount Prospect

Saturday's fans saw Owens beat Lincoln and Fairview squeeze a tight one over Lions Mt. Prospect Midget Football. Fairview's victory means they are the only undefeated team in the Mt. Prospect midget football association.

Fairview's 9 points were made by 1 touchdown and a safety. The T.D. was run by Mike Phillips who intercepted Lions' pass and sprinted some 35 yards to score. The conversion was made and run by Ron Jernberg who charged around end.

Jay Cowan tackled Mike Accurso in the end zone to make the safety. Lions' single touchdown was also made possible by a pass interception and Tom Wilkes snatched the pigskin and covered the necessary 20 yards to score. The conversion was not made and the final score read 9 to 6. Both teams played fine defensive ball, keeping the entire first half scoreless.

Fairview	0	0	9	0	9
Lions	0	0	0	6	6

OWENS HELD Lincoln scoreless, winning 12 to 0. Lincoln seemed to come around on defense the second half and no scores were made. Some beautiful passes never materialized as Lincoln's receivers couldn't seem to hang onto the ball. Owens' touchdowns were both made by Al Stoike. On the defense side Tony Pastor and Mark Wolf at center and end carried out their assignments nicely.

Lincoln is yet to win. Five passes in the first half dropped right through the hands of clear receivers any one of which could have scored for Lincoln.

Owens	6	6	0	0	12
Lincoln	0	0	0	0	0

Lions Jrs. closed Fairviews' out 19-0 and Owens Jrs. racked up 25 points to win over Lincolns' 2. John McAndrew scored 2 TD's for the Lions and Jim McMillian made 1. The entire Lions' line did a nice job of charging. Owens' TD's were made by Dick Lytle running 3 and Ricky Yound. Dick McMann quarterbacking made some outstanding offensive plays. Lincoln's Jrs. do not appear to be hitting as hard as they did in earlier games. (Sp

Card Runners Trim Palatine, Lose Maine

Arlington's cross country team took 2 of 3 victories this past week, including a 16-51 varsity win over Palatine, a 27-28 frosh-soph win over Maine, plus a 23-35 varsity loss to Maine.

Fesler ran a 9:30.6 course for Maine in the varsity half of the meet Friday, followed by Arlington's Ken Courter in 9:37. Tilschner and Lund of Maine finished 3rd and 4th, with Ron Marks and Bob Taggart copping 5th and 6th for the Cardinals.

Zakos, LeBlanc and Venson finished next for the winners, then Alan Hutchinson 10th and Ronald Schroeder 12th for Heights. Don Knoepfle finished 17th and Jon Benrud 20th for Coach Russ Attis.

* * *

PALATINE AFFAIR was a different matter, with ace Pirate runner Kusek out of action. The Cardinals took 8 of the first 9 places. Ken Courter won in 9:50, followed by Ron Marks in 9:57. Other Heights finishes that counted were Alan Hutchinson 3rd, Bob Taggart 4th and Bill Dodge 6th.

Then came Ronald Schroeder 7th, Dave Palmer 8th and Don Knoepfle 9th. Jack Hamilton took 5th for Coach Dick Welty's Palatine harriers, with Carpenter 10th, Muller 11th, Hicks 12th and John 13th.

* * *

FROSH-SOPHS won a crucial 27-28 affair against Maine, making Coach Bob Meissner happy. Romes of Maine finished first, with Dave Palmer of Heights 2nd. Ristau of Maine was 3rd, with Charles Phelan of Arlington 4th, Mike Field 5th and Bob Johnson 6th.

Next 3 finishers for Maine were Hinds 7th, Kuzel 8th, and Currie 9th. Ken Dougan of Heights finished 10th.

Fumbles Costly in Heights Frosh-Soph Loss to Maine

Arlington's frosh-soph gridders saw their 4-game win streak come to a screeching halt Friday night when Maine's young Blue Demons stopped the Birdies 13-0.

Coach Bill Beckman's running attack, which had carried the locals to first place in the WSC, died a Des Plaines death. Arlington backs showed a net ground gain of only 11 yards.

The passing of quarterback George Bork was, perhaps, the only bright spot in the ball game as far as local fans were concerned. Bork completed 8 of 16 aerials, for a total of 115 yards. Two of his passes were intercepted, however.

* * *

MAINE, ON THE other hand, showed a gain of 192 yards on the ground and 26 yards in the air. The young Demons registered 9 first downs compared to Arlington's 7.

The contest was certainly a letdown for the Red and White, who, unfortunately, saved their worst game of the year for their Maine rivals.

THE OPENING quarter was a nightmare. After the Demons were forced to punt on downs, Arlington picked up a first down, but a fumble cost them the ball on their own 25 yard line.

Maine scored 3 plays later on a 26 yard pass play from George Verber to Doug Schmidt, who was all alone in the end zone. The conversion attempt failed.

* * *

ARLINGTON NEVER had the ball again in the initial period. A short kick was fumbled and recovered by Maine, and one Redbird pass defender briefly snared a Demon aerial before fumbling and again have it recovered by a blue and white uniform.

The Birdies had the ball for only 13 plays in the first half, while the winners ran off 28 plays from scrimmage.

* * *

MAINE SCORED its second touchdown early in the second half. A third down quick kick gave the Demons the ball on their own 39. With Ed Swanson doing most of the legwork the Blue and White traveled 61 yards on 8 plays. Swanson went over from 2 yards out and Bob Kunkel ran the extra point.

A short drive near the end of the third quarter carried to the Maine 44 yard line, the first time Arlington had owned the ball in Demon territory. The 36 yard march halter, however, and Arlington kicked.

* * *

THE LOCALS put forth one dying effort as the clock ticked off the seconds of the final stanza. A Maine fumble gave the Birdies the ball on their own 48, Bork's pass to Dundy gave Arlington a first down on the Maine 26. On the final play of the game Bork hit Mickey Johnston with a pass good for a first down on the Maine 5.

The gun ended any Arlington hopes of avoiding a shutout. The locals are now 3-1 in WSC play and very much in the conference race, providing this week's practice brings a renaissance. (Sp

Pagel-Weiss Combo Plucks Redbirds at Maine, 26-0

What was billed as the game of the year turned out to be a rout as Maine's Blue Demons completely humbled the Arlington aggregation 26-0 at Des Plaines Fiday night.

A combination of the flu and one of the state's best backs, Vic Pagel, ended the Redbird's victory string at 4 in a row. The Demons now have only Hinsdale as a serious threat to their title march.

* * *

PAGEL RAN practically at will against the Birds' forward wall. The senior scatback carried the ball 19 times for a net gain of 159 yards, close to 8½ yards per carry.

He scored 3 of the Maine TD's and also threw a 22 yard pass as the first half came to a close.

* * *

EXCELLENT blocking and good defensive play by the Blue Demon linemen was the biggest difference between the teams, which opened the game with undefeated WSC records.

Quarterback Tom Grey, hounded by the Maine linemen and periled by the Demons' pass defense, completed only 3 of 12 passes, netting only 12 yards. Blue and White defenders picked off 3 Arlington aerials, with Pagel intercepting 2 of them.

* * *

THE REDBIRDS' speedy ground force was contained for a net of 83 yards from scrimmage, while Demon backs registered 289 yards.

The winners racked up 18 first downs while the locals struggled to pick up 5. Each team was penalized 55 yards.

The winners racked up 18 first downs while the locals struggled to pick up 5. Each team was penalized 55 yards.

While the Redbirds were definitely hurt by the flu epidemic and injuries, it is doubtful whether 3 more regulars would have made up the slack which inevitably finds its way into a contest with Maine.

* * *

ARLINGTON has never beaten the Blue Devils since the locals were admitted to the West Suburban conference in 1949. The Birds must now bounce back in the remaining games with Downers Grove, LaGrange, and Glenbard, if they want to give the school the best football season it has ever enjoyed.

The Blue Demons wasted no time in scoring. Using only 2 variations — Weiss through the middle and Pagel over end—the 1956 co-champions marched 54 yards in 9 plays Jerry Weiss, who personally picked up 76 yards in the Demon victory, did the scoring from the one yard line.

* * *

THE WINNERS scored again briefly after the second quarter was underway. It was the Pagel-Weiss combination again as the Demons went 90 yards on 10 plays, Pagel scoring from the one.

Arlington's deepest penetration in the first half was the Maine 30 yard line, which they reached only because of 3 successive offside calls against the Blue Demons.

* * *

IF REDBIRD fans expected a rousing comeback after the intermission, they were disappointed. After owning the ball for 3 plays

Card Frosh 'A' Gridders Blank Maine, 26-0

Arlington's freshman gridders gained solace for the school's 26-0 varsity loss to Maine by trouncing the Demon frosh by that identical score Monday. Card yearlings spent the afternoon in Maine territory, and had things their way most of the time though using just 12 boys.

Coach Ed Aldrich held back several subs, in order to be sure there were enough boys on hand for the 'B' game scheduled for Tuesday. Maine used 20 of 28 boys on their squad Monday, however, and lacked enough boys for the 'B' game Tuesday. Latter has been postponed pending recovery of additional Maine boys from the flu.

TOM PETROSINO tallied the first TD for Heights against Maine on a 6 yard drive through the middle of the line in the second quarter. Dennis Leonard counted the second 1 in the third period on a 10-yard pass from Frank Hermes. Ed McCabe ran the extra point.

McCabe scored for Heights on a 5-yard dash in the third quarter with Keith Voigt running the extra point. Voigt made good for the yearlings in the fourth quarter on a 5-yard run.

* * *

THE FROSH also trounced Notre Dame this past week, 18-0. Locals were never in trouble with Heights using fundamental football, no razzle-dazzle.

Card passing was not as good against Notre Dame as against Maine, but the locals' defense was superb, holding the enemy to 3 first downs in the 2 games.

Frank Hermes scored in both the first and third quarters for Heights on quarterback sneaks, with Ed McCabe doing the same in the final period. Each half ended against Notre Dame with Arlington on the ND 6" line. (Sp

the Red and White were forced to kick from their own 6, the ball falling dead on the locals' 31 yard line.

Jerry Weiss carried the ball twice, and Vic Pagel ran 3 times, and the score was soon 20-0, Pagel countering from the 6 yard line.

TOM GREY put some steam into the Cardinal offense as he ran and passed the locals to the Maine 25 before the drive fizzled.

This light threat on the part of Arlington evidently incensed the single wingers from Des Plaines, who bounced back with their final tally of the evening.

It was the same technique as the previous 3 scores, but this time a third back, Gary Olson, was allowed to carry the ball twice in the 67 yard drive, which took the Demons all of 10 plays to execute. Even an incomplete pass was thrown in to break the monotony of Pagel and Weiss, Weiss and Pagel.

* * *

WHEN IT CAME to the final scoring, however, it was Pagel, last year's WSC scoring champion and the leader, again this season, who did the honors, this time from 12 yards out.

Never in the game did Arlington get inside the Maine 20 yard line although the Redbirds did reach the 23 late in the final quarter.

Defense Big Stumbling Block for NU in 3 Losses

Northwestern's Wildcats, victims of 3 straight losses, including a 41 to 6 Big Ten setback at the hands of Minnesota last week, will seek their first win of the season against Michigan at Ann Arbor Saturday (Oct. 19).

It will be the 32nd meeting in a series which finds the Wolverines holding a commanding lead of 21 victories against 8 for the Wildcats. Two games ended in ties. Northwestern hasn't beaten the Wolverines since 1951, when the Wildcats scored a 6 to 0 victory. Last year's game resulted in a 34 to 20 Michigan triumph.

* * *

THE WILDCATS emerged from the Minnesota game in a battered condition with 4 linemen, including 3 first stringers, suffering injuries that may prevent them from seeing action Saturday. Merle Moore, No. 2 left tackle, is definitely sidelined for 2 weeks with a knee injury.

Both starting tackles, Andy Cvercko and Gene Gossage, will miss practice this week, the former with a sprained ankle and the latter with a shoulder injury. Pete Arena, regular right guard, is also sidelined with a severe charley horse. Just how much action they will see Saturday will depend on how their injuries respond to treatment.

* * *

ON THE BRIGHTER side, the Wildcats figure to regain the services of 3 players who have been sidelined with injuries. Ben Napolski, veteran end who was injured in the Stanford game, is expected back along with Charlie Jerasa, guard, and Fred Conti, halfback, who were injured in per-season practice.

Northwestern's major problem in preparing for the Wolverines will again be defense, just as it has been since the season started. The Wildcats have been able to move the ball fairly consistently as a 4-yard rushing average and a .477 passing record would attest.

However, the Wildcats have been vulnerable to both rushing and passing in all 3 games to date. Opponents have averaged 4.9 yards per carry and have completed 23 out of 51 passes for 354 yards and 5 touchdowns.

* * *

NORTHWESTERN'S running attack is keyed around 4 backs who boast 4.6 yard averages or better. Sophomore Ron Burton, who has alternated at left half with the veteran Bob McKiever, leads the Wildcat ball-carriers with 167 yards in 22 carries for a 7.5 average. McKeiver has gained 99 yards in 19 carries for a 5.2 mark.

Willmer Fowler, right half, the Big Ten sprint champ, has picked up 125 yards in 26 carries for a 4.8 mark. Ed Quinn, first string fullback, possesses a 4.6 average on 88 yards in 19 carries.

John Talley, one of 3 sophomore quarterbacks, will probably start against the Wolverines. He has the team's best passing mark with 21 completions out of 39 attempts for 170 yards and 1 touchdown. Chip Holcomb has completed 11 out of 30 tosses, 2 of which have been for touchdowns.

Miami Loses To No. Carolina

Doug Hildebrandt of Palatine, did his usual good work for the University of Miami at end last Friday but errors by someone opened the door through which North Carolina was able to leave with a 20-13 victory. Miami rallied from a 14-0 deficit and dominated the last 40 minutes of play but made just enough mistakes to keep it in second place.

Although Hildebrandt was credited with only one tackle, he did a neat job on defense and turned in some effective line blocking. He is improving steadily and as a result, is playing more and more each week.

Miami comes up with North Carolina State as its next foe and hopes to create its second round robin tie of the season. At the start of the year, Miami lost to Houston which in turn lost to Baylor--and then Miami tripped Baylor. Now, Miami, after losing to North Carolina, takes on North Carolina State which already has a win over North Carolina to its credit. (Sp

Offensive Blocking, Inside Defense Need Work for Illini

Illinois football coach Ray Eliot this week is working to improve his team's offensive blocking and inside defense for Saturday's homecoming battle with Minnesota, which has been described by Scout Bob King as a "real fine football team."

The Illini will go into the homecoming battle in good physical condition. There were no crippling injuries in the Buckeye battle, and fullback Jack Delveaux, who was handicapped by a cold last week, should be ready for full-time duty this week for the first time this season.

* * *

ILLINI have upset their homecoming opponents for the last 2 years when both were rated number one in the nation -- Michigan in 1955 and Michigan State last season. But end coach Bob King, who scouted the Gophers in their 3 victories to date, can't foresee any such possibility this week.

"Minnesota found the outside speed they have been needing when Willie Martin came off the bench at Northwestern Saturday," King says. "With that fine outside threat, they now have a well-balanced attack."

Minnesota has 2 fine quarterbacks, Bobby Cox, an All-American candidate, and Dick Larson. They each have their own ball club, and Coach Murray Warmath substitutes by units. "If they can't beat you any other way, they'll try to wear you down," King explains.

* * *

"WE'LL HAVE the same problem defensively we had last year -- trying to stop that quarterback option play, where Cox or Larson rolls out to either side, and then runs or passes. Of course, they use all the rest of the Split-T offense, too, but that is their bread and butter play."

King was highly impressed by the depth and power of the Minnesota line.

Pirates Off to No. Chicago in Crucial Test

DOM DI ORIO sparked the running attack against Elmwood Park as he carried 7 times for 44 yards.

Lancers Will Have Tough Foe to Meet

Lake Park wasn't able to meet Belvidere Saturday, but had apparently defeated the flu bug Monday of this week as attendance bounded back up and the football team was preparing to take on Marmion Friday night under the lights at Aurora.

Marmion is undefeated in 4 games this year, tripping Marquette of Ottawa and Notre Dame, then disposing of Belvidere 6-0 and beating No. Chicago last weekend 16-12. Aurora gridders will be a tough obstacle for Coach Bill Buckellew's Lancers.

* * *

LOCAL FANS planning to attend the game Friday night, Oct. 18, can find the Marmion field easiest by driving south on route 31, just west of Fox river, then coming alongside the field just north of Aurora.

The game is non-conference, of course, and is the first of 2 games on the road in a row for the Medinah school. Following Saturday, Oct. 26, Lake Park will travel to Palatine for the Pirates' homecoming test, with Lake Park returning home the final week to meet No. Chicago.

LEADING THE CHEERS for varsity games at Lake Park high school is this sextet of pretty gals, all of them determined to do their bit in bringing the Lancers home victorious. Smiling are Ginny Hattendorf, Joan Mikes, Corky Grotheer, Sharon Smith, Karen Skoglund and Beverly Rau.

Palatine Still Trying to Open League Schedule

by G. A. McELROY

Tri-County conference championship will be decided for all practical purposes as far as North Chicago is concerned Saturday. If they can turn back Palatine there appears to be no question that they will have wrapped up 5-0 record when the season closes November 9.

North Chicago, coached by Tom Parker, former Elgin and University of Iowa athlete, has beaten Glenbrook and Elmwood Park. Palatine has yet to play their first league game, having had both Glenbrook and Elmwood Park postpone games which were to have been played the past 2 weekends.

* * *

WHILE PALATINE has not played a league game, the Pirates are expected to be one of the strongest teams on the basis of beating Grayslake 13-7, Barrington 26-14, and losing by only 6-0 to undefeated Crystal Lake. Both Barrington and Grayslake have been tied but not beaten except at the hands of Palatine.

The 3 week layoff from game competition may have taken a bit of the edge off the Pirates but their small varsity squad, on the other hand, will be intact with every player ready for action Saturday as there are none of the injuries at present bothering the North Chicago team.

* * *

BOB ELMS, defensive end, and "Tex" Young, halfback, were out with the flu last week but will be ready for action and Dan Lemanski and Lee Mudlaff, out with injuries, are in shape for the North Chicago clash. Palatine's boys are eager for competition and may scramble the league race by moving past the North Chicago Hawks.

The big question is whether they can contain the fast moving pass catchers North Chicago will try to send behind their defense and whether they can stop 5 backfield men who have as a group averaged 6.1 yards a carry for the season to date.

* * *

HEADING THE LIST of 12 backs who have seen action this season for North Chicago are Curtis Patterson averaging 9.8 yards, Jim Jones 7.4, Fred Scott 5.4, Ron Stanczak 4.9, and Ed Hodnik 4.5. Hodnik has scored 34 points and Jones 30 in the first 5 games. Rudy Basovsky has caught 12 forward passes for 180 yards to lead in that department and Ron Stanczak has completed 20 of 40 passing attempts.

From the defensive standpoint North Chicago's best tacklers are Basovsky, Jones, Moore, Marsh and Krause. North Chicago will outweigh Palatine by about the same margin as Barrington and Crystal Lake. In the line they have 200 pound tackles if both are able to play. A bad mouth injury may sideline Brian Moore, the Hawks' best lineman. North Chicago may be tougher as a result of the 16-12 defeat at the hands of Marmion Saturday but on the other hand this proves to Palatine that they can be beaten.

* * *

SATURDAY WILL be North Chicago's homecoming with a 5 event program involving teams from the 2 schools. At 9:30 the freshman football teams will clash followed by the junior varsity grid teams. At 12:15 the sophs will tangle with Palatine having the size advantage and a good chance to come out on top.

At about 2:15 the varsity teams will stage their crucial grid struggle for the conference lead. Between the soph and varsity games the cross country teams of the 2 schools will run in a match which may give a line on what to expect in the conference meet next Wednesday. It is a big sports day for the 2 schools, which are expected to be top contenders this year in all the sports sponsored by the new Tri-County Conference.

* * *

GLENBROOK'S AILING gridders should get past Elmwood Park without trouble no matter if part of the regulars are still out. Their game at Glenbrook under the lights Friday night should be a breeze for the strong Glenbrook 11, but a loss for the frosh-sophs who face - of the toughest soph teams in the entire area.

Lake Park will be at Marmion as a decided underdog Friday night while Fenton has an off week following their homecoming triumph and second straight league win over Elmwood Park.

Bisons Win, Lead League

Fenton Bisons pleased a large homecoming crowd at Blackhawk athletic field Friday night and climbed to the top of the Tri County league standings with a 20-13 win over the Elmwood Park high school Tigers.

In gaining their second straight league victory against no defeats, Coach Paul Henry's squad paid a heavy price in injuries. Quarterback Terry Biefeld suffered a possible shoulder separation while Bill Emory, Dom DiOrio, and John Wytrwal all left the game with leg injuries of one kind or another.

* * *

LEADING the Bison attack once again was the unerring passing of Biefeld who completed 7 of 11 tosses for 100 yards and two touchdowns. Both scoring passes were caught by Bill Kebbie, one covering 33 yards and the other 25. The Tigers of Elmwood Park unveiled a hard running halfback named Joe Giallombarbo who crunched thru the Bison defenses for 108 yards and two touchdowns.

Elmwood Park took the opening kickoff and moved for a first down to his 47. Three plays gained 6 and Giallombarbo punted to Wytrwal who returned 6 yards to the Fenton 18. Greg Dierking made 4 at left tackle and DiOrio got 8 more and Fenton's first first down on the 30. DiOrio, doing his best running of the season broke loose around the left side for 23 and a first down in Tiger territory. What looked like a solid drive was ended tho as Larry Ward fumbled and Elmwood Park recovered.

* * *

WITH GIALLOMBARBO doing the major share of the running the Tigers marched 52 yards without throwing a pass, finally scoring as Giallombarbo dove over from 3 yards out. Shaffer converted on a sneak and the Tigers led 7-0.

DiOrio returned the kickoff to the 42. Wytrwal got 8 in three tries as the 1st quarter ended. An exchange of punts gave Fenton the ball on the Tiger 44. Wytrwal was stopped for no gain. Biefeld ran for 9 up the middle and Dierking made the first down on the 33. Biefeld passed to Wytrwal for another first down to the 19. The Elmwood defense stiffened at this point and one running play and three incompleted passes gave the Tigers the ball. Unable to gain either they punted to DiOrio who returned 18 yards to the Tiger 42.

* * *

WYTRWAL swept right end for 15. DiOrio got 8 and Biefeld 7 to the 9 yard line. On first down Fred Hohman skirted right end and went into Tiger land standing up. Biefeld's pass to McCann tied the score at 7-7.

Immediately following Biefeld's kickoff the Tigers began to march, rolling up three first downs and penetrating to the Bison ten. With first and goal Kirts fumbled and the Bisons recovered as the first half ended.

DiOrio returned the second half kickoff 24 yards to his own 36. Dierking hit off tackle for 7 and DiOrio moved for 15 to the Elmwood 42. Hohman lost 3, Biefeld made 11 and on a wide sweep DiOrio tried to reverse his field after being trapped and was thrown for a 17 yard loss. Biefeld punted to the Tiger 22. Kirts got 8 yards and then Shaffer fumbled the Bisons recovering on the 32. A holding penalty moved Fenton back to the 46. Biefeld passed to Kebbie for 13 and then threw 33 yards into the end zone, again to Kebbie, for the touchdown. Biefeld passed to Hohman for the point.

* * *

BIEFELD'S kickoff was returned to the 25. Giallombardo gained 11 and a first down to the 36 and then got 4 more to his own 40. Shaffer was thrown for a 15 yard loss as he tried to turn right end. On fourth down McCann broke thru to block the Tigers punt and it was Fenton's ball on the Tigers 12. A penalty set them back to the 17. Biefeld passed to McCann for 11 and then gained 1 on a sneak. Malloy lost 5 on an end run and Biefeld's fourth down pass fell incomplete as the third period ended.

Unable to gain Elmwood kicked out to the Fenton 32. Hohman got 7 at left tackle. Biefeld's pass was caught by Kebbie on the 15 and he fought his way into the end zone dragging two men the last ten yards. Biefeld's attempted kick for the point was wide. Fenton 20 Elmwood Park 7.

* * *

AFTER ENSUING kickoff was returned to the 28 it looked like the Fenton defense had a complete lapse. The Tigers moved 72 yards in 8 running plays with Giallombardo going over from the 2. Shaffers sneak was stopped and the scoreboard read 20-13.

The Tigers tried an onside kick and Emory fell on the ball for Fenton at mid-field. Dierking got 6, Hohman lost 3, DiOrio lost 2 and Biefeld punted to the Tiger 25.

An offside penalty against Fenton moved the ball to the 30. Shaffer gained eight and then passed for 21 and a first down on the Fenton 40. With time running out three Shaffer passes fell incomplete and a fourth down pass was completed to the 22 as the game ended.

Bisons Have Off Weekend

If ever a team received a welcome rest, it'll be the Fenton Bison gridders, who have a free weekend without any games until meeting "the Big 3" of the Tri-County conference.

Coach Paul Henry's football squad is currently leading the newly-formed loop after a welcome victory over Elmwood Park. But the locals also received injuries to 4 boys, all of whom are doubtful starters for the next game Oct. 25.

* * *

THE FOURSOME includes Terry Biefeld, with a possible shoulder separation; Bill Emroy, John Wytrwal and Dom DiOrio, all of whom received leg injuries. The Bisons will meet Glenbrook, No. Chicago and Palatine in their remaining football schedule.

Leading passer for the Bisons to date is Terry Biefeld with 33 completions in 71 attempts for 450 yards and 3 touchdowns. Terry is also the leading rusher for the squad with 27 carries for 186 yards and 2 touchdowns.

Fenton Harriers Lose League Match

Coach Frank Novotny's Fenton cross-country squad journeyed to Elmwood Park last Saturday morning and absorbed a tough 3-point defeat at the hands of their hosts. 26-29.

Only their second race of the season, the Bisons made a good showing as Tom Cheze, a junior, won the race in 10:35 and placed Dalton Grief 4th, Howard Toben 6th, Norman Bemos 8th, and Bill Dotter 10th. Bernie Sell who finished second to Cheze in the last meet was unable to run because of the flu.

Finishers and their times follow: Cheze (F) 10:35; Bednarz (EP) 11:00; Shields (EP) 11:04; Grief (F) 11:18; Koelspe (EP) 11:31; Toben (F) 11:40; Knoll (EP) 11:47; Bemos (F) 11:50; Archele (EP) 12:47; Botter (F) 13:37.

In the frosh-soph meet the Bisons, running 2 men against 6 were edged out by a 21-34 count. Placing for Fenton were Bruce Petersen 2nd and Jack Spence 5th.

PALATINE HARRIERS will compete in the Tri-County league first conference tournament Wednesday, Oct. 23, with both varsity and frosh-soph divisions running. The season has been a topsy-turvy year for Coach Dick Welty with this fivesome among the "frosh-soph lettermen" of a year ago. The meet is scheduled to start at 4 p.m. at Elmwood Park.

Jack Hamilton is rated No. 1 for the frosh-sophs, but may compete in the varsity division for the conference run. He's a sophomore, with the other 4 boys all juniors. There's Ken Gordon and Bob Smith, both on the varsity team; Richard Miller, No. 7 or 8 man on the varsity; and Wynn Muller, No. 2 varsity competitor.

No. Chicago Drops 1st Game To Marmion

North Chicago lost its first game of the season in 5 outings Saturday when it dropped a 16-12 decision to Marmion military academy in a non-conference game. While North Chicago's team was weakened by the flu any overconfidence they might have had, has been eliminated.

Marmion blocked a punt in the first quarter which rolled behind the end zone for an automatic safety and then put over 2 touchdowns in the second period for all the points they needed. Joe Nardone scored one touchdown on a 9 yard pass from Bob Reichenbacker and the other came on a 75 yard kick off return by Lee Ferree. Mike Gallagher kicked both Marmion extra points.

* * *

NORTH CHICAGO fought back in the second period for a touchdown on a 3 yard plunge by Ed Hodnik after the Hawks had moved 64 yards in 7 plays. In the third quarter Coach Tom Parker's boys struck again on a 61 yard march in 8 plays with Hodnik again pushing over from the 2 yard line.

A serious face injury to Bryan Moore may keep the giant tackle out of the Palatine game next Saturday. North Chicago frosh-sophs defeated Marmion 13-7.

Palatine Harriers Lost, But Kusek Sets Course Mark

Crystal Lake's cross country squad defeated Palatine for the second time this season last Thursday 21-35 but Palatine had the consolation of having a new course record of 9:25.7 set by Dan Kusek for the 1¾ miles.

Crystal Lake took places 2-3-4-5 and 7 to win easily. Wynn Muller was Palatine's second scoring finishing in sixth place followed by Carpenter, 11th; Freter, 13th; Hicks, 14th; John, 15th; Miller, 17th; Mangels, 18th; and Oltyan, 19th. In spite of the defeat the times made by Palatine's team, which is largely a frosh-soph aggregation, were much improved over former home meets. (Sp

Fenton Sophs Lose To Elmwood Park

The Fenton Homecoming crowd gathered at Blackhawk Athletic Field last Friday night didn't have much to shout about in the soph game as Elmwood Park's league leading Tigers controlled the ball 25 minutes out of the 32 played and moved to a 33-13 victory over the little Bisons of Coach Chuck Cole.

So little did the Bisons have the ball that they were able to put just 20 plays in operation throughout the ball game. Their 2 scores were made by Ron Panos as he went 22 yards on a reverse in the first half and picked off a Tiger pass and raced 70 yards late in the fourth period.

* * *

TWICE, EARLY in the game, the Bisons had drives under way only to be stopped by a fumble one time and an intercepted pass on another occasion. Tom Olzewski, running hard from his left halfback position, broke loose for gains of 29 and 25 yards in these drives while Curt Middleton hit Panos with a pass for 35 yards to set up the Bisons' first score.

Pass defense proved to be the main bug-a-boo for Fenton as Elmwood Park receivers repeatedly got behind Bisons' halfbacks, twice for touchdowns and again for crucial yardage.

* * *

ELMWOOD'S quarterback, Ray, threw 3 scoring passes, 2 to Pfister and 1 to Calindo. In the fourth period Pfister also broke over right guard and went 41 yards for the Tigers' final score, giving him 3 touchdowns for the night.

The Bisons are inactive this weekend and take on Glenbrook, at home, October 25 in their next encounter. (Sp

THIS FOURSOME stands ready to help the Lancers of Lake Park high school make a success of their first full-fledged varsity football season. Delbert Bullamore is a junior end, playing his first year of football. Touch Football League

In the Youth organization touch football league the Bears kept on winning by sweeping the Eagles Saturday 39-0. The second game was a thriller, with the Lions scoring 2 touchdowns in the last quarter to edge out the Packers 30-19. Team standings: Bears—won 5, lost none; Lions—won, 3, lost 2; Eagles—won 2, lost 3; Packers—won none, lost 5. Saturday the Bears play the Lions at 9:30 and the Packers play the Eagles at 11. Good Turnout at Village Hall

It's gratifying to see that so many people are concerned with areas adjacent to theirs, as the turnout the 14th at the village hall indicated. The village officials were well aware of their presence and feelings and they will be notified when the zoning board will hear this particular case.

Before the entire ditch along Forest can be filled and graded to its completion, it has been deemed necessary to modify some of the manholes. Work on this should commence within a short time. It was further agreed that the area should be able to obtain sufficient fill for the ditch from the sanitary sewer when installed.

Any additional nominees for the new association officers are welcomed.

The boundaries for the sanitary district have been approved by the county judge. Plans are to hold the election for the district November 9.

It is requested that all residents protect newly surfaced roads by driving in a reasonable and proper fashion. This will be particularily important during the winter months.

Those contemplating or engaged in building additions should contact the building committee to make certain that they conform to requirements. This will save the individual considerable difficulty with the county building commission at a later date.

Local Officials, Science Teachers Tour Refinery

A group of Arlington officials and 4 instructors of the science department of Arlington high school learned a lot about oil refining last Thursday.

As guests of the Standard Oil company, they visited the firm's extensive laboratories and refineries in Whiting.

* * *

IT WAS AN all-day trip in a chartered bus, but there was a lot to be told to the group, regarding the refining of crude oil to produce gasoline and the many byproducts.

The testing of automobile engines was of particular interest to the Arlington Heights visitors. They were unable to get statements from their hosts as to the engine errors the laboratory has discovered in products of automotive manufacturers.

* * *

STANDARD OIL company's chief interest is to produce the right oil and fuel that will provide the greatest power to the average auto. The guide admitted that auto manufacturers are rather cagey about releasing new engines for testing purposes. They are afraid of leaks to a competitor.

They were told that the present high cost of gas can be partly tributed to the horse power race in which the manufacturers of engines are engaged. "When will the public wake up?" was the comment of one in the group.

The morning was spent at the various laboratories. There are 500 scientists engaged in development work.

* * *

HIGHLIGHTS OF THE DAY were a visit to the furnaces which operate at intense heat and a trip 12 stories upwards. From a cat-walk there was a view of a large part of the 1500 acres owned by Standard.

The magnitude of Standard Oil operations is generally known, but the visitors were astounded by the inside view of its operations received that day.

"Nature Knows No Pause in Progress and Development"
Johann Goethe (1749-1832)

Our fight against sickness is a continuous one. Research workers are always seeking better drugs and new treatments. About one-third of the ingredients in last year's prescriptions were unknown the year before.

We must keep well informed. A newly discovered drug can almost overnight change a physician's prescribing habits, so that there is no further need for the replaced drug. Every prescription pharmacy regularly discards these drugs that are no longer used.

Despite all this, the cost-per-illness of medicines grows less each year. You get better so much more quickly.

ABOUT THIS QUESTION

"Uninsured drivers often cause accidents, yet could not pay a judgment if a court awarded one. The victim then has to pay his own medical expenses, perhaps thousands of dollars. CHRISTIAN SCIENCE CHURCHES

The vital necessity of individual application of the teachings of Christ Jesus will be emphasized at Christian Science services Sunday, October 20.

Keynoting the Lesson-Sermon entitled "Doctrine of Atonement" is the Golden Text from Psalms (80:19): "Turn us again, O Lord God of hosts, cause thy face to shine; and we shall be saved."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (25: 26-31): "Implicit faith in the Teacher and all the emotional love we can bestow on him, will never alone make us imitators of him. We must go and do likewise, else we are not improving the great blessings which our Master worked and suffered to bestow upon us."

REV. BEHRENS recently returned from a 10-day conference in St. Louis where 700 church workers of the Lutheran Church Missouri Synod planned and discussed the work of the church body for the ensuing year. A budget of $16 million was established for missions, ministerial and teacher training, pension and welfare and administration for 1958.

Included in this total is the sum of $700,000 for the production of the television series "This Is The Life," now the most televized program in the world.

A special item also calls for $100,000 for world relief and $25,000 for medical missions. In the recent past, new mission congregations were established locally in Rolling Meadows and Prospect Heights by the Lutheran Church—Missouri Synod. A third mission is in the planning stage for the Winston Park-Hasbrook area north of Arlington Heights.

Disciples of Christ Plan New Church for Arlington

A new Christian church, Disciples of Christ, will be discussed with those interested in the home of Mr. and Mrs. W. L. Milliren, 441 Windsor dr., Arlington Heights, Sunday at 7:30 p.m. Chairman of the organizing group is Guy M. McCord of Mt. Prospect in whose home an initial planning meeting was held September 29.

The projected church is a part of the master plan for suburban church development of the Church Federation of Greater Chicago according to Dr. J. J. Van Boskirk, executive secretary of the Chicago Disciples union. Through its bureau of research and planning the federation is authorizing a church for each 1500 new homes. Such churches will be spaced approximately one mile apart depending upon how many houses per acre local zoning laws will permit. Each church, so established, will have the responsibility of representing cooperative Protestantism within its intensive parish.

* * *

DISCIPLES OF Christ, whose congregations are usually known as Christian churches, is the largest religious movement to originate in the western hemisphere with approximately 2,000,000 members in 8,500 congregations. Chief aim of the group has been Christian unity. The new congregation is being organized to help meet the spiritual needs of the booming population of the area.

While former members of Disciples of Christ churches living in the area are invited to join the nucleus group, there will be no effort to persuade them to leave other churches they may have joined. Purpose of the new congregation is cooperation, not competition, with other Christian bodies it was emphasized.

Reception of New Members Sunday At Our Saviour

New members will be received into the congregation of Our Saviour Lutheran church, Arlington Heights, at the 11 o'clock worship service Sunday morning at Dryden school. At 3:30 p.m. the group will meet with Rev. John P. Petersen, pastor, at the parsonage, 944 N. Kaspar ave.

Pastor Petersen will conduct the service Sunday morning after a week's absence during which he was the Bible study speaker at the evangelism mission in Minot, N.D.

Luther league of the church will attend the fall conference of the Fox Valley district of Luther leagues meeting in Harvard Sunday afternoon and evening. Information about transportation may be obtained by calling Chuck Elste, CL 3-8873.

The women's guild of the church will again sponsor a mother-daughter tea this fall, with Sunday, Oct. 27, chosen as the date. Mrs. Burton Elvig, general chairman, has announced that the tea will be held in the north room of Pioneer park field house from 3 to 5 p.m. (A

LITTLE BILL says:

6¢ a load is all you pay— to dry the clean electric way

An electric dryer does a full 8-lb. load for only 6¢: 2 double sheets, 2 pillowslips, 2 bath towels, 2 face towels, 2 dish towels, 1 pair of pajamas, 2 pairs of men's shorts, 3 pairs of socks, 6 handkerchiefs, and 2 T-shirts. 25 to 30 minutes is all it takes to dry this load!

Nothing's faster, nothing's cleaner— and electric dryers are completely automatic

ELECTRIC DRYERS
cost

to buy
than any other kind

Today's modern electric dryers will dry a full 8-lb. load of wash for just six cents.

And clothes stay clean and smell clean when they're dried in an electric dryer. No fumes can ever mix with garments. Electric heat is clean, dry, radiant heat—just like the sun.

It takes only 25 to 30 minutes to dry a full load of cottons electrically. This means your dryer will easily keep up with your automatic washer.

All electric dryers are fully automatic. No complicated igniting devices to get out of order.

And, as your electric appliance dealer will tell you, electric dryers cost less than any other type.

Spur Search for Owner Of Building in Violation

(CNS)—Assistant State's Attorney Richard Houpt has begun an investigation to determine the new owner of the garage at the southwest corner of Olive st. and Rand rd. near Arlington Heights.

Houpt said the new owner must be located as John P. Mack, of Wheeling township, former owner of the building died, October 4, 1 day before he was to be served with a court notice by a sheriff's deputy.

* * *

THE NEW OWNER is still in violation of the county building requirements as he is maintaining a building for which a building permit was never issued, Houpt said.

It is illegal to build or maintain a building for which no building permit has been issued, Houpt said. The garage probably meets with the requirements set up by the county building and zoning department but as no building plans have been submitted we have no way of knowing, Haupt said.

The new owner must get a building permit, Houpt said. (A

The Mailman's Corner

Modern Threat To Teen Girls

by LELAND ELLIS TRUXELL

A lot of folks are going to call me an old fogey for what I am about to write. But just the same, I have been thinking about it for a long time, and its got to come out.

Now, I do realize that times have changed, and the old folks everywhere are a lot more lenient with their children than they used to be. Women have equal rights today, and they are stepping right in there and taking hold of their share of freedom. This is all well and good, and women are just as capable of doing most anything I can think of as a man. But I question the actions and fashions of today's 'teen agers.'

* * *

AROUND THE VAST majority of men, they are as safe as they want to be. The average man walking down the street who sees a group of half bare 'teen agers thinks of them just as kids. No doubt he has 1 or 2 at home just like them. But there are some men who don't look at them that way.

Now, I'm not blaming the young ones. A girl starts trying to be cute, attractive and wanted on the day she is born, and can't help keeping at it as long as she lives, if she's a doin' what comes naturally. The greatest need and triumph of every woman is still to get her man, but that's also where the trouble comes in.

* * *

THERE ARE SOME men who grow up lop sided in the sex department, and some time or other during their lifetime quite a few of them lose control completely.

Sex irregularities take all sorts of forms, including exhibitionism, sadism, moronic tendencies, killing, and other peculiar activities. A sexy looking, acting and dressing teen age girl who thinks she is cute, and most of them are, is putting herself on the spot.

And in a civilization where people ideally practice continence until marriage, such things are bad for the addlepates who never grew up emotionally. They go overboard ever so often, and the youngsters have to suffer.

As long as this kind of guy runs around loose, parents should make every effort to keep their children off the street after 10 p.m., or see that they are accompanied by a relative or an adult when they go out, or are on the road home. (B12

Hails Fair Successes

A net profit of more than $4,000 from their Community Fair Friday and Saturday will enable the Women's Auxiliary of the Northwest Community hospital to meet its pledge of $10,000 this year. The auxiliary has pledged $25,000 for the new hospital emergency room over a 30-month period, or an average of $5,000 each 6 months.

The Community Fair, featuring handwork, food and commercial items, was held at the recreation park fieldhouse, Arlington Heights. Attendance at the 2-day shopping event was heavy, with many booths "sold out" of merchandise by Saturday afternoon.

High praise for public support of the fair came from Mrs. William T. Hines, chairman of the event. Mrs. John D. Morgan, co-chairman, stressed assistance of individuals, businesses and organizations made possible the success of the fair.

Prepare Hospital Progress Report

L. D. SENTEN

ALFRED M. UTT

L. D. Senten of Des Plaines, and Alfred M. Utt of Arlington Heights, both active as merchandising executives with the Hotpoint Co., have contributed their services to the forthcoming extension canvass for the Northwest Community Hospital Center, as aides in the hospital's public relations program.

They have combined their efforts with those of Perry R. Thomas, public relations director for the hospital board of trustees, in developing a progress report designed to tell both past and future hospital contributors what has been accomplished thus far to assure convenient, entirely-modern, and fully-equipped hospital facilities to the residents of northwest area communities.

* * *

THE PROGRESS report will be distributed to all present and prospective contributors to the hospital campaign, and it will be used by the hospital workers who will begin their calls on residents, industries and businesses on October 28, with the objective of collecting $331,000 in pledges — the amount required to give this area its hospital in completely debt-free status.

Freedom from debt will not only make the hospital operation more economically efficient, but it will pave the way for future necessary expansion when decided upon. (B8

Family 'Home Work' Pays Off, Advises Florence

Home work — particularly the kind that deals with bookkeeping arithmetic — may pay off for the head of the family as well as children attending school, according to Donald D. Florence, President of the Northwest Suburban board of realtors.

The board is affiliated with the National Association of Real Estate Boards whose members are entitled to call themselves Realtors.

* * *

"MANY HOME owners, who do not realize that many expenses in connection with their homes legitimately may be deducted from federal income tax returns provided they keep simple records, are losing money they might save," Donald D. Florence explained, as the start of another school year makes "home work" a familiar phrase once again.

Probably one of the most important of the deductions available to home owners is that which may be made in connection with residential losses sustained as the result of such casualties as fire, storm, hurricane or flood, he said. Casualty deductions may be made for damage to trees, shrubbery, or other attributes of the property as well as damage to the house itself.

Florence pointed out, however, that such deductions are limited to the lesser of 2 amounts — the difference between the value of the property before and after the casualty, or the income tax basis of the property to the individual at the time of the casualty. In either event, the deduction is reduced by any insurance that is recovered.

* * *

AS AN EXAMPLE of the operation of this principle, the local Realtors' executive cited the following hypothetical situation:

Exclusive of land, Mr. Smith's home cost $25,000, but was worth only $21,000 when it was completely destroyed by fire. The home was insured for $19,000 which was paid in full. The casualty resulted in a decrease in value of $21,000. But, since $19,000 was received through insurance, Mr. Smith's tax deduction was limited to $2,000. Had the home been worth $30,000 when it was destroyed, Mr. Smith's tax deduction would have been limited by the cost of the home to him. The deductible loss would have been $6,000 — the cost of the home less the insurance.

Florence advised that casualty deducted only if the individual itemizes his deductions on his tax return. To do this, of course, careful home bookkeeping records must be kept.

* * *

OTHER AND MORE familiar deductions which home owners may make in their federal tax return include those for real estate taxes, and interest paid on home mortgages, and interest paid on property improvement loans.

Real estate taxes are deductible for federal tax purposes whether paid on residential or any other type of real estate.

Retail Sales Increasing In Northwest Suburbs

(CNS) Wilmette replaced Park Ridge as the sixth largest north suburban retail shopping area during the fiscal year ending June 30, 1957, it was disclosed by a tabulation of state revenue department figures on collection of the 2.5 pct. state sales and use taxes.

Park Ridge moved back to eighth, the position occupied by Wilmette the preceding year.

* * *

WILMETTE'S LATEST total was $739,455, compared to $557,401 the preceding year. Park Ridge reported $637,239, down from the preceding year's $670,000.

Arlington Heights remained in between them in seventh place both years, with $675,288 up from $56,273.

Though Skokie has been in second place since January, Elgin nosed it out for the fiscal year, $1,880,487 compared to Skokie's $1,719,588. The preceding year Elgin's lead was $1,783,453 to a mere $1,021,887 for Skokie.

* * *

EVANSTON REMAINED first, but was down slightly, with $2,907,224 compared to $3,090,024 the year before.

Barrington and Norridge scored the biggest gains for the year, in both position and relative amounts. Barrington was 13th in the year just ended, with $390,337, of which $193,302 was in the Cook county portion, compared to 19th the year before with $189,573 total.

Three more of the top 10 showed no change in position, but varying increases in sales. They were: Des Plaines, 4th, $1,249,261 from $1,021,003; Highland Park, 5th, $806,712 from $781,596; and Winnetka, 9th, $508,660 from $473,822.

Of the next 3, 2 moved up one notch and the third dropped back 2. Advancing were Lincolnwood, 10th with $483,180 from $374,096; and Franklin Park, 11th with $457,875. Glenview dropped from 10th to 12th, with $439,715 from $394,650.

Chicagoland Home Buyers Rated Among Nation's Best

The Chicago area contains the country's best group of home buyers -- and they are creating a market for larger, better constructed houses.

That was the opinion voiced by David Muss, president of Winston Park Northwest corp., whose firm is constructing a multi-million dollar housing, shopping and industrial center in Palatine.

Muss, who recently transferred his home office and major construction staff members to the Chicagoland area, proclaimed confidence in this region for housing and industrial expansion as a symbol of the growing progress by suburban communities.

* * *

"HERE LIES a great future and unlimited potential. In this area buyers have more cash to put down on their purchases than buyers anywhere else in the country -- and that includes New York. Quite a few have 50 per cent cash and some even pay all cash," he said.

Reasons for this "unique situation," added Muss, may be that Chicagoans are thriftier or perhaps it's because of the steady employment record of Chicago industry.

"But whatever it is, I'm sure it's a healthy sign," he said.

'New Strengths' May Aid Business

Key to the nation's rising tide of good business since the 1953-54 recession, the Federal Reserve Bank of Chicago states, has been the succession of new strengths which have come to the fore each time the economy appeared to be leveling off.

One of these buoyant forces on the current business scene appears to be mounting consumer buying at stores and showrooms across the country.

Retail sales are reported to have risen further in August from the record July (seasonally adjusted) pace. Most of the sales uptrend since last spring has been in soft goods lines. Large chain stores in the food, apparel and shoe field reported especially good results during the summer.

* * *

WHAT'S MORE, residential construction also gives some signs of a revival, after a 2-year downswing. Private housing starts in mid-summer hit a yearly rate of one million units for the first time in 1957. This compares with a rate of 960 thousand units in the January-June period.

But according to the bank, evidence of these "new strengths" comes at a time when business capital outlays have ceased to rise and appear to be moving onto a high plateau. Recent surveys reveal that spending for plant and equipment increased less than 1 per cent in the summer and are expected to remain stable through the rest of the year.

* * *

FEDERAL SPENDING also may flatten out in the months ahead. Attempts are being made to bring annual defense expenditures back to the $38 billion level — 3 to 4 billion under the post-Korean war peak.

On the other hand, the bank points out, U. S. outlays for assistance to the states under the Highway Act of 1956 will stimulate construction expenditures. With the program just getting under way, allocations during 1957 are expected to total $1½ billion, about twice the 1956 level. Moreover, these payments should accelerate in the coming years.

Double Ring Ceremony Unites Palatine Pair

(Jenart Studio

September 14 was the wedding date of the double ring ceremony which united Janice J. Langhorst, daughter of Mrs. Helen Langhorst, 51 S. Plum Grove ave., Palatine, and Eugene De Julius of Cary, Ill. The wedding took place at 3 p.m. in St. Theresa church, Palatine, with Father Sullivan officiating. The church was decorated with altar bouquets and baskets of white mums and gladioli. Mrs. Mullen was organist.

The bride's uncle, Chris Rieke Jr. of Barrington, gave her in marriage. She wore a white taffeta gown with long sleeves, sabrina neckline trimmed with seed pearls and sequins and a chapel train. Her fingertip veil was held in place with a double crown of seed pearls and iridescent sequins. Five white orchids edged with feathered fugi mums formed the bridal bouquet.

Matron of honor was Mrs. Rita May, the bridegroom's sister, of Blue Island. Her floor-length gown of mint green crystallette had a fitted bodice and round neckline trimmed with small tucks which ended in a small bow at the back. Her crescent-shaped bouquet was of bronze and yellow mums tied with mint green ribbon. Bridesmaids were Lois Goebert and Carole Bauer, both of Palatine. They wore bronze gowns identical to the matron of honor and carried like bouquets tied with bronze ribbon.

Best man was Carl May, and ushers were Eugene Bobinski of Palatine and Sylvester Hoffman of Chicago.

At a reception which followed at the Palatine American Legion hall for 300 guests the bride's mother wore a beige satin street-length dress with a corsage of yellow orchids.

The bridal couple is now at home at 8 Jamesway st., Big Oak Manor, Cary, following a honeymoon in Wisconsin and Minnesota. Both are employed at Eimco Corp. in Palatine. The bride is a graduate of Palatine high school, and bridegroom of West Frankfort high school.

Just Around The Corner From Patty McArdle

The Big Brownie Meeting!

Dear Peg:

The day finally arrived—the big important day that the children had been asking about and waiting for since school began. Notes had been sent to parents, announcements made in school and this was it—the day of the first Brownie meeting!

Fern, my co-leader, and I were prepared when the stampede of laughing, excited, bright-eyed little girls charged into the recreation room and gathered around us like a flock of chattering little chickens. Seeing their eagerness, I must admit I panicked slightly, and for a moment hoped and prayed that I would be capable enough to guide them in the learning and character building that is the essence of scouting and well trained enough to make scouting the happy and fulfilling experience they expected it to be. I looked at Fern and from her smile knew that she was thinking the same thing.

Because there are 45 girls in the third grade, 2 troops were organized, the girls from one room in one and those who have class together in the other third grade room form the second troop. Our school has the universal problem of too little space for all the activities, to say nothing of all the classes, consequently the third grade troops must meet at the same time in the same room. However, we are fortunate to have a very large room in which the acoustics are good and which will be even more satisfactory when we put up a dividing curtain.

Upon our suggestion, the Brownies-to-be removed their coats and took seats in the circle of chairs prepared for them. There were nineteen girls (only one missing due to illness) and Bridget, who we explained was just visiting (she may continue to visit as long as she behaves herself—when she no longer cares to, she may go home after kindergarten with Susan, our 8th grade baby-sitter, and Patrick.)

Fern and I introduced ourselves and then asked each girl to stand and tell her name—much giggling when Megan McArdle introduced herself.

The introductions over, Fern told them the story of their founder and how the name "Brownies" happened to be used for "beginning scouts." They were enchanted by the story of the two children who learn that they can be "brownies" just like the useful "little people" who once inhabited the north country of England.

At the end of the story they all clapped their hands and waited anxiously for the next move—that is, all but one little girl who had been keeping an eye on the troop at the far end of the room. At this point that troop was laughing and talking and eating something, and our little girl raised her hand to speak. Fern called on her.

"The other troop is making more noise than we are," she said suspiciously, "and I see that they're eating something!"

"We're going to have a snack too," Fern said, "in just a few minutes." I spoke up and told the troop that we have some important things to discuss before our snack, among them, how to become a Brownie. Their attention recaptured we discussed coming to four meetings, our national membership, the learning of our Brownie promise and, of course, the big question: when they could start wearing their uniforms ("after 4 meetings" sounded like "after 4 years" to them).

At this point, our too-observing Brownie informed us that the other troop was going outside (you see, this is why we need a curtain!) We assured her that we would go out soon but that we wanted the girls to know the handshake, the greeting and the salute first.

Realizing that on a bright sunny day, after many hours in school, 35 minutes is long enough to talk to little girls, even though they are eager to hear all that you have to say, we distributed bright red apples to each one and all went outside to play. 4:30 came much too soon to suit them and they were reluctant to say "goodbye" for the day. We had our closing inside. They sang one of their school songs for us and we passed our newly-learned handshake and salute around the circle. I do hope the children continue to enjoy being Brownies as much as they seemed to today. I'm sure I shall.

My love,
Patty.

Mrs. Mundy, Guest At Gattinoni Presentation

Mrs. Muriel Mundy of the Silhouette Shop in Arlington Heights, was among the 100 guests invited to Fernanda Gattinoni's presentation of winter fashions shown October 3 in New York City. Fernanda Gattinoni of Rome has been a leader of Italian fashions for over a decade and this was her first trip to America.

Mrs. Mundy, through a mutual friend, had met the designer while in Rome last spring and received a personal letter inviting her to the presentation. The collection was shown in the white and gold room of the Plaza hotel and Mrs. Mundy commented that many of the ensembles featured overskirts with windblown appearance and in general appeared more wearable than some seen in Parisian shows. Length of the skirts increased with the hour and with the importance of the occasion, some featuring short trains with prices ranging from $200 to $3500.

Gloria Swanson was also among the clients invited and arrived at the show looking as neat and chic as always, commented Mrs. Mundy. Clare Booth Luce, Ingrid Hergman, Kim Novak, Audrey Hepburn and Gina Lollabrigida all wear clothes designed by Gattinoni in their films as well as their private life.

Violet Society Plans Forum On Leaf Cuttings

Suburban Saintpaulia society, an affiliate of the African Violet Society of America, held its first regular meeting of the new season October 2 at the home of Mrs. Harold Klopp of Palatine, with Mrs. Clarence Paeglow of Arlington Heights as co-hostess. Highlight of the meeting was an address on "The Culture and Propagation of African Violets" by Mrs. Harry Bell of Norwood Park, president of the Norwood Park Womans club, and a member and past president of the Rose Onna African Violet club of Chicago.

Next meeting of the suburban violet group will be held November 2 at the home of Mrs. Donald Tiedmond of Mt. Prospect. The program is scheduled to include a panel-forum on "How to Grow Leaf Cuttings" with a demonstration by the panel members, Mrs. Elmer Busse and Mrs. Reginald Helgesen of Palatine, and Mrs. Walter Damm Jr. of Arlington Heights.

Newcomb of Huntington, W. Va., were married October 11 at 8 p.m. in a candlelight service at the First Presbyterian church, Arlington Heights. Dr. Paul L. The bride was given in marriage by her father and was preceded down the aisle by her sister, Dorothy Lattof, maid of honor. Other attendants were Miss Esther Bailey and Mrs. Robert Carson of Chicago and Miss Dolores Kokot of New York City.

John R. Richards of La Grange was best man. Ushers were Warren Lattof, brother of the bride, Francis Neuhaus of Durham, N. C., brother-in-law of the bridegroom, and Cuyler Gunn and George Wolfe of La Grange.

Her fingertip veil was secured by a crown of seed pearls and she carried a bouquet of amazon lilies and stephanotis, Her attenddants were gowned alike in peacock blue silk taffeta ballerina-length dresses and wore matching pearl-entwined headdresses. Their bouquets were of yellow and bronze chrysanthemums.

A reception at Inverness country club followed the ceremony. After their wedding trip to West Virginia, Virginia and North Carolina, the couple will reside in La Grange. (Guthman Photo

Judi Walpole Becomes Bride of Jack Poppe

"Because" and "The Lord's Prayer" were the selections sung September 28 at the wedding of Miss Judi Walpole, daughter of Mr. and Mr. Edward Walpole, 205 Grove place, Prospect Heights, and Jack Poppe, son of Mr. and Mrs. Hans Poppe, 938 S. Benton, Palatine. The candlelight, double ring service took place in Immanuel Lutheran church, Palatine, at 6:30 p.m. with Rev. Hilmar T. Rosenberg officiating.

Paul Leimer was organist and Mrs. Hilmar Rosenberg was soloist. Vase arrangement of white mums and gladioli with a background of ferns decorated the altar and white satin ribbons and baby mums and gladioli marked the pews.

The bride's gown was fashioned with a bodice of french rosebud lace with skirt and train of nylon chiffon over white satin, appliqued with lace roses sewn with seed pearls. White fuji mums with stephanotis and ivy made up her crescent bouquet. Mr. Walpole escorted his daughter.

Mrs. Barbara Walpole of Prospect Heights was matron of honor and wore an emerald green velveteen sheath dress with overskirt of emerald green tulle. She carried a crescent bouquet of pale yellow baby mums with bittersweet and oak foliage. Mrs. Marilyn Larsen of Chicago, and Miss Dorothy Pope, sisters of the bridegroom, were bridesmaid and junior bridesmaid, respectively. Mrs. Larsen's gown was of emerald green velveteen and tulle while the junior bridesmaid's was of nile green nylon chiffon over taffeta. All the attendants wore matching headpieces, crowns of emerald green tulle leaves with seed pearls sewn into the tips of the leaves. Their bouquets were also of the same flowers.

Six-year-old Dale French of Prospect Heights was flower girl and wore a gown fashioned identically to the junior bridesmaid's gown. Jon Walpole, 8, brother of the bride, was ring bearer.

Mrs. Walpole was attired in a royal blue velveteen dress with matching hat and corsage of cymbidium orchids. Mrs. Pope was in toast lace over champagne satin. Her corsage was also of cymbidium orchids.

Best man to the bridegroom was Joseph Landinger of Arlington Heights and ushers were the bride's brother, Phillip Walpole and Elroy Anderson Jr. of Arlington Heights, cousin of the bridegroom.

One hundred fifty guests attended the reception held in the home of the bride's parents after which Mr. Pope took his bride on a brief wedding trip. The couple is now at home at 320 W. Dundee rd., Palatine.

The bride was graduated from Arlington high school and the bridegroom from Lane Technical high school. Mr. Poppe is employed by Lake Zurich Metal Products. (Bak Studio

Bleaching Harms Some Fabrics

Bleaching isn't always the answer for homemakers who want sparkling white clothes.

In the case of fabrics advertised as being "wrinkle-resistant" and "drip dry," bleaching can cause more harm than good, according to American Institute of Laundering, research and educational center for the professional laundry industry.

* * *

TO GIVE garments wrinkle-resistant and drip-dry properties, the fabrics are treated with resin finishes. Many types of resin finishes chemically unite with the chlorine in the bleach. The chlorine cannot be removed by washing and rinsing and builds up in the fabric.

When the amount of chlorine held by the resin finish is great enough, the heat of ironing will release it as hydrochloric acid. This acid often causes browning and weakening of the fabric, thus shortening its wear-life.

* * *

HOWEVER, when white or predominantly white cottons become badly soiled or stained, bleach must be used to return their sparkling whiteness. Further, laboratory technicians find that despite manufacturers' claims, most "drip-dry" garments require some ironing for best appearance. But most of these resin-treated cottons cannot be safely ironed after bleaching with the antiseptic, chlorine-type bleach used by most housewives and professional laundries.

Textile experts caution housewives buying white, wrinkle-resistant cottons to make sure they can be bleached. The best guarantee that wrinkle-resistant white cotton blouses, shirts and uniforms can be safely ironed after bleaching is to look for the Certified Washable Seal of American Institute of Laundering. A fabric bearing this Seal has been laboratory tested and approved for normal washing procedures.

Diane Hamm Becomes Mrs. Norbert Flowers

Miss Diane Carole Hamm, daughter of Mr. and Mrs. George Hamm, 3201 Thrush ct., Rolling Meadows, became the bride of Norbert Steven Flowers, son of Mr. and Mrs. Steven Norbert Flowers, 915 Salem, Arlington Heights, in a double ring service August 4 in St. James Catholic church, Arlington Heights. Rev. Robert A. Reicher officiated at the 2 p.m. ceremony.

For her marriage the bride chose a white chiffon ballerina gown and a fingertip veil held in place with a white sequin band. Her flowers were white carnations and stephanotis with white roses. Mr. Hamm gave his daughter in marriage.

The bride's sister, Lola Jeanne Hamm, who is now Mrs. Robert Slonecker, was the bride's only attendant. She wore a pink, crystalline ballerina gown with matching shoes and pink nylon gloves and carried pink carnations and red roses.

The bride's brother-in-law, Robert Slonecker, was best man.

Zoo Deprives Her Of World Series

by MARY

They laughed when I said that the Braves had a good chance of winning the series. They laughed and said that I had to back up my blind faith with a tangible side bet. This was sort of hitting me where I lived but I had faith, blind, unreasoning faith.

Up until the last day of the series, I considered that I was more than holding my own and I could hardly wait to settle down to watch the game.

And then, the youngest's school room mother called and said how would I like to go to Brookfield Zoo? Next to having holes bored in my head, I just couldn't think of anything I would like more.

FOR EASILY 10 minutes, duty and I had a pretty little wrestling match. But, duty didn't fight fair what with calling the youngest in for help. Large tears and cries of "you said you would" broke down my already weakened resistance. So, the last day of the series found me and my little charges on our way.

Bright and early, we all boarded a bus. Handsomely attired in clothes fit for the north woods, each of us had a plastic bag containing lunch draped around our necks albatross fashion.

The bus roared to life and we sped down the highways and byways on the square wooden wheels all school buses have as standard equipment.

THE LITTLE sightseers in my group were actually good as little sightseers could be. There were only minor incidents such as one little girl who went behind the fence to get a better look at the Siberian tigers. How was she to know that animals from Siberia are like people from Siberia and just hate other people?

I was the one who drove everyone to distraction. As I wandered the miles and miles of Brookfield, I kept my little ears pointed in all direction for the happy noise of a portable radio. When I would find some unsuspecting soul, I would rush up, clutch his arm and plead for the score.

* * *

THIS KEPT me busy and sort of left my little ones to their own devices. Which made them very happy.

And, finally after 36 hours of walking, we again boarded our bus with the strange wheels and came home.

I arrived in the house just in time to see Eddie Matthews make the last out. It wasn't much. I grant you, but it was a little better than nothing.

Miss Williams has attended Indiana State Teachers college and Illinois Institute of Technology. She has been with the Wesson Oil people for 17 years and has worked with homemakers throughout the middle west.

After the program, the hostesses of the month will serve refreshments. They expect to be busy as each member was told to bring a guest. Hostesses are Mrs. W. E. Bartz, chairman assisted by Mrs. L. W. Borris, Mrs. T. P. Boland, Mrs. F. Brereton, Mrs. W. Schaefer, Mrs. J. Billings, Mrs. J. Bobka, Mrs. J. Birchler, Mrs. G. Bowen, Mrs. R. Broeren, Mrs. W. Bricker, Mrs. P. Brockman and Mrs. R. FOOT SAVING EDUCATION

by J. H. Kotz

Are you not exaggerating the problem of fitting shoes?

Sometimes I think that I may be over-enthusiastic about the subject but I have a defense against such thinking.

Newspapers frequently carry stories of cab drivers who pinch-hit creditably for doctors at the birth of a baby. "Mother and child are doing fine."

Do we exaggerate the role of the doctor in maternity cases? There probably are many instances when the doctor has little to do but can you visualize the chaos if doctors turned all maternity cases over to cab drivers or lawyers or teachers or students.

Selling shoes has always been a job to which anyone can turn when pleasanter jobs are not to be had but selling shoes and being a shoefitter are as different as clerking in a drug store and being a pharmacist.

Make Police Mark Cars

I am just a busy housewife, but I would like to take time to tell you about something I saw last night.

My husband, baby and I were enroute home on Dundee rd. last evening after dark when we spotted 2 cars parked on the side of the road which was quite lonely. This was somewhere between Northbrook and Wheeling.

As we passed, I noticed a policeman was at one of the cars giving a ticket. The car which was evidentally the policeman's was pink and white and unmarked. Now I do not intentionally intend to break the law, but if I should unintentionally do so, while driving alone on a dark lonely road, I would not wish to stop if a car tried to pull me over, which was not clearly marked.

Right now there are stories in the papers about men posing as policemen only to lure women to harm. How would I know it would be the law stopping me? If I didn't stop, I suppose I would get shot at, and I would be breaking the law for trying to save my life. If there aren't enough taxes to buy new marked police cars, isn't there some way we can make the police mark the cars they use to enforce the law.

Our Teens Are Tops

After entertaining at least 100 Arlington seniors after the game October 4 my husband and I, together with our neighbors, want to go on record as saying our teens are tops. With a continuous change of teenagers appearing at the senior class open house at our home, and entertainment both inside and outside the house, a more courteous and gracious group of young people we have yet to meet.

What amazed us even more than the beautiful conduct of our guests was the neatness they exhibited. Using stacks of paper cups and plates we anticipated some litter the following day, but our cleanup merely consisted of folding up the benches, chairs and tables the youngsters had used in the yard. All debris had either been disposed of in the fireplace or else piled neatly; likewise, our downstairs recreation room where the high schoolers had danced and visited, showed no undue disarray.

Thank you, seniors, your appreciation was self-evident.

A Long Way Toward Solution

Thank you very much for allowing us to attend the Suburban Problems Clinic last Saturday.

Charles Hayes and Tom Brennan certainly planned the day very well. Having our suburban problems aired goes a long way toward solving them.

We certainly hope you will sponsor a similar clinic next year.

New Approach to Problems

I wish to thank you for the privilege of being invited to your unique regional meeting concerning suburban problems.

Although it may not have settled any problems, it was a stimulating introduction to a new approach in problem solving on a much broader scale and in a more intelligent manner than most of us have observed heretofore.

Thank you again and best wishes in any continued efforts in like direction.

Everyone to be Complimented

Concerned About Hazardous Route

It was gratifying to see the recent front page and the editorial of the Mount Prospect Herald on the subject of a foot bridge across Weller creek on Main st., for the safety of the children living in the Country Club Terrace development and attending Lions Park school and Central school.

We as parents of a child attending one of these schools, are deeply concerned about the hazardous route that has to be travelled in order to arrive at school and back home again.

The safety of all the children right now is more important than shopping centers or new parking facilities.

Buy Bensenville Auto Tags

As another year approaches its end, there are no doubt great sighs of relief being heaved by those who have cunningly connived to avoid acceptance of their responsibilities as motorists to contribute to the Bensenville vehicle fund. We have had adequate street maintenance; our street signs have recently been replaced; generally, the return on our five dollar investment is not easily overlooked.

If these arrogant rogues cannot lower themselves to paying their shares—and $5.00 in Bensenville is a far cry from the 30-odd dollar fee charged by some other cities nearby—they should be brought to task: force these people to pay up with interest. It is not fair to those who faithfully pay their auto fees to allow these goldbrickers to go scot-free, not for just one year or 2, but in some cases, 3 years.

In 1958, a deadline for purchase of motor tags should be established and fines levied for all violations. Better enforcement of this regulation will not only pay these dishonest citizens their due, but would serve to collect needed funds for traffic management, street repair, etc. Our police force has served well in many ways. A routine matter of this sort should not pose much of a problem for them.

Modern Etiquette

Q. Is it proper to answer formal invitations on the typewriter?

A. Answer formal invitations by hand, always.

Q. Don't you think the oft-repeated expression, "Good-by now" is in poor taste?

A. Not really. There can be no objection to the friendliness of its meaning, which is "good-by for now," and actually conveys the intention of seeing that person soon again.

It Doesn't Seem Fair

Suburban School Districts Need Increased State Aid

The dilemma facing schools was clearly defined at the Suburban Problems Clinic recently sponsored by Paddock Publications.

Residential suburbs can no longer carry the burden of providing good school facilities based on the present tax structure, where a third of the state's wealth shoulders the growing load.

An average of 80 per cent of school costs is paid by local taxes and 20 per cent by state aid.

This creates a serious situation in mushrooming communities faced with the problem of building schools and staffing them without sufficient tax income to pay the bill.

Real estate taxes—nudging $5 per $100 valuation — are reaching their maximum. They cannot be increased much more without creating a too-heavy burden on home owners.

Furthermore, school officials predict that the "hey day" of easy bond issues has passed, and a major problem will be citizen rejection of tax rate increases. Supt. Jack Norris of Wheeling termed it "not an organized revolt but a silent and sullen resentment to taxes and government."

The impact of large housing developments upon school districts can be partially cushioned with voluntary cooperation from builders. Smaller districts can consolidate with larger districts to effect greater economies in operation. Suitable industrial development in suburbs can broaden the tax base and take some of the pinch off individual home owners. And school officials can do a better job of telling their story to the community.

But none of these stop-gap measures will eliminate the absolute necessity of increasing state aid to elementary schools.

It seems apparent, however, that the present state government is unwilling to expand its assistance to hard-pressed school districts.

Gov. Stratton, in disregarding the School Problems Commission's recommendations, made it clear he felt that financial support of schools was up to the individual school district.

As a result of Stratton's pressure, the school aid appropriation was far below the figure that educators and the governor's advisers had urged. It seems unlikely at this point that the governor will have a change of heart.

This leaves the suburbs holding the bag.

Thousand dollar tax bills no longer excite loud gasps. Many districts have exhausted their bonding power. In many other districts, tax rates are already at, or nearly at, the legal maximum.

The governor's dictum does not affect the vast majority of Illinois communities where growth has been slower and more orderly. But in the "boom" expansion of Chicagoland, it has created serious hardships for suburban taxpayers and schools.

The issue is simple: does the entire state of Illinois have a stake in the education of its youngsters; or is education something which is of importance only to the individual school district?

Random Jottings On Clinic

by REV. WILLIAM McGILL

Random jottings from the Suburban Problems Clinic sponsored by Paddock Publications:

There was the comment by Mr. Riley, who is president of Hasbrook Construction company, that assistance to schools can be better arranged than is true in Illinois.

In some of the New England states, arrangements are made to place new homes immediately on the assessment lists.

In Indiana, there are methods by which firmer commitments are available for borrowing from private sources to meet needs until tax money is received.

FHA approval of expenditures for education would be a relatively simple bookkeeping operation. It would represent a great help to school boards and would provide greater encouragement to builders to participate.

* * *

ONE OF THE interesting facts about the clinic is the people who participate. The invitation list, of course, was a selected list.

There was a large percentage of the Advisory committee created by the Arlington high school board of education a few years ago; there were a number of people who have been interested in the development of the Northwest Hospital center.

The Parent Teacher associations were strongly represented. Nearly every community in the area had members of its village board, zoning board of appeals, and planning commission present; practically all of the school boards were represented.

IT POINTS up one of the rules under which society's groups and movements operate: Busy people are the only ones who respond to great opportunities. If there are important jobs to be done—don't go to a man who has time on his hands. Such a man won't be able to work it into his schedule. Go to a busy man, he'll figure a way to do it. The man who is faithful in small tasks for the public good always gets his reward—he gets more tasks to do.

The others never realize how much they miss.

* * *

I HAD TO LEAVE just as Professor McDougall was developing the need for planning and zoning to take account of sociological change. As a boy, he indicated, bakery, dairy, grocery, drugs and other service outlets were all within walking distance. Little more was needed than the bicycle or coaster wagon to get to any of these centers of supply. The chain store and the automobile changed that picture.

Will another generation produce further change in the picture? McDougall foresees a continuous city at least 50 miles in all directions from State and Madison sts. That includes roughly, Zion City, Elgin, Aurora, Joliet and Michigan City. Does this imply a need for a number of multiple-store shopping centers with a corresponding decline of the downtown business centers in most of our cities and villages?

Populations do not stand still. Commercial interests cannot afford to do so. Responsible persons in the community cannot afford to expect the next 20 to 50 years to be just like the old days.

Way Back When

50 Years Ago

October 18, 1907

Barrington is in a turmoil which originated over the reported inability of a Miss Hurlbut, to maintain order in her school room. She holds a contract and threatens suit if her salary is not paid in full. On reaching her home in Chicago, she found a letter from the Board of Trustees, asking for her resignation. She returned to Barrington and when the high school scholars had learned of the trustees action, they called a strike and began demonstrations against Principal Fulton. The school attendance normally 85, is now below 20 and those few are attending under compulsion of parents. The whole town is divided; the temperance lines are brought into play. Talk of an indignation meeting is going the rounds. The police have been called to quell school boy riots. Several individual scandals have started that are growing into an immensity that will cast a cloud for some time.

Miss Clara Jahnke of South Barrington, was horribly burned Monday after trying to start the kitchen fire in the Popp home with kerosene. She died Tuesday morning.

LOST OR STOLEN from River Grove, on the Des Plaines river, one dilapidated wooden Presbyterian church, containing 200 worn camp chairs and a pulpit in need of repair.

ARLINGTON HEIGHTS Mike Firnbach and family moved Wednesday from Buffalo Grove to their new home on State rd. She bought one of the handsome Pfluger cottages.

Elk Grove —Arthur Scharringhausen and wife were surprised by a few relatives and friends Tuesday evening in honor of the sixth anniversary of their wedding.

There was a social gathering at Louis Schnell's home Saturday in honor of his birthday.

Palatine — We regret to announce the death Wednesday night of Mr. George Grigg, an honored and highly respected citizen of Palatine.

J. E. MORRIS entertained his brother, from Chicago, this week. The Morris famiy came to this part of the country in 1845, long before a railroad was thought of. They can tell many interesting reminiscenses of those days.

Bensenville carpenters, Hoppenstead and L. Brettman have finished building a barn on Herman Mess' place occupied by Hy Spande and are now busy putting up one for Hiementhal on his property where F. H. Voberding ives.

40 Years Ago

October 19, 1917

Wheeling — The Dundee road work is being carried on as rapidly as weather conditions permit. It is expected that the stretch from the Northfied churches east to the western line of the Soo Line RR will be finished this year. About a mile and a half of this is yet to be completed.

Wheeling is booming some these days. Three new buildings are being put up on Dundee road, west of the village. Mr. Utpadel Sr. is pushing his toward completion immediately west of Dr. Benz' place; further to the west near the railraod Mr. Katwitz has been making improvements. He has put up a building which will be occupied by the family but later this is to be supplanted by house proper. Miss Mors has also made a start for a house and farm on her land near the depot.

* * *

THE WHEELING Parent-Teachers Association met or rather failed to meet Oct. 14. Six members came to the school house, two of these from Buffalo Creek Farm. No quorum being present the business was put over for a month. (Wheeling has either too much life or too little. It needs a little toning down or toning up.)

Parking 'Lots' on Four Streets

I noted with interest your Suburban Problems Clinic which was to be held at Pioneer Park.

Right now I am particularly intrigued with the subject, "zoning and planning" and am wondering how you would explain the parking lots on 4 residential streets, such as Fairview. With such an illustration of poor long-range planning I think your first patient at the Clinic should have been Pioneer Park.

Can you tell me why with 5 years of planning consideration had not been given to the deteriorating effect of a parking lot on a residential street especially when there is enough vacant property near the field house which can be acquired even yet? One doesn't have to be a real estate expert to realize the damaging effect a parking lot has on adjacent property.

As an illustration, the homes already erected on Fairview are practically worthless and might just as well be annexed to the park for auxiliary meeting rooms as they will either go unsold, be bought and sold too frequently, or the unfortunate purchasers will tend to neglect them throughout the years thereby contributing to the general decay of the neighborhood.

I am impressed with your crusade for off-street parking on commercial streets but I fail to understand your strange silence with respect to Pioneer Park which in my estimation is also equally commercial considering the volume of business they do daily such as parties, dances, showers, meetings, etc. besides swimming in summer, however civic they may be in nature. Time was when proximity to a park was desirable but in this case it is a detriment.

I cannot understand why the park district which is tax supported would knowingly render all adjacent residential property worthless rather than confine the unsightly parking lot to one inconspicuous area when the land is so readily available.

As a suggestion, Park st. between Pioneer Park and Our Lady of Wayside church could be acquired as it is in line with the field house and not yet flanked by homes. It would enable the builders to plan a buffer zone between the parking lot and the homes.

Interchange of Ideas Needed

With the Suburban Problems Clinic, still fresh in my mind, I feel that you and your staff should be complimented on the excellent program that you arranged and for the hospitality that you so generously extended to all.

The attendance, the interest and the questions from the floor, indicated to me, that this type of interchange of ideas was sorely needed and greatly appreciated by all.

I should like to thank you for the privilege of having attended this most important meeting, and further would like to compliment you upon the very business-like manner in which the whole session was planned and carried out. Your whole staff did an outstanding piece of work, especially Charles Hayes.

Palatine 'Facts and Quacks'

We have a village board that must be consulted, recognized and respected when it comes to making highway changes with impunity.

What is the main highway problem in Palatine? Route 53 as is? What do you think?

Route 14 will be less traveled after the toll road to south is completed, insofar as thru traffic is concerned. (Logical to assume that.) No problem on this.

The problem then is to get Route 53 out of our hair. Someone ties Route 83 to Route 53 and wants to run it through Palatine. Public gets mad. Recently we have had some fantastic planning, from sources beyond the average citizen to comprehend. Please be careful, we might misunderstand.

Route 83 at present is Mt. Prospect's headache. Who wants a headache?

The Palatine expressway bobs into the picture to cut us in half the other way. Please, go easy. That breaks the camel's back.

Repudiation of all phases of highways in the Master Plan setup.

The reason? Too many highway experts? Everything jumbled, except everyone now knows the Palatine village board is not. What are they going to do now? Why don't someone ask them? I'll bet they have answers.

Do you know where the proposed Route 53 with 83 tied to it, can go? Wait a minute. Wilke road?

We have an eastern boundary on Wilke road; so has Rolling Meadows and Arlington Heights has a western boundary. This is a common boundary between the 3 communities that will use the highway. WHAT IS THE EQUITABLE THING TO DO WHEN THERE IS A DISPUTE? All give a little? Maybe?

How will they all go on this?

Palatine? Yes. Arlington Heights? Rolling Meadows? Mt. Prospect is off the hook? MAYBE.

Is everybody happy? Maybe.

Concern for Present and Future

On behalf of the League of Women Voters of Arlington Heights, I would like to congratulate Stuart Paddock Sr. and his able co-workers, Charles Hayes and Thomas Brennan, not only for their foresight in setting up Saturday's Suburban Problems Clinic and for its smooth execution, but also because it shows the scope of their interest in and concern for the present and future residents of this area.

Surely what Paddock Publications has done should be a challenge and an inspiration to other newspapers.

Profitable, Informative Day

Just a note to say thanks for a very profitable and informative day at the "Problem Clinic."

I feel the program was exceptionally well planned and executed.

By way of suggestion, would recommend that due to the scope of each subject, that only one subject would be touched upon at a time, and that an attempt be made to arrive at a definite conclusion or mutual plan of action.

Famed Organist In Recital Here

Compositions by Bach, Franck, Ibert and others will be presented by a prominent St. Louis organist in a concert Monday, Oct. 28, at Arlington high school.

Dr. Mario Salvador, organist of the Catholic cathedral of St. Louis, will play at the 8 p.m. recital in the school's little theatre. Tickets must be secured in advance at the school business office as the theatre's capacity is very limited. There is no charge or admission.

At the conclusion of the concert there will be a workshop session for working organists who want to discuss specific techniques with Dr. Salvador.

* * *

THE RECITAL will be played on a Hammond concert model organ used in instruction at the school evening course in organ instruction. A school official said the concert should be of particular interest to persons wishing to learn how a modern electric organ can be adapted to church and concert use.

The organist is a member of the American Association of Guild Organists and gave his first public concert in Chicago at the age of 10. He studied at Loyola university, Chicago, the American Conservatory of Music and the Pontifical School of Sacred Music in Rome, Italy. (B8

English Church Designed To Serve Deaf and Dumb

by BILL DILLINGHAM

Is there a place in church for a man who is deaf and dumb?

How can such a person practice his religion, know of the sermons, the psalms and the hymns?

THESE 2 QUESTIONS have prompted the existence of a new church in England that caters only to those who are deaf and dumb.

The Church of St. John of Beverly, located at Ipswich, has a congregation that is considered as active as any other. The people respond en masse using their "language of the fingers." Hymns are "sung," commandments are recited, prayers are offered — all in silence.

There is a St. John's of Beverly choir. Small as yet, being composed of 4 men and 2 women, it "sings" for the congregation without uttering a sound.

THOSE WHO ARE not deaf and dumb are not prohibited from visiting this church and sitting through the services. Numerous outsiders, interested in this unusual spectacle of worship, have to come to St. John's of Beverly. Such observers invariably are most impressed with one aspect of the services: the perfect unison with which a huge group can move their fingers, hands and arms simultaneously. Nowhere else in any human society does a large number of people engage in such complex physical action with this exact timing.

Because of this, those worshippers who are not deaf and dumb claim to have felt equally strong identification with the congregation.

THE NEED FOR such services has been recognized for a long time by religious leaders. Those who are deaf and dumb quite understandably find the ordinary church service somewhat less fruitful to themselves.

Service by radio and TV is equally inadequate. This leaves a sizable number of would-be-worshippers with a strong religious handicap. Now, however, those in the area of Ipswich are no longer "on the outside" of church on Sunday morning. (B12

New K of C Council Installed

There will also be an election and installation of officers, selection of a name for the council and meeting dates. Persons wishing to become charter members, either as transfer or new members, may contact Stephen Csanadi, CL 3-4039.

Paddock Tournament 2-Day Meet This Time

The Paddock tourney — like Topsy — has growed and growed until it will be a 2-day affair, Saturday and Sunday, Jan. 11 and 12.

Paddock Publications Inter-League Handicap bowling tournament pits first place teams of all men's leagues against each other for team prizes, both metal and cash.

This time it will be first place teams of all men's leagues within the area served by Paddock Publications as of Dec. 21 which will be eligible for the 2-day tourney at Bensenville Bowl.

* * *

THE TOURNAMENT started with less than 30 leagues represented. Number of leagues participating has grown to where 64 squads competed last year at Gunnell's. This time almost 70 leagues are expected.

Now, for the first time, the tournament will run through both Saturday and Sunday at Bensenville. Squads will compete at 1:00, 3:15, 5:30, 7:45 and 10:00 each day, first come, first served, as far as preferences are concerned.

The ladies tournament will be held in just 1 day, with more than 32 teams expected at Beverly Lanes Sunday, Jan. 18.

MANY LEAGUES composed of local bowlers living within the direct area served by Paddock Publications do not compete at Hi-Way Recreation, Palatine; Arlington and Beverly Lanes in Arlington Heights; Mt. Prospect and Gunnell's Lanes in Mt. Prospect; Wheeling and Jeffery Lanes in Wheeling; or Bensenville Bowl and Bowlwood at Wood Dale.

These leagues may or may not be able to compete in the Paddock tournament, depending upon residence of a majority of the bowlers. Secretaries of such leagues are urged to contact tournament manager Bob Paddock by letter or phone, with knowledge of home addresses of the bowlers, for clarification as to whether their leagues are eligible for the Paddock tournament. Arlington Homecoming Colorful

FUNERAL SERVICES for the Hinsdale Devils were given by the Arlington sophs as they buried the devils.

SMILING TO HER loyal subjects and waving a red and white victory shaker was Homecoming queen April Marn. Miss Marn rode around the football field between homecoming games at Arlington.

STEPPING SMARTLY in Arlington's homecoming parade were these members of the high school band.

"HEAVEN HELP 'EM," those poor devils, was the bit of sympathy offered by the Arlington freshmen for the opposition.

MAKING HINSDALE the suckers, this Arlington junior homeroom vowed to "Lick Those Suckers."

THE FRESHMEN won honorable mention at Arlington with a chuck wagon which served stewed devils; "The Devil's in the Stew."

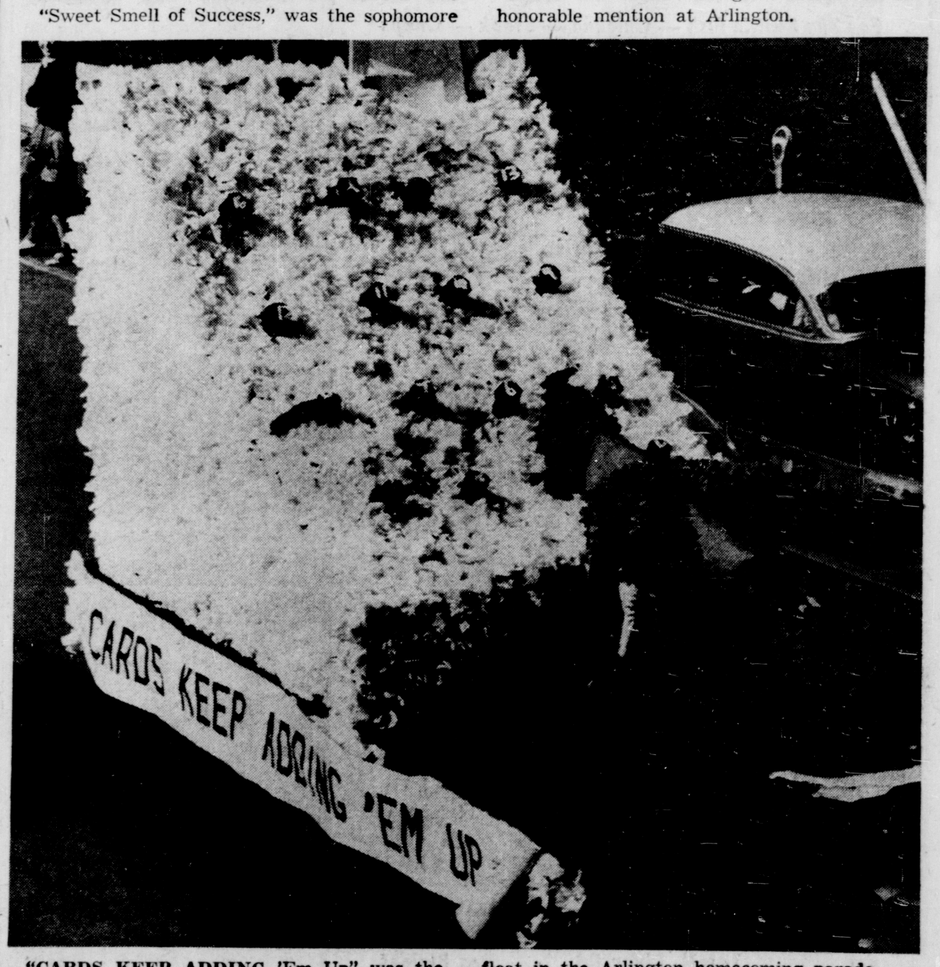
WINNING TOP HONORS in the Arlington Homecoming float competition was the senior float, "We'll Beat 'Em to Pizzas," which showed a chef with a huge pizza pie.

MAKING THE MOST of the movie title "Sweet Smell of Success," was the sophomore "Skunk 'Em" float. The giant skunk won an honorable mention at Arlington.

"JUST LIKE TAKING Candy from a Baby," was the little Cardinal's slogan as she took lollipops from the big devil on this senior float in the Arlington homecoming parade.

These Pictures Seen In 25,000 Homes

THE CARDS proved this third place junior slogan of "We're Pigs for Points" in the victorious Homecoming game October 4 at Arlington.



"CARDS KEEP ADDING 'Em Up" was the prediction of this second place sophomore float in the Arlington homecoming parade.

6 Ways to Increase Dairy Farmer Income Outlined

University of Illinois agricultural economist Roland W. Bartlett this week lists 6 ways to increase dairy farmers' incomes.

This list was prepared at the request of the Illinois Farmers Union for use at its recent farm policy planning conference. These are the things Bartlett suggests:

* * *

1. ENCOURAGE use of the special school milk program. All milk in this program goes into Class I and helps to reduce milk surpluses. Illinois students drank an average of 28 quarts of milk annually during the last school year. This is double the amount of 4 years ago, before the program started. But it is still only slightly over half the goal of 45 quarts per student.

2. Encourage use of milk vending machines and dispensers in factories, offices, schools and restaurants. Having colk milk available is one way of increasing its use.

3. Encourage quantity discounts for purchases in half-gallon or gallon containers. Studies show that discounts help to increase milk sales.

* * *

4. WHEN ORDERING a meal at a restaurant, ask for milk. Many more people than ever before are using milk as a beverage, and most places are serving high-quality milk, Bartlett reports.

5. Encourage improved breeding, feeding and herd management practices in producing milk. A farmer with low cost per 100 pounds of milk produced has a higher net income than one with higher costs.

6. Encourage use of new dairy products, such as fresh concentrated milk, low-fat frozen dairy products and dry non-fat solids. In one California market, fresh concentrated milk is being sold at 5 cents a quart below the price of whole milk. Bartlett says estimates show that stores selling the concentrate sell one quart of concentrate for every 3 quarts of whole milk.

Bartlett stresses that these 6 ways to increase dairy farmers' incomes are practical and sound. They can all be carried out now without passage of any new farm legislation. (Fm

Will You Be Able To Pick Again?

Before long, thousands of Illinois farmers are going to hitch their tractors to cornpickers and start down the rows to harvest an estimated 472 million bushel corn crop.

Unfortunately some human fingers, hands, arms and even legs may get mixed into this bumper crop of corn. Just how many, no one knows.

Some folks will finish picking early and without mishap. Others will be less fortunate, and a few may never see their corn in the crib. What happens to you will depend on how carefully you operate your picker.

Here are a few thoughts that might save some of those arms, legs and lives.

* * *

1. SAFE MACHINE OPERAtion—Safe operation of any machine depends entirely on the operator. The operator must always be alert and agile if he is to avoid some of the emergencies that cause serious accidents.

Through training and experience, the best operator acquires habits that cause him to respond automatically to dangerous conditions.

When learning to operate a new farm machine, get someone to show you how to operate it safely before you try it alone. Always be conscious of danger to other people around your machine. Never let them ride on your tractor and increase the chances of accidents.

Your clothes should fit snugly, with no loose ends. Loose coat tails, large or torn trouser cuffs, torn coat or shirt sleeves and double thumb mittens often cause accidents around moving machinery.

To help reduce farm machinery accidents, learn how to handle them safely and what precautions to take with individual machines, and then practice until you automatically make the right respose.

* * *

2. SELLING YOUR HANDS Cheap?—Have you ever tried putting a selling price on your hands? Chances are you'd think anyone who asked you to put a price on your hands was joking. But to a farmer who has "sold" a hand to a corn picker accident, it's no joke.

The sad, hard facts are these: You not only lose a finger, hand or arm when you get caught in the snapping or husking rolls, but it costs you money to lose it.

Farmers who have leaned from experience know that such an accident costs several hundred dollars in doctor and hospital bills—even more if they want an artificial hand or hook to "fill in" for the missing hand. And while they're laid up they have to hire extra help to do their farm work.

The price is so high that it's hard to see why so many farmers pay it each year. Probably the biggest reason is that they have taken chances before and have not had to pay. Eventually, though, the law of averages catches up with them. Just remember, an accident is no respecter of age or experience.

* * *

3. WEAR THE RIGHT CLOTHing—You've heard the saying, "clothes make the man." Not only can they make the man, but they can also be the cause of his death. Records show that the wrong kind of clothes are often responsible for accidents around corn-harvesting machinery.

A man running a corn picker should wear clothes that won't catch on moving gears, belts shafts and other parts. Even a fairly smooth shaft can grab a torn pants leg, beginning with 1 little thread and then gobling up the rest of the pants—with the victim in them.

Watch what kind of gloves you wear too. No gloves at all are safest; but if the weather makes them necessary, wear cloth ones without floppy gauntlets. Keep away from double-thumb gloves especially. Leather gloves are not safe as cloth gloves because they won't pull off as easily if they become caught.

If you've been putting off mending some of those old clothes, do it now before corn-picking season begins. It may prevent an injury or perhaps save your life.

4. "PLAYING THE PICKER" Can Be Costly—If you "play the horses" and lose, it's money down the drain. But when you "play the picker" and lose, you may lose both money and a finger, hand or arm.

When you try to clean or adjust a picker while it's running, you're betting your hand, your arm or maybe even your life to save a couple of minutes.

You're doing the same thing when you don't put the power take-off shield on the picker. The few minutes it takes to attach shields can save many dollars and months of time if it prevents an accident.

The smart better and the wise farmer, won't put up something so valuable as a hand when the most he can gain is a minute or two.

5. Always Remember to keep safety shield in place. (Fm

Do This to Stop Peach Tree Borers

1. PDB (for paradichlorobenzene) is spread in crystal form around the base of a peach tree, staying two inches away from the trunk, as one of the most effective means of controlling costly peach tree borers. One ounce of crystals is sufficient for treating a mature tree.

2. Loose earth is heaped over PDB crystals to form cone-shaped mound about six inches above ground line on tree's trunk. Fumes penetrate borer holes at or below the ground line; kill the borers.

A record crop of peach tree borers is expected to be at work this fall and winter at or below the ground line on your orchard trees, boring holes that can weaken and kill them. Peach tree borers have been known to wipe out entire orchards, are rated one of the most damaging orchard pests. Experts like Dr. Don King, entomologist at Texas A & M, are recommending to orchardists that they return to the use of PDB (for paradichlorobenzene) as one of the oldest but still most effective means of controlling the borers.

Fall is the proper time for such treatment, when the soil is dry and the soil temperature is above 55°. Follow these steps:

1. Clear weeds from base of tree and loosen soil lightly.
2. Make grooved ring in soil around base of tree at least two inches from the trunk.
3. Drop PDB crystals evenly in the groove (see figure above) at a rate of one ounce for mature trees, ¾ ounce for trees 4 - 5 years old and ½ ounce for trees 2 - 3 years old.
4. Pile soil in cone-shaped mound over crystals to a height of six inches on tree trunk and firm it (see figure at right). Be careful not to push crystals into contact with tree trunk.
5. In early spring, remove earth mound, level soil.

Your farm chemicals store is the best source of PDB crystals. However, you may also find them in drug and department stores where they are sold for clothes moth control. When buying a clothes moth compound for use against peach tree borers, however, be sure to get paradichlorobenzene crystals, not napthalene which is sometimes used against clothes moths.

Illinois High In Realty Taxes

In the 7 years from 1949 to 1955, Illinois farm real estate taxes increased 50 per cent an acre and real estate values increased 40 per cent.

But at the same time, net income from farming decreased more than 15 per cent. C. L. Stewart, University of Illinois land economist, bases these statements on a recent study of Illinois farm real estate taxes covering the period from 1905 to 1955.

* * *

STEWART ALSO reports that during the past 50 years the tax burden on Illinois farm owners has increased more than the average for other states. In this study, he compared tax levies on the basis of acreage, value of farm land and buildings, and gross farm income, farm production expenses and net farm income. In all cases Illinois tax levies were close to the highest in the country in 1955.

The farm real estate tax levy in 1955 averaged $2.97 an acre, fifth highest in the country. On the basis of value of land and buildings, Illinois owners paid $1.23 per $100 value, 12th highest rate among all states. When taxes were compared with net incomes, Illinois ranked ninth with a tax for $23.16 per $100 net income. Compared with production expenses, Illinois ranked second. (Fm

1957 Corn Crop Smaller Than 1956, But Grains Up

by L. H. SIMERL

Corn harvest is in full swing. The crop is not so big as that of last year, but grains and old corn are larger. Prices for this year' scorn crop seem likely to average about 10 cents a bushel lower than prices of last year's crop.

The monthly average Illinois farm price of the 1956 crop ranged from $1.16 in February to $1.23 in December. The December high coincided with the general run-up in commodity prices at the time the Suez Canal was blocked.

* * *

CARRY-OVER of old corn is around 1,400 million bushels compared with 1,165 million a year ago. The new crop is expected to exceed 3,200 million. This total exceeds the 10-year average of 3,144 million bushels, though it is less than last year's crop of around 3,450 million.

The oat and barley crops each are around 16 per cent larger than last year. Production of sorghum grain will be near 500 million bushels, over twice as much as last year's crop and 3 times the 10-year average.

* * *

THE SUPPLY of feed grains in millions of tons for this marketing year is as follows (figures for last year are in parentheses):

Carry-over	48	(43)
Corn	90	(97)
Oats	21	(18)
Barley	10	(9)
Sorghum	14	(6)
Total	183	(173)

The carry-over consists largely of corn owned by the government (CCC). The CCC sold over 300 million bushels of corn during the year ended September 30 and is expected to sell as much or more during this marketing year.

The supply of feed grains in sight exceeds prospective use and exports by around 5 million tons. Thus the carry-over next fall may be near 48 million tons, up about 10 per cent over the 1957 level.

* * *

WHILE CONGRESS cannot set the price of corn by legislation, prices are influenced by price-support programs, at least in the short run. Farmers put large quantities of eligible corn under price support when the market price drops more than about 10 cents a bushel under the support level. The general price support level is $1.10 a bushel comared with $1.25 last year.

The support rate for compliance corn averages $1.40 compared with $1.50 last year. While a smaller proportion of farmers may be eligible for the higher loan rate this year, more corn may be placed under loan. The reason is that production is much greater this year in the western part of the corn belt, where farmers usually put large amounts under loan. Last year many farmers in the best corn areas of Iowa and Nebraska had very poor corn crops — and some had complete failures.

Swine Flu Is Threat in Fall

Be on guard for swine influenza this fall, says Dr. H. J. Hardenbrook of the University of Illinois college of veterinary medicine.

Swine flu has been especially dangerous in the fall since the influenza epidemic swept across the United States some 39 years ago.

* * *

SWINE INFLUENZA is caused by a virus combined with a micro-organism. One carrier may be the earthworm, which acts as a reservoir of infection for the disease. That is one reason for keeping hogs away from old strawstacks, where earthworms are usually present.

These old strawstacks are also generally damp; if hogs have a habit of sleeping there, the combination of quick-changing temperatures and damp bedding set the stage for outbreaks of swine influenza.

Dr. Hardenbrook advises swine raisers to provide their hogs with clean, well-bedded quarters, free from drafts.

* * *

A RATHER peculiar, loud, hollow cough is the first indication of swine influenza. As the disease progresses, the affected pigs may show signs of thumpy breathing and reduced appetite. In general, the symptoms are very much the same as in a case of human flu.

Advice and assistance from the local veterinarian will be helpful in keeping swine influenza from leading to death losses. (Fm

$7,000 PLUS BONUS FIRST YEAR

You will get a salary plus commissions, group life and hospital insurance, and a substantial retirement plan. But, best of all, you will have an opportunity to carve out a lifetime career that you can be proud of.

If you have a sales background or can be trained to sell on a high level your opportunity is limited only by your desire to succeed. You will be furnished with leads or you may develop your own. You will be trained in the field and in the classroom.

If you hanker for a spot in management, you will be considered for a position as District Manager after you have proved yourself a substantial salesman.

This is no fly-by-night operation. Our company has been in business 98 years and has 8½ billion dollars in assets.

Protect Stored Corn

Just because your corn is picked and stored in the crib doesn't mean it's safe from insects. Each year, on the average, stored grain insects eat about 10 per cent of the corn stored on Illinois farms, reports Steve Moore, University of Illinois entomologist.

Moore says you can avoid this "insect tax" by using proper control remedies. But grain insects that are allowed to reproduce unchecked in corn cribs will migrate to other grains and cause further losses. Surveys show that the corn crib is the principal breeding spot for grain insects on most farms.

* * *

HERE'S WHAT YOU can do to prevent losses from grain insects: Before placing this year's corn in storage, clean up all the old grain and other trash inside the crib. Then spray the inside, around the outside and underneath the crib with 2.5 per cent methoxychlor or .5 per cent pyrethrin. Either of these insecticides will kill any insects missed during the cleanup operation and help to prevent new infestations from developing for a short time after treatment.

Cool temperatures during late fall, winter and early spring will prevent further damage. To prevent summer damage, shell corn as soon as the moisture content goes down to 13 per cent. (Fm

Cite New Power Of School Group

by BOB BUCHANAN
(Last of a Series)

The Illinois school building commission, formed by House bill 881 to parcel out $10,000,000 to needy school districts for construction, has been described as the commission possessing more power than any other in Illinois history.

Vernon L. Nickell, superintendent of public instruction and commission secretary, gave this opinion to Paddock Publications when queried about the bill signed by Governor Stratton June 21.

Nickell Pointed out that under the bill the commission has the power to purchase, condemn, and sell property and buildings, distribute $10,000,000 direct the construction of school buildings, and supervise school district building programs.

Asked about the bill, Nickell said, "We had to do something to help take care of the situation. I believe the state has done the right thing to ease the problem. However, I don't think the money appropriated will be enough to handle the job."

Bill 881 created the school building commission composed of 5 members including the superintendent of public instruction and the director of finance who are to serve as ex-officio members.

THE OTHER 3 members are to be approved by the governor with terms expiring March 31, 1959, 1961, and 1963, and each 6 years thereafter.

Governor Stratton appointed George Lloyd, Joliet businessman, Clayton Schlosser of Alton, former member of the school problems committee, and Francis W. Gurrie of LaGrange. By law, Nickell and State Treasurer Elmer Hoffman also became members.

When the commission met last month, Lloyd was chosen by his fellow-members as chairman and Schlosser vice chairman.

ACCORDING TO law, school building committee meetings can be called on 3-day notice upon the agreement of 2 board members.

Commission members receive no pay for their services. However, they are reimbursed for their expenses. To put the commission in business, the legislature appropriated $40,000. Now only time will tell its value. (B12

'Red Mill' Is Amateurs' Next Musical Production

'Red Mill' Is 2 col 30 tempo

Victor Herbert's "The Red Mill" has been selected by Music on Stage, Inc., as the next production. Music on Stage, Inc., is a local non-profit amateur group organized for the purpose of presenting light opera and musical comedy for the enjoyment of the community.

"The Red Mill" is a madcap adventure of 2 young Americans touring Europe and the havoc they bring to a peaceful Dutch village when they take it upon themselves to help the Burgermeister's daughter elope with her true love.

PRESIDENT JACK Wassmer of Palatine has announced that rehearsals, preliminary to tryouts for parts, will begin Sunday, Oct. 20, at 2 p.m. at the Prospect Heights grade school, Palatine and Schoenbeck rds.

Any local resident interested in becoming a member of the group, in either performing or non-performing capacity, is invited to attend. Particularly needed for the forthcoming production are behind the scenes workers —people interested in helping with scenery, costumes, make-up, prompting, ushering and such. Those interested in becoming one of these non-performers need not be present at the rehearsals, but may call Jack Wassmer, FLanders 8-1250, any evening after 6. (A-11

Shopping Prospect Heights

by CAROL BUNTING

There is a touch of New England in the October autumn in Prospect Heights this week.

It's the colorful Ethan Allen Festival, which is being held this week at the Schneller Furniture co., that has brought the New England flavor to the Middle West.

* * *

IN THE FURNITURE world, the name Ethan Allen means the ultimate in supreme styling in the colonial and early American furnishings. In connection with the Ethan Allen Festival, Schneller's is showing a complete collection of the Baumritter colonial collection.

* * *

COLONIAL furnishings radiate a warmth and homey atmosphere that is not often caught by the other periods. Once you see it you will feel comfortable and at home with these furnishings that are so very friendly.

One of the outstanding features of Ethan Allen is its functional design. The collection combines striking colonial designs with the practical utility required in our modern mode of living. The numerous different chests in the group solve the storage space problems of a modern homemaker who prefers the styling of Early American.

* * *

ALL OF THE chests in this group will butt flush together. They have the new low silhouette which makes so many of our modern homes seem larger. Baumritter has even designed a piece that will allow this group to turn the corner without an inch of space wasted.

* * *

BILL HILDEBRANDT, owner of the Prospect Heights IGA Super Market, commented that his prices for this weekend were not only going to be very low on some of the items carried in his store, but that they were bordering on the ridiculous side.

Hildebrandt took over the IGA last June and since that time he has found that Prospect Heights has lived up to his fondest expectations.

"This is a tremendous community," he said, "I am more than ever convinced of the fine opportunity that Prospect Heights offers my business and with each day I am becoming better acquainted with the friendly people of this community."

The IGA's policy is to give its customers the best product for the least amount of money. Hildebrandt said, "Money is what you save when you shop IGA."

* * *

FOR THIS WEEKEND the Prospect Heights IGA can offer its customers outstanding prices on all cuts of pork. And to go with that special pork meal you will find that Motts apple sauce is another good buy.

For the convenience of his customers, Hildebrandt keeps his store open every night until 9 p.m. except Saturday and Sunday. This way he feels that many customers who are unable to shop in the day time may shop the evening most convenient to them and not just on the crowded weekends.

* * *

AT THE HEIGHTS Liquor store this weekend, it looks like the management has given every person a chance to select his particular type of liquor at a special low price. This week there are bargains in every different section of the liquor store.

Whether it's beer, gin, scotch, wines, vodka, bourbons, blends, vermouth, or bonds there is a good buy in any of these types of liquors. The Heights Liquor store even has an unusually low price on regular cigarettes.

* * *

THE VOCABULARY of the liquor business is sometimes very confusing. In order to set some people straight we have asked the advice of the people at the Heights Liquors on the difference between some often confused liquors. Rye Scotch, Bourbon, and Canadian whiskey often confuse people.

- Two Big Ones That Are Not Getting Away
- With Everybody Agin It, Who's For It?
- Keep Toll Roads Out of Politics

This week finds 2 big and hot issues in Du Page county, each growing bigger and hotter—the racktrack question and the toll road fill problem.

Everybody is now trying to get into the racetrack melee, even the newspapers. Some of our venerable compatriots in their zeal for even greater public service are asking for the formation of a Du Page county editorial association.

Their newswriters, we are to presume, armed with trenchant phrases would bedevil the public mind with dangers to come that it would want forever to feel delivered from the evil of the pari-mutuel.

Thus our county press would not only be in the act, but we writing folks would all become top dogs of the show. With brandished typewriters putting in overtime we would free our citizens from the racetrack monster which is seeking to make its abode in Du Page county.

Perhaps, the issue can be resolved much less sensationally, and far more effectively with less window dressing. The chairman of the county board has already voiced in a written statement that he will recommend the board members vote "no" when the proposition to rezone the property the racetrack must have near Naperville comes up for action before that body. The state's attorney has bluntly said he will oppose a racetrack vigorously.

The fact is we have yet to hear of anyone who favors the track, from Governor Stratton down to the lowliest official. We are wondering who wants it besides the Maywood Trotting association, and perhaps John Case from whom the association is trying to acquire the 320-acre property.

Yet, the report is that the racetrack people are meeting this week in Du Page county to map plans to press their case. If this is true, it is pertinent to inquire what Du Page county people are in attendance and how they fit into the picture.

We think we know pretty well the caliber of our Du Page county officials from the dog catcher on up. We don't think they are the type of men and women who are going to sell out their public to a racetrack crowd. Further, we believe that before they went about to approve a $10 million racetrack betting establishment, each would be pretty sure he had Mr. and Mrs. Du Page Citizen's okay in his vest pocket.

That's where we are willing to leave the racetrack question.

♦

Getting on to the second vexing question in Du Page county: Where to get fill for toll roads expressways, we have got something that actually affects our pocketbooks and our county directly.

We have run stories and made comments here about the problems of contractors who are supplying dirt for nearby new expressways. When you size up these enormous grades for overpasses, you realize what is meant by a "dirt problem."

The contractors are complaining because Du Page county is not hospitable to their needs. The toll road construction is being held up and is actually becoming more and more costly because the harder it is to supply dirt the more costly the dirt. Local people refuse to have the countryside messed up by taking dirt from it.

The bill naturally goes to the taxpayer, and right now unless something gives it is a fair question of whether we are going to be able to afford the cost of these new expressways or be able to pay the cost of driving on them after they are opened to traffic.

Meantime, the traffic congestion mounts week by week. How will this dilemma be solved? Who'll break this bottleneck? As we have said before, we think the state toll road commission responsible to the Governor should take the action to lead us out of this wilderness.

As everybody knows, these new highways are a must. How they can be much longer delayed without greater and greater sacrifice of the public interest, it is hard to see. We would not want to see this toll road mess pushed headlong into politics at the coming state election in 1958. But that is exactly where it is headed unless something is done to get things moving.

The voters when they once start to view the figures being written on the tab are not going to a very happy crowd. Look out.

All Invited To PTA Fun Fair

Everything is in readiness for the big Fun Fair at Tioga school Saturday, Oct. 19, between 3 and 8 p.m. There are new and exciting games in the gym to interest all of the children and adults too. Dinner will be served in the cafeteria between 4:30 and 7:30 p.m.

MRS. RAYMOND HALL reports she has some wonderful items for the Silent Auction. There are, of course, prizes for all.

The baked goods and gourmet booths will be stocked with all kinds of home made goodies. The handwork booth will be filled with pretty items for your own use or for gifts. The green thumb booth promises many varieties of potted plants and slips for your winter greeneries and planters.

The local merchants and parents have co-operated wonderfully to make this event a huge success. Donations will be accepted at Tioga Saturday morning. If anyone who wishes to help in this project has not been contacted, please call Mrs. Raymond Hall, POrter 6-3478, and she will be able to find a use for your services.

THIS IS THE only fund raising project the PTA plans for the year.

Included in her part of the program will be 2 arias from "The Messiah" by Handel, the "Alleluia" by Mozart, several arias from the early Italian operas, songs by the German composer, Richard Strauss, and a group of English and American songs which will include a special arrangement for voice and flute of "The Breeze and I" by Ernesto Lecuona.

New Churchville School Now Under Construction

Churchville school district 3, faced with the responsibility of providing adequate educational facilities for 500 grade school children, is now building a 2nd school.

LOCATED SOUTH of Grand ave. on what will be an extension of Wilson st., 4 blocks east of York rd., the new building is scheduled for at least partial completion on or about February 1 and will accommodate 180 children, according to Richard Rathman, president of the board of education.

ELI SIRES (left), superintendent of Churchville school district 3 for the past 2 years, and his successor, Arthur Adelberg who is now in the process of taking over. Sires resigned recently to accept a new position with the state of Wisconsin. (Register photo

The school will be similar to the new Fullerton school in Addison, having been designed by the same architects, Rudolph and Young of Chicago. The contractor is Alan Construction Co., also of Chicago. Cost of the new structure has been set at $102,000.

RATHMAN INDICATES that at least one or 2 grades are expected to move into the new building about February 1 with the remainder staying at the present school on Church rd., between Grand ave and Lake st. All pupils living in the eastern half of the district will eventually attend the new school.

In view of the rapid growth of the Churchville area additional school construction beyond the new building is contemplated in the next few years, announces Rathman. More land has already been secured with this in mind.

Children attending the upper grades in the district are currently writing themes suggesting their choice for a name for the new school. "This is just an experiment, but it will be interesting to see how it turns out," explains Rathman. The new school will have 6 classrooms, he discloses.

THE PRESENT Churchville school was originally built in 1930 as a 2-room schoolhouse, but there have been numerous additions since then incluing classrooms, a gymnasium and other improvements and necessary suplementary facilities.

Despite the crowded conditions that are, of course, not improving as time passed the district has been able to stay clear of the split shift situation except for a brief period a few years ago. It is the board of education's intent to continue the no split shift aim.

Their son, Lawrence and daughter-in-law, Dorothy, are to be hosts to the celebrating couples at dinner. The occasion will also mark the birthday of Mrs. Lawrence Geils.

Mr. and Mrs. James Murphy of Chicago and their son and daughter are new residents who will occupy the Owen Sawyer home on Pine ave. Neighbors extend a welcome to the family with best wishes for their happiness and success.

Ladies guild of Peace church was entertained at a quilting bee Tuesday in the home of Mrs. Harry Doke of Grove st.

Noted among the alumni faces at the Fenton homecoming football game Friday night were Joy Hall of Illinois Wesleyan, Lois Schoen of Macomb, Lars Henriksen of the University of Illinois, Lois Oie and Norma Morris of Grant hospital, and Julie Frick. They as well as all the other spectators at the homecoming game fully enjoyed everything presented that evening. Much credit goes to all who helped make this important event such a success.

Mrs. H. G. Gross of San Marino, Cal., spent Friday night, Saturday and Sunday with her brother and sister-in-law, Mr. and Mrs. Al Cappelen. She flew on to New York to be with her daughter and family for a visit.

Bobbie Anderson has also been confined to his home with a recent illness.

Succeeds Sires As Churchville School Leader

A native of Chicago, Arthur Adelberg, has been appointed new superintendent of Churchville school district 3 succeeding Ely Sires.

IN HIS announement made this week, Richard Rathman, president of the Churchville board of education, said that Adelberg started assuming his new duties earlier this month. Sires will remain on hand to aid his successor until November 7, Rathman further revealed.

The new superintendent comes to Churchville after 3 years as director of curriculum at Markham, south of Chicago. Before that he was superintendent of district 48 in Circle Pines, Minn.

ADELBERG IS still living at Markham with his wife, Marian, and their 2 boys, Ruddy, 5, and Mark, 2. "We are looking around, however, and hope to move into the north DuPage sector soon," he states.

Sires, with the Churchville district since early in 1955, submitted his resignation recently to take advantage of a post offered by the state of Wisconsin. He will be in on the establishment of a mental health and child guidance program for the state.

UPON ACCEPTING the resignation board of education leaders were high in their praise of the work accomplished by Sires who did much to do with improving relations between the teachers, parents and associate school groups. (DF

Observes Birthday

Little Juanita Baker's third birthday Wednesday was, of necessity, observed most quietly, due to the fact that she is currently quite ill with the flu. Her sisters, Donna and Mary, have also been having a session with it. Best wishes to the family for a speedy recovery.

Linda Kongevold, daughter of the Arne Kongevolds of White Pines road, had the misfortune to take a bad fall resulting in forehead injuries which required several stitches. Everyone hopes that she will soon be feeling much improved.

The flu bug has been on a rampage here in Woodcrest this past week. Among the many who have been stricken are the Eugene Gurnicz children, Christine, Mark, David, and Carl. They are all confined to their home on Red Oak. The John Sims' youngsters, Mary, Mike and Patty, are also down with it, as are the Charles Platcher family. Best wishes for a speedy recovery, all of you.

Mr. and Mrs. Paul Trombetto have had as their house guests for the past week Mrs. Trombetto's parents, Mr. and Mrs. John Smith of Twin Lakes, Wis. The Smiths left Tuesday after a pleasant visit with their daughter and family.

Dale Goldsmith of Red Oak street was guest of honor at a party celebrating his sixth birthday last Saturday afternoon. The party was held at his home with a number of neighborhood friends helping mark the occasion. As somewhat of an anti-climax to Dale's birthday festivities, he has since come down with the flu and is confined to his home, along with Mr. Goldsmith and brother, Gary.

We are sorry to report that as of this writing a nasty cold is keeping Mrs. Paul Rogers pretty close to home. Let's hope that Mrs. Rogers and all our ill residents will soon be feeling tops again.

The James Quigley family were recently among those present at the Jewel open house held in Chicago. They thoroughly enjoyed the event.

TIOGA POST 2149 NEWS

This has been baby week. Three of our members are busy passing out cigars. Harvey Schultz is the father of a boy and Stan Kotulski, not to be outdone, followed the same pattern. Jack Kinnaman was presented with a girl. The fathers and children are doing fine. The mothers have the situation well in hand.

Very Tidy

It's amazing the way things are changing at the club. What I'm referring to, of course, is the fix up-paint up - clean up campaign going on. If you haven't been to the club lately, make it a point to pay a visit and take note. Thanks to Harold, Wally and the rest of the boys for a job well done. "Pop" Keeling has been very instrumental in the little extra push needed for the fine results.

Roar, Roar, Roar

Saturday was a big day for the Lions. The parade was enjoyed by all and the weather man cooperated beautifully. Tioga post was well represented and helped make the day a huge success. The Lions organization, much like Tioga, is very civic minded, and it's nice to see people out to enjoy themselves and still benefit others by their contributions to a worthy cause.

The Popcorn Story

A little while back the popcorn poping machine just about popped out its popping days. Seeing that one of the important pieces of equiment, so vital to the success of many functions, was on its way out, a very noble gentleman, namely Mr. Brumfield, former owner of the Center theatre, sold the post his machine for a very small fee. The corn is poppin' once more.

Ten Pin News

Bowling is in full swing now and each week it gets just a little harder to reach the boys on top. The standings as of October 7 are as follows: 1-Snafus, 2-Commandos, 3-Chow Hounds, 4-Sad Sacks, 5-Dog Robbers, 6-Gold Bricks, 7-Yard Birds, 8-Liberty Hounds. The top 3 averages belong to S. Cogswell, L. Craine and V. St. Aubin. High series, J. Schmidt, 599- high game, S. Cogswell, 225.

Sunday, Nov. 17, will be an important day for male and female keglers. On this day E. Kiewicz, W. Papke and R. Beils will take charge of the annual Scotch Bowling tournament and provide us with a day of bowling fun. More on this later, when all the details have been worked out.

Camp-O-Ree

Dick Losch informs me that the explorers are in for a weekend of fun. Salt Creek park in Addison will be jammed with explorers at the annual Camp-O-Ree. Dick will accompany them.

Meeting Topics

Post commanders, present and future, will have an expense account to defray personal costs of installations, national and state encampments and such. The current amount for expenses was set at $700.

The sidewalk for the grade school in Itasca is no longer a topic of conversation. With the able support of Joe Dean, it was passed on unanimously.

A steering committee was formed consisting of J. Marden, R. Soden, W. Burde, J. Martens, A. Carpenter, and R. Reeves.

A committee was formed to meet with representatives of the scouts in regards to the fund drive. Appointed to the committee were E. Kiewicz, W. Papke and C. Gustafson.

Tioga VFW Auxiliary

Oct. 15, 1957. Have you a friend eligible for auxiliary membership through a Post member? Now is the time to notify her of our "Mass Initiation Drive" to be held at the Nov. 7 meeting. Her petition for membership can be turned in that night with initiation following. However, to insure sufficient refreshments, better let Vi Gansberg (PO 6-0145 know as soon as possible. Help enlarge our membership, girls. Looks like the Auxiliary will soon be called on to carry Post colors and march in parades for the Post also. Did you notice how many men were on hand for the Gold Rush parade? President Sue was proud of her Auxiliary, everyone who promised was there.

Things seem at a standstill this week, very happy to report no knowledge of illness, but unhappily, no report of new babies either, but then there are always some surprises due on that. Don't forget to notify Lois DeMent (PO 6-1278) as soon as you hear of either so she can take care of these things.

Who feels really lucky this month? If you do get your TV raffle tickets and show up at the Junior activities Halloween dance to carry home your prize. Tickets on sale at Tioga home or Gloria Buttens (PO 6-2743) can tell you how to obtain yours. The dance is not far off, Oct. 26, dress up will be optional, this usually makes for more fun, prizes will be awarded.

Our kiddies will be dressed up too, on the night of Halloween. Activity all over town but you may be sure they will all end up on the fire hall grounds looking for those "free treats." A lot of help will be needed to see they are not disappointed and will not take long. Why not call Lou Kimball (PO 6-1509) and offer to give her a hand? This will be a community service project.

November 7 meeting will bring our fifth district president Helen Attig out to inspect our books and meeting conduct. This will work in beautifully with our "mass initiation" program, these new girls will meet a lovely person, President Attig, why don't you plan on being with us ?

Now that I have all my obligations taken care of, have some statistics I would like you to read. Post and auxiliary members both, anyone with a gripe you know the telephone number.

Amusement benefits offered to all members:

Post Bowlers	40 men
Post Golfers	60 women
Auxiliary bowlers	40 women
Auxiliary golfers	24 women

Over 1000 children at Christmas party. Around 800 children plus adults at summer picnic. About 500 accepting free refreshments at our fall picnic.

By contrast: (Just the start of the fall opportunities to repay). 400 cupcakes short for Elgin hospital party (because 40 women could not send 10 apiece even knowing they would be needed). Two men to carry colors at the Gold Rush parade (because . . . alright give me a good excuse).

Why? Here is something that still has to be done and you will benefit. Swimming pool bonds are still waiting to be purchased. Get them.

Bowling team competition seems pretty keen already, here are the team standings as of last week:

Liberty Hounds	13	2
USO Commandos	9	6
Dog Robbers	8	7
Gold Bricks	7	8
Chow Hounds	6½	8½
Sad Sacks	6½	8½
Yard Birds	6	9
Snafu's	4	11

High games are held by: M. Daehn 212, J. Olsen 182, C. Ricker 180. These gal's are really bowling.

Date's for your calendars:
Oct. 26—Jr. activities Halloween dance, TV raffle.
Oct. 30—Halloween Fun for kiddies (L. Kimball PO 6-1509).
Nov. 7—Mass initiation, fifth district. President visit meeting.
Nov. 8 —Elgin hospital party. (Cupcakes again, please).
Nov. 17—Fifth district meeting.
Nov. 24—Fashion show and card party (Sun. 2 p.m.). Hospital committee project.

See you at next meeting(?)

Bensenville Girl Scout News

At their meeting last week, members of Brownie troop 703 elected the following officers to serve them for this year. The new president is Gayanna Gabenderere; vice-president, Diane Marciniak; secretary, Fay Davidson; treasurer, Gillis Bartholomae; and the scribe is Linda May Riley. The girls had fun at this meeting practicing dancing with a number called 'Learn to Dance."

This week the weather was very nice and the girls of 703 held their meeting in Mrs. De Ment's yard where they toasted marshmallows and made the famous "Some-mores." Games were part of the fun for the day and the girls played 'Giggle Gertie" and stalking the leader.

Taking advantage of the wonderful weather we have been having up til now, the girls of troop 107 had a cook-out in the backyard of their leader, Mrs. Tong, on Wednesday, October 2. The main dish was spaghetti and for dessert they enjoyed somemores. Fun was had by all.

On Monday October 14, the girls of troop 375 met in the home economics room at Blackhawk. The girls divided into patrols and chose the following leaders. Patrol no. 1, Ruth Laho, leader and Rita Herrmann, assistant; Patrol no. 2, Carol Enberg, leader and Susan Tuefel, assistant; Patrol no. 3, Benita Merket, leader and Louise Kistler, assistant. Susan Born is the scribe and Ardith Piccolin is the treasurer. The girls were awarded their second class badges, at this meeting.

At the first meeting of the year, troop 657 also chose new officers. Gail Danks is president; Shirley Born, vice president; Laura Brandenburg, secretary; and Judy Obszewski, treasurer. The girls also divided into patrols and chose Georgia Adis as leader for Patrol No. 1, The Tioga's; Ellen Wehr is leader for Patrol No. 2, the Dark Moon's; and Anne Blair is leader for the third Patrol, the Blackhawks. After the election, the girls cooked some-mores at the home of their leader, Mrs. Barfield.

Many of the scouts are planning to help out at the PTA Fun Fair given by the Bensenville PTA on Saturday, October 19 at Tioga school from 3 to 8 o'clock, as baby sitters and in other capacities. Don't forget to come, one and all. We will see you at the fair.

Q. If a girl has been invited for the first time to a boy's house for dinner, should she take his mother a small gift, such as candy?

A. It would be better not to take anything the first time. Later, if you visit her home often, you can occasionally take her something.

The 109-year old Heimsoth homestead on Tonne rd. now deserted

Homestead 109 Years Old Surrenders To Progress

The price we must pay for progress has possibly never been felt more deeply locally than by members of the Heimsoth family north of Wood Dale.

THEY ARE GONE NOW . . . they left a few weeks ago . . . and what they left and had learned to love, cherish and hold very dear was a homestead that had been the family's main possession for more than 4 generations. Now deserted, it is the farm on Tonne rd., north of Devon ave.

Earlier this year the plans for their huge plant in the Elk Grove area were announced by officials of the Hotpoint co. Little was mentioned of the group of pleasant farms that would be swallowed up by this latest step of progress.

THE HEIMSOTHS were paid well for the home, the barns and other buildings as well as the land itself, but their sad and mournful faces couldn't hide the fact that their payment — not in dollars, but in sacrifice — was a much harder pill to gulp.

The homestead goes back to 1848 when Henry Heimsoth became the first person to take over the land and start to work it. His son, William, became the 2nd generation owner and William's son, Arthur, stepped in to rank as the 3rd in 1924.

When Arthur died in 1947 it remained for his widow, Edna to take over the reins and she was joined and gradually succeeded by their son, Herbert. Had progress not intervened his sons, Allen and Larry, would have been the 5th generation of the family to operate the farm.

HERBERT, HIS WIFE and family have now, however, moved on . . . like the early settlers ever in search of more to the west . . . and their new home and dairy farm is in the Huntley area.

Edna Heimsoth also had a daughter, Mrs. William Beese, who also grew up to love the old place that had been home to the family for more than a century. She has moved to a farm near Richmond, Ill.

WITH THE PACE at which developments now move it will doubtless not be too many months before all physical evidence of the Heimsoth and the other homesteads disappear. All that will be left will be the memories and the few belongings that were carted away that last day in the 109-year residence.

Teachers Confer

Pupils of St. Paul school enjoyed a 2-day recess while the faculty attended the Northern Illinois Teachers conference at St. John Lutheran church, Elgin. The convention was attended by more than 500 Lutheran day school teachers from more than 150 schools located in the northern half of Illinois.

The annual sauer kraut supper will be held November 6 at St. Paul school from 5 to 7 p.m. Tickets may be ordered from Mrs. F. Helfers, TE 2-8385, or Mrs. E. Linneman, TE 2-3505.

Congratulations are being received by Mr. and Mrs. Frank Kavach of Addison rd. on the arrival of their son, Keith Allen, who was born October 10. The baby weighed 8 pounds 4 ounces and has two brothers, Craig and Wayne.

Happy birthday wishes go to Mark Cotter of Michigan ave., who was 6 Tuesday.

Pupils Dance

The first of the twice monthly social dances for seventh and eighth graders of the public schools was held last Friday evening at the Fullerton Avenue school. The dances will be held at alternating schools each month. Each dance is chaperoned by the parents.

Alleys Open Soon

Pioneer lanes, Addison's new bowling alley, will be open in approximately 2 weeks, according to co-owners, Ben and Elmer Blecke. The automatic pinspotters were being installed earlier this week and the finishing touches will be completed soon.

ADDISON AUXILIARY

Addison Post No. 7446

An honored guest at the October meeting of the Auxiliary was Mrs. Helen Attig, of Wheaton, president of the fifth district. Although her visit was of a business nature, the members enjoyed meeting and talking with her. This is a very busy person, as she must inspect fifty-two auxiliaries during the year, along with her many other duties. Hostesses for the evening were: sisters Elvine Bookler, Eilene Bollinger, Minnie Brinkman and Dorothy Carlson.

The fall rummage sale will be held Friday, Oct. 25, at the VFW club in Elmhurst. Starting time will be some where between 9 and 10 a.m. Anyone wishing to have their contributions picked up, please call Emmie Rotermund at TE 2-6305; Evelyn Hughes at TE 2-4471, or Lois Miller, TE 2-2010. Things may also be left at the homes of Flora Jensen, or Ruth Rittmueller.

Those of you who attended the Halloween Ball last year, sponsored by the Post, must surely remember the wonderful imagination and the work that went into some of the costumes. The masterpiece of them all being, The Hunchback of Notre Dame, portrayed by Ray Pawlowski and Dracula, by his wife. There were so many more that it is impossible to mention them here. Why do I mention this? On November 2, the Post is planning another of these affairs, so start thinking about what you're going to wear.

Even though the flu bug put the damper on the festivities last Tuesday, the Auxiliary members and their guests had a very enjoyable evening; so much so that this event will be an annual affair. Paula Schwantz and Lorena R. Johnson, became new members and there are high hopes that many more will come in.

Those who have signed up for the kitchen band will be getting a card in the mail shortly, announcing the first rehearsal. Any members interested may call Helen Schwarz, who is in charge of organizing.

Then there is the story of the gal who decided that since she was going to be bowling every week, she should have a ball, and since Christmas was still a long way off, there was no reason why she should not have a Halloween gift. Need I say more. Sure enough there are now fancy figures like 180 etc. I wonder what would happen if I tried the same thing. Think it would work, Gerda?

Congratulations to Ted Larson, who did the rice and old shoe bit on Saturday, October 12. We wish Ted and his new bride all the happiness there is and may all their troubles be little ones.

It is just one year ago that we lost a good friend and a loyal member with the passing of Eunice Freick. With the thought of Eunice again with us, just a word in passing. Swallow that next gripe that comes to your lips, and say something nice instead.

"Viv" Krage

Nursing Course

There is still time to enroll for the Friday night Red Cross home nursing course. This week's class is at 7:30 Friday night. The lesson will have to do with bathing a bed patient (Mrs. Richard Bloomberg.) So far students have learned to take temperatures and pulse readings, the making of a bed and changing it with a patient occupying it. Mrs. E. Watts acted as the bed patient. While learning, the students report they also have fun and urge everyone to enroll. There is no charge, except for the text book, which is 75 cents.

He noted that the purchase price of the property is fair as established by appraisal and comparison of other property available to the school district.

HERBERT MILLER, chairman of the finance committee of the board pointed out the extreme care the board has taken to insure the maximum amount of space for the minimum investment of taxpayers' money.

Miller pointed out that the proposed addition to the Parkside school will average less than $19,500 per classroom and that the proposed 4-room school in the northwest section of Roselle would probably cost just over $20,000 per classroom.

HE EXPLAINED to the assembly that these cost figures are much less than prevailing school building costs in this general area.

Hall revealed that the bond repayment schedule as accepted indicates that the board of education was entirely too conservative when it estimated the cost of the project would increase the taxes to the owner of a home assessed at $10,000 by $23.70.

THE REPAYMENT schedule actually adopted indicates that the maximum taxes on a home assessed at $10,000 would be $11.54 for the first year of the repayment schedule based on an assumed assessed valuation of $9,000,000.

Members of the board of education are confident that the assessed evaluation will be in excess of $9,000,000 and the taxes should not be increased even this much. (DF

Hoffman Medical Center Started

Dr. Alexander E. Waxler of Chicago last week signed a lease for the Hoffman Estates Medical center to become the first dentist to open a practice in Hoffman Estates.

This Monday Dr. I. H. Vazquez of Broadview became the first physician to open a practice in the Hoffman Estates Medical center.

DR. WAXLER, who expects to begin his practice in Hoffman Nov. 1, is a graduate of Loyola university dental school.

Previous to 2 years recently spent in the army as a lieutenant colonel at the Ft. Leavenworth, Kan., army hospital, he practiced 24 years at Spaulding and Lawrence ave. on Chicago's northwest side.

During this time he did volunteer work in the children's department of the dental clinic at Michael Reese hospital. Dr. Waxler now resides in Chicago with his wife and 2 sons but plans to move to the area in the near future.

THE MEDICAL center was started by the medical committee of the Hoffman Estates Woman's club. Through the efforts of Mrs. Stanley Samuels, chairman, the Woman's club working with medical and dental asosciations was able to interest doctors in the area. The F and S Construction co., developers of Hoffman Estates, made the building available for the medical center. (P

Hoffman Plans 250 More Homes

No major objections were brought forward at a Cook county zoning board hearing last Thursday night at which time F and S Construction co., builders of Hoffman Estates, asked that 80 acres be rezoned to 10,000 square foot lots for approximately 250 additional homes.

Opposition from the Schaumburg grade school district was averted when the builders offered to construct a 4 room addition to 8 rooms already planned for previous developments on a 4.9 acre site in Parcel D. This was agreed upon in lieu of a $100 donation to the district for each home.

THERE WAS ONE minor objection to keep heavy equipment off Schamburg rd.

Andrew Dallstream, chairman o the Zoning board of appeals, asked the builders how much further west they intend to extend the 10,000 square foot lots since land is zoned for 5 acre lots west of Barrington rd.

F and S said this was the farthest west since a limited access road is expected to cut off a portion o the subdivision proposed and in itself would form a barrier. (P

Lake Park Off to Marmion Friday Night

DOM DI ORIO sparked the running attack against Elmwood Park as he carried 7 times for 44 yards.

Bisons Win, Lead League

Fenton Bisons pleased a large homecoming crowd at Blackhawk athletic field Friday night and climbed to the top of the Tri County league standings with a 20-13 win over the Elmwood Park high school Tigers.

In gaining their second straight league victory against no defeats, Coach Paul Henry's squad paid a heavy price in injuries. Quarterback Terry Biefeld suffered a possible shoulder separation while Bill Emory, Dom DiOrio, and John Wytrwal all left the game with leg injuries of one kind or another.

* * *

LEADING the Bison attack once again was the unerring passing of Biefeld who completed 7 of 11 tosses for 100 yards and two touchdowns. Both scoring passes were caught by Bill Kebbie, one covering 33 yards and the other 25. The Tigers of Elmwood Park unveiled a hard running halfback named Joe Giallombarbo who crunched thru the Bison defenses for 108 yards and two touchdowns.

Elmwood Park took the opening kickoff and moved for a first down to his 47. Three plays gained 6 and Giallombarbo punted to Wytrwal who returned 6 yards to the Fenton 18. Greg Dierking made 4 at left tackle and DiOrio got 8 more and Fenton's first first down on the 30. DiOrio, doing his best running of the season broke loose around the left side for 23 and a first down in Tiger territory. What looked like a solid drive was ended tho as Larry Ward fumbled and Elmwood Park recovered.

* * *

WITH GIALLOMBARBO doing the major share of the running the Tigers marched 52 yards without throwing a pass, finally scoring as Giallombarbo dove over from 3 yards out. Shaffer converted on a sneak and the Tigers led 7-0.

DiOrio returned the kickoff to the 42. Wytrwal got 8 in three tries as the 1st quarter ended. An exchange of punts gave Fenton the ball on the Tiger 44. Wytrwal was stopped for no gain. Biefeld ran for 9 up the middle and Dierking made the first down on the 33. Biefeld passed to Wytrwal for another first down to the 19. The Elmwood defense stiffened at this point and one running play and three incompleted passes gave the Tigers the ball. Unable to gain either they punted to DiOrio who returned 18 yards to the Tiger 42.

* * *

WYTRWAL swept right end for 15. DiOrio got 8 and Biefeld 7 to the 9 yard line. On first down Fred Hohman skirted right end and went into Tiger land standing up. Biefeld's pass to McCann tied the score at 7-7.

Immediately following Biefeld's kickoff the Tigers began to march, rolling up three first downs and penetrating to the Bison ten. With first and goal Kirts fumbled and the Bisons recovered as the first half ended.

DiOrio returned the second half kickoff 24 yards to his own 36. Dierking hit off tackle for 7 and DiOrio moved for 15 to the Elmwood 42. Hohman lost 3, Biefeld made 11 and on a wide sweep DiOrio tried to reverse his field after being trapped and was thrown for a 17 yard loss. Biefeld punted to the Tiger 22. Kirts got 8 yards and then Shaffer fumbled the Bisons recovering on the 32. A holding penalty moved Fenton back to the 46. Biefeld passed to Kebbie for 13 and then threw 33 yards into the end zone, again to Kebbie, for the touchdown. Biefeld passed to Hohman for the point.

* * *

BIEFELD'S kickoff was returned to the 25. Giallombardo gained 11 and a first down to the 36 and then got 4 more to his own 40. Shaffer was thrown for a 15 yard loss as he tried to turn right end. On fourth down McCann broke thru to block the Tigers punt and it was Fenton's ball on the Tigers 12. A penalty set them back to the 17. Biefeld passed to McCann for 11 and then gained 1 on a sneak. Malloy lost 5 on an end run and Biefeld's fourth down pass fell incomplete as the third period ended.

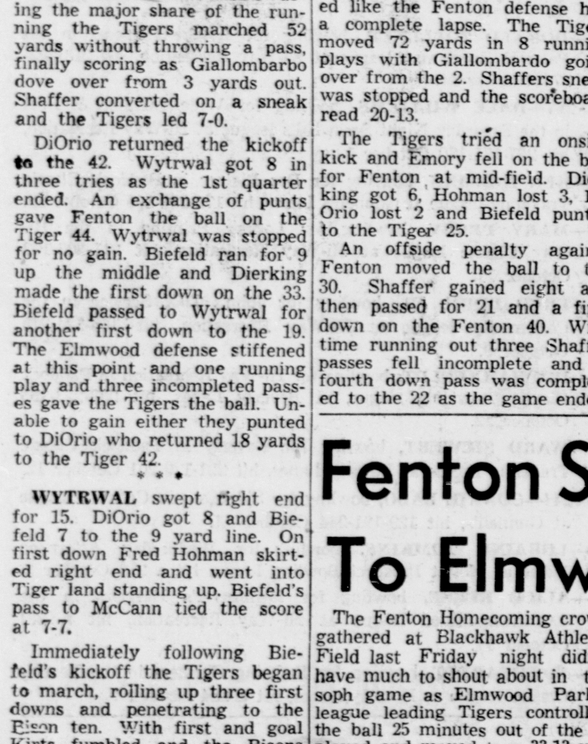
Unable to gain Elmwood kicked out to the Fenton 32. Hohman got 7 at left tackle. Biefeld's pass was caught by Kebbie on the 15 and he fought his way into the end zone dragging two men the last ten yards. Biefeld's attempted kick for the point was wide. Fenton 20 Elmwood Park 7.

* * *

AFTER ENSUING kickoff was returned to the 28 it looked like the Fenton defense had a complete lapse. The Tigers moved 72 yards in 8 running plays with Giallombardo going over from the 2. Shaffers sneak was stopped and the scoreboard read 20-13.

The Tigers tried an onside kick and Emory fell on the ball for Fenton at mid-field. Dierking got 6, Hohman lost 3, DiOrio lost 2 and Biefeld punted to the Tiger 25.

An offside penalty against Fenton moved the ball to the 30. Shaffer gained eight and then passed for 21 and a first down on the Fenton 40. With time running out three Shaffer passes fell incomplete and a fourth down pass was completed to the 22 as the game ended.



JIM MONAHAN is in his second year as backfield coach for the Fenton Bisons. A former quarterback Jim played football at Milliken University.

Lancers Will Have Tough Foe to Meet

Lake Park wasn't able to meet Belvidere Saturday, but had apparently defeated the flu bug Monday of this week as attendance bounded back up and the football team was preparing to take on Marmion Friday night under the lights at Aurora.

Marmion is undefeated in 4 games this year, tripping Marquette of Ottawa and Notre Dame, then disposing of Belvidere 6-0 and beating No. Chicago last weekend 16-12. Aurora gridders will be a tough obstacle for Coach Bill Buckellew's Lancers.

* * *

LOCAL FANS planning to attend the game Friday night, Oct. 18, can find the Marmion field easiest by driving south on route 31, just west of Fox river, then coming alongside the field just north of Aurora.

The game is non-conference, of course, and is the first of 2 games on the road in a row for the Medinah school. Following Saturday, Oct. 26, Lake Park will travel to Palatine for the Pirates' homecoming test, with Lake Park returning home the final week to meet No. Chicago. (Sp

Bisons Have Off Weekend

If ever a team received a welcome rest, it'll be the Fenton Bison gridders, who have a free weekend without any games until meeting "the Big 3" of the Tri-County conference.

Coach Paul Henry's football squad is currently leading the newly-formed loop after a welcome victory over Elmwood Park. But the locals also received injuries to 4 boys, all of whom are doubtful starters for the next game Oct. 25.

* * *

THE FOURSOME includes Terry Biefeld, with a possible shoulder separation; Bill Emroy, John Wytrwal and Dom DiOrio, all of whom received leg injuries. The Bisons will meet Glenbrook, No. Chicago and Palatine in their remaining football schedule.

Leading passer for the Bisons to date is Terry Biefeld with 33 completions in 71 attempts for 450 yards and 3 touchdowns. Terry is also the leading rusher for the squad with 27 carries for 186 yards and 2 touchdowns.

Fenton Sophs Lose To Elmwood Park

The Fenton Homecoming crowd gathered at Blackhawk Athletic Field last Friday night didn't have much to shout about in the soph game as Elmwood Park's league leading Tigers controlled the ball 25 minutes out of the 32 played and moved to a 33-13 victory over the little Bisons of Coach Chuck Cole.

So little did the Bisons have the ball that they were able to put just 20 plays in operation throughout the ball game. Their 2 scores were made by Ron Panos as he went 22 yards on a reverse in the first half and picked off a Tiger pass and raced 70 yards late in the fourth period.

* * *

TWICE, EARLY in the game, the Bisons had drives under way only to be stopped by a fumble one time and an intercepted pass on another occasion. Tom Olzewski, running hard from his left halfback position, broke loose for gains of 29 and 25 yards in these drives while Curt Middleton hit Panos with a pass for 35 yards to set up the Bisons' first score.

Pass defense proved to be the main bug-a-boo for Fenton as Elmwood Park receivers repeatedly got behind Bisons' halfbacks, twice for touchdowns and again for crucial yardage.

* * *

ELMWOOD'S quarterback, Ray, threw 3 scoring passes, 2 to Pfister and 1 to Calindo. In the fourth period Pfister also broke over right guard and went 41 yards for the Tigers' final score, giving him 3 touchdowns for the night.

The Bisons are inactive this weekend and take on Glenbrook, at home, October 25 in their next encounter. (Sp

Fenton Harriers Lose League Match

Coach Frank Novotny's Fenton cross-country squad journeyed to Elmwood Park last Saturday morning and absorbed a tough 3-point defeat at the hands of their hosts. 26-29.

Only their second race of the season, the Bisons made a good showing as Tom Cheze, a junior, won the race in 10:35 and placed Dalton Grief 4th, Howard Toben 6th, Norman Bemos 8th, and Bill Dotter 10th. Bernie Sell who finished second to Cheze in the last meet was unable to run because of the flu.

Finishers and their times follow: Cheze (F) 10:35; Bednarz (EP) 11:00; Shields (EP) 11:04; Grief (F) 11:18; Koelspe (EP) 11:31; Toben (F) 11:40; Knoll (EP) 11:47; Bemos (F) 11:50; Archele (EP) 12:47; Botter (F) 13:37.

In the frosh-soph meet the Bisons, running 2 men against 6 were edged out by a 21-34 count. Placing for Fenton were Bruce Petersen 2nd and Jack Spence 5th. (Sp

THIS FOURSOME stands ready to help the Lancers of Lake Park high school make a success of their first full-fledged varsity football season. Delbert Bullamore is a junior end, playing his first year of football. Dennis Lempicki is a senior guard, an outstanding lineman last year who hurt a leg in wrestling, has been able to run again the past 3 weeks after having his leg in a cast earlier in the season.

Harold Kinander, junior end, a good tackler, has shown a lot of improvement for Coach Bill Buckellew, and started the game against Glenbrook. Thyson Marshall, junior end, is a fast boy in his first year of football ,a boy from whom coaches expect a lot for next season.

Travelers Move Into 1st With Win Over Aurora

After battling to a standstill for 3 quarters Sunday, the Elmhurst Travelers scored twice in the fourth period to down Aurora 13-0 at Bensenville.

This victory evened this year's series and avenged an earlier 6-0 loss to the Clippers. It also moved the Travelers into a tie for first place in the Bi-State Football League with Racine, Wisc.

* * *

FOR 3 QUARTERS the defenses controled the game. Neither team could move the ball with Aurora garnering only one first down in the first half thru a fine Traveler defensive line.

The turning point in the game came early in the fourth period when Traveler halfback "Butch" Kruse intercepted a Clipper pass on their 35 yd. line and brought it back to their 22.

* * *

ON THE FIRST play flashy Frank Morris bolted over the middle, cut to his left and sprinted down the sideline and into the end zone. Grady's try for the extra point was wide, but Elmhurst had a 6-0 lead.

Another pass interception set up the second Traveler score. Norm Neissen grabbed an Aurora aerial and returned it to Aurora's 30. Then Aurora intercepted a Traveler pass but lost the ball on downs on their own 25 yd. line. Three plays later "Buzz" Grady rolled out to his right and hit end Don Busch in the end zone. This time Grady kicked the extra point to make the score 13-0 and that is the way the game ended.

* * *

NEXT SUNDAY the Travelers will play Racine, Wis. at Bensenville. Both teams are now tied for the league lead with 4 4 won and 1 lost record. This game could well mean the championship to either club. Earlier this season the Travelers defeated Racine 26-7 but since then, Racine has added Jim Haluska, a fine quarterback, who formerly played with Wisconsin university and who was just recently released by the Chicago Bears.

Haluska has added a great deal of scoring punch to Racine's offence and has coaches, George Kulton and Jack Gezille of the Travelers plenty busy trying to figure out a defense to stop his bullet passes.

RACINE HAS also signed Willie Berzinski a former little All-American from LaCrosse State Teachers college and also the Phil. Eagles. He is a fine shifty halfback and will give the Travelers plenty to think about along with Haluska's passing.

Ten Travelers were out of uniform last Sunday due to the flu-bug and it is hoped that they will be back for this big battle for 1st place in the league standings.

Palatine Harriers Lost, But Kusek Sets Course Mark

Crystal Lake's cross country squad defeated Palatine for the second time this season last Thursday 21-35 but Palatine had the consolation of having a new course record of 9:25.7 set by Dan Kusek for the 1¾ miles.

Crystal Lake took places 2-3-4-5 and 7 to win easily. Wynn Muller was Palatine's second scoring finishing in sixth place followed by Carpenter, 11th; Freter, 13th; Hicks, 14th; John, 15th; Miller, 17th; Mangels, 18th; and Oltyan, 19th. In spite of the defeat the times made by Palatine's team, which is largely a frosh-soph aggregation, were much improved over former home meets. (Sp

Bison Frosh Lose 4th to Elmwood Park

Fenton frosh football squad took its fourth straight loss Saturday morning as it fell before Elmwood Park 32-0 on the Tigers field.

It was no contest as the Bisons' attack could produce nothing and the defense folded under the pounding of the Tiger backs.

Elmwood Park took a Fenton punt in the opening minutes of the game and ran it back for a touchdown. Referees produced 2 long runs and 2 more touchdowns before the end of the first half and reserves added the finishing touches in the second half.

The Bisons were pounded physically as well when Don Gavel had to leave the game because of a broken collar bone. (Sp

Lineup Changes For Northern This Saturday

Two lineup changes are in prospect for the Northern Illinois university Huskies following Saturday's homecoming loss to Western Illinois. Coach Howard Fletcher was impressed with the offensive and defensive work of senior end Sy Williams, who prepped at Chicago's Crane High School. Williams will get the starting nod Saturday against Central Michigan.

Another Chicago boy, freshman halfback Ralph Larson, of Luther North High School, is set to take over at the other end position Saturday. Larson, at 6-2 195, is coach Howard Fletcher's choice b- se of his defensive strength.

Regular first string ends Jim Caldwell, Moline, and Dick Luft, Pekin, will have to fight hard to get back their starting assignments. (Sp

No. Chicago Drops 1st Game To Marmion

North Chicago lost its first game of the season in 5 outings Saturday when it dropped a 16-12 decision to Marmion military academy in a non-conference game. While North Chicago's team was weakened by the flu any overconfidence they might have had, has been eliminated.

Marmion blocked a punt in the first quarter which rolled behind the end zone for an automatic safety and then put over 2 touchdowns in the second period for all the points they needed. Joe Nardone scored one touchdown on a 9 yard pass from Bob Reichenbacker and the other came on a 75 yard kick off return by Lee Ferree. Mike Gallagher kicked both Marmion extra points.

* * *

NORTH CHICAGO fought back in the second period for a touchdown on a 3 yard plunge by Ed Hodnik after the Hawks had moved 64 yards in 7 plays. In the third quarter Coach Tom Parker's boys struck again on a 61 yard march in 8 plays with Hodnik again pushing over from the 2 yard line.

A serious face injury to Bryan Moore may keep the giant tackle out of the Palatine game next Saturday. North Chicago frosh-sophs defeated Marmion 13-7.

Palatine Still Trying to Open League Schedule

by G. A. McELROY

Tri-County conference championship will be decided for all practical purposes as far as North Chicago is concerned Saturday. If they can turn back Palatine there appears to be no question that they will have wrapped up 5-0 record when the season closes November 9.

North Chicago, coached by Tom Parker, former Elgin and University of Iowa athlete, has beaten Glenbrook and Elmwood Park. Palatine has yet to play their first league game, having had both Glenbrook and Elmwood Park postpone games which were to have been played the past 2 weekends.

* * *

WHILE PALATINE has not played a league game, the Pirates are expected to be one of the strongest teams on the basis of beating Grayslake 13-7, Barrington 26-14, and losing by only 6-0 to undefeated Crystal Lake. Both Barrington and Grayslake have been tied but not beaten except at the hands of Palatine.

The 3 week layoff from game competition may have taken a bit of the edge off the Pirates but their small varsity squad, on the other hand, will be intact with every player ready for action Saturday as there are none of the injuries at present bothering the North Chicago team.

* * *

BOB ELMS, defensive end, and "Tex" Young, halfback, were out with the flu last week but will be ready for action and Dan Lemanski and Lee Mudlaff, out with injuries, are in shape for the North Chicago clash. Palatine's boys are eager for competition and may scramble the league race by moving past the North Chicago Hawks.

The big question is whether they can contain the fast moving pass catchers North Chicago will try to send behind their defense and whether they can stop 5 backfield men who have as a group averaged 6.1 yards a carry for the season to date.

* * *

HEADING THE LIST of 12 backs who have seen action this season for North Chicago are Curtis Patterson averaging 9.8 yards, Jim Jones 7.4, Fred Scott 5.4, Ron Stanczak 4.9, and Ed Hodnik 4.5. Hodnik has scored 34 points and Jones 30 in the first 5 games. Rudy Basovsky has caught 12 forward passes for 180 yards to lead in that department and Ron Stanczak has completed 20 of 40 passing attempts.

From the defensive standpoint North Chicago's best tacklers are Basovsky, Jones, Moore, Marsh and Krause. North Chicago will outweigh Palatine by about the same margin as Barrington and Crystal Lake. In the line they have 200 pound tackles if both are able to play. A bad mouth injury may sideline Brian Moore, the Hawks' best lineman. North Chicago may be tougher as a result of the 16-12 defeat at the hands of Marmion Saturday but on the other hand this proves to Palatine that they can be beaten.

* * *

SATURDAY WILL be North Chicago's homecoming with a 5 event program involving teams from the 2 schools. At 9:30 the freshman football teams will clash followed by the junior varsity grid teams. At 12:15 the sophs will tangle with Palatine having the size advantage and a good chance to come out on top.

At about 2:15 the varsity teams will stage their crucial grid struggle for the conference lead. Between the soph and varsity games the cross country teams of the 2 schools will run in a match which may give a line on what to expect in the conference meet next Wednesday. It is a big sports day for the 2 schools, which are expected to be top contenders this year in all the sports sponsored by the new Tri-County Conference.

* * *

GLENBROOK'S AILING gridders should get past Elmwood Park without trouble no matter if part of the regulars are still out. Their game at Glenbrook under the lights Friday night should be a breeze for the strong Glenbrook 11, but a loss for the frosh-sophs who face - of the toughest soph teams in the entire area.

Lake Park will be at Marmion as a decided underdog Friday night while Fenton has an off week following their homecoming triumph and second straight league win over Elmwood Park.

PLAYING A TOP GAME both ways for the Bisons last Friday night was Henry "Skip" Johnson, 185 lbs. junior tackle.

Paddock Tournament 2-Day Meet This Time

The Paddock tourney – like Topsy – has growed and growed until it will be a 2-day affair, Saturday and Sunday, Jan. 11 and 12.

Paddock Publications Inter-League Handicap bowling tournament pits first place teams of all men's leagues against each other for team prizes, both metal and cash.

This time it will be first place teams of all men's leagues within the area served by Paddock Publications as of Dec. 21 which will be eligible for the 2-day tourney at Bensenville Bowl.

* * *

THE TOURNAMENT started with less than 30 leagues represented. Number of leagues participating has grown to where 64 squads competed last year at Gunnell's. This time almost 70 leagues are expected.

Now, for the first time, the tournament will run through both Saturday and Sunday at Bensenville. Squads will compete at 1:00, 3:15, 5:30, 7:45 and 10:00 each day, first come, first served, as far as preferences are concerned.

The ladies tournament will be held in just 1 day, with more than 32 teams expected at Beverly Lanes Sunday, Jan. 18.

MANY LEAGUES composed of local bowlers living within the direct area served by Paddock Publications do not compete at Hi-Way Recreation, Palatine; Arlington and Beverly Lanes in Arlington Heights; Mt. Prospect and Gunnell's Lanes in Mt. Prospect; Wheeling and Jeffery Lanes in Wheeling; or Bensenville Bowl and Bowlwood at Wood Dale.

These leagues may or may not be able to compete in the Paddock tournament, depending upon residence of a majority of the bowlers. Secretaries of such leagues are urged to contact tournament manager Bob Paddock by letter or phone, with knowledge of home addresses of the bowlers, for clarification as to whether their leagues are eligible for the Paddock tournament. KICKIN' IT AROUND

STATE WRESTLING tournament finals will be held at Arlington! The meet that alternates between downstate at Illinois and "up north" usually at Proviso has been awarded to Arlington, thanks to the superb job of operating other state sectionals and regionals by the administration. It is a compliment to the way superintendent H. L. Slichenmeyer and athletic director Wally Grace operate, treating competitors fairly and handling fans efficiently.

WALLY GRACE

It is a first for Arlington. Heights has been host to 2 sectionals in wrestling, 5 sectionals in basketball and 1 regional in basketball. These tournaments have been run like clockwork, with last year's midnight run of the sectional wrestling meet the result of no eliminations before the sectional. But in every case Al Willis of the IHSA has been more than pleased with cooperation of Arlington officials, prompt reporting of receipts, etc.

This year there will be district eliminations as well as 8 sectional eliminations in wrestling. Winners and runner-ups in each of 12 weight divisions of each of the 8 sectional meets will come to Arlington for the state finals. That means 192 competitors who will need lodging and food. There will be additional dozens of coaches, officials, members of the press and fans, including college scouts and coaches.

◄►

INTERESTINGLY, the tournament was scheduled for Proviso this year, where L. J. Knoeppel, former Arlington superintendent, is now superintendent. Proviso, though, is on double shift and is in the midst of a building program. Illinois will be host to the Big 10 wrestling meet that same weekend, making it mandatory some northern school be selected. Arlington was picked, which will enhance the reputation the local school has been gaining in educational and sports circles.

All 4 Arlington fall sports teams currently involved in "championship competition" of the WSC have identical 3-1 records thus far.

Can you follow this? All freshmen not competing in Hinsdale frosh 'A' game 2 weeks before will compete Tuesday, Oct. 22, against Hinsdale 'B' team. All freshman gridders competing in the Hinsdale frosh 'A' game 2 weeks before will compete in Downers 'A' game Tuesday, Oct. 22.

The JV game with Downers will be held Monday on schedule, but Downers requested the frosh 'B' tilt delayed 'til Tuesday.

Fans can appreciate the headaches of frosh coaches Ed Aldrich and Rusty Dowell in seeing the right group of boys boarding the bus for Downers Tuesday and the correct 1 staying at home to face Hinsdale.

NORM STENZEL of Palatine suffered a twisted knee in opener for Dubuque, but has recovered . . . We're not insinuating anything, but Carthage lost to Culver October 5 for the first time since 1952 just before Arlington's John Eakins became their quarterback for 4 years . . . Lancers opened their Northeastern conference season Saturday when they played host to Belvidere . . . That league will fold after 1 year following the basketball season . . . Leyden's Jerry Rosengren is being hailed by some as one of the better linemen in Illinois this year . . . Carthage letterman is Roy Everson of Glenbard . . . MICHIGAN STATE'S 2 oldest grid rivalries—with Michigan and Notre Dame—continue to be its most successful ones at the gate. The clash Saturday at Ann Arbor between State and Michigan before a full house of 101,001 fans marked the tenth consecutive sellout crowd to see the 2 teams. In the period since 1948, nearly 800,000 persons have attended Spartan - Wolverine tussles, with the crowd of 101,001 last year at Michigan Stadium the largest.

When State meets Notre Dame at East Lansing November 9, a sellout crowd of 76,000 is expected to be on hand. The capacity audience will constitute the ninth straight sellout in the series since its modern renewal in 1948. In the 9 games played, nearly 450,000 persons have been in attendance with the largest single gathering the 59,378 that saw last year's game at Notre Dame.

PALATINE is still trying to open its Tri-County Conference schedule. Let's hope nothing happens this week to mar the schedule. The Pirates will play North Chicago Saturday after a layoff of 3 weeks without game competition. That may help or hurt their chances, who knows. A team needs competition for improvement but the Palatine squad is limited and at least there will be no one out with injuries.

The Pirates have to play at Elmwood Park Tuesday, making up the game postponed from October 5. That is a rough assignment with 2 days rest but there was no other time the game could be played.

Postponement of games due to flu bring up the question of just when is it justifiable to postpone or fail to play a scheduled game. We will admit we do not know the answer but we are afraid that unless a league has strict rules in this regard coaches will take advantage of the situation and use the precedent of this season to get out of playing when their teams are not at full strength due to injury and illness.

The constitution of the new Tri-County Conference has been made but not adopted as yet. Certainly the basis for postponements of any kind needs to be carefuly defined to avoid future difficulties.

The present football season will be concluded before the next meeting of the principals at North Chicago in November. At that time the league constitution will be adopted. The heads of the member schools with the help of the athletic directors have attempted to write out athletic policies to take care of any problems and situations.

◄►

NEXT WEDNESDAY, October 24, the Tri-County Conference will hold the first group athletic event they are sponsoring, the league cross country meet. Elmwood Park will be the site of a run for both varsity and frosh-soph groups. The league will award medals for the first 10 individual finishers in the 2-mile grind in both divisions. The school winning the varsity section will receive a trophy.

This event should be a big boost to cross country, a fine sport which receives limited emphasis and attention. Just a tip: North Chicago will be the varsity winner.

◄►

WE ATTENDED the Northern Illinois University homecoming game and saw Western Illinois run over them 33-13 Saturday. We were impressed by the ability of the Western backfield and especially 3 boys from the Chicago area. Larry Garron of Argo, Bob McCue of East Aurora, and Willie Spates of Elgin were standouts as ball carriers and pass catchers.

Garron and Spates were boys who can certainly step and are only freshmen. McCue who, with Spates, was an all-state player in high school, is as shifty a back as we have seen and is only a sophomore. Northern alumni seem to always give the excuse that they do not look for athletes but that Western goes after them.

◄►

IT APPEARS TO US that a school of 5,000 students should not need to do very much recruiting to field a better team than we saw represent Northern on Saturday. Northern should have quite an edge on other state schools getting athletes because of their location, within an hour and a half drive of the best suburban schools. We also hear the story, which we hope is true, that Northern is trying to raise the scholastic standards of the school. This is no excuse for not having good athletics because some of the best schools have strong teams.

It is our impression that none of the state-supported colleges in Illinois have standards up to that of the private schools and the state university. We suppose they cannot help it as they get most of that lower third of the high school graduating classes who want to go to college and cannot get into the private schools or stay more than a semester down at Champaign. We were never aware that most athletes were in the upper third in scholarship so the teachers colleges (now changed to state universities in name) ought to have a good chance at a flock of good athletes who would have trouble getting in anywhere else.

◄►

ONE OF THE BRIGHT spots in the new Tri-County conference has been the improved play of the Fenton Bisons coached by Paul Henry, assisted by Jim Monahan and Glen Van Proyan. After defeats at the hands of Batavia and Mooseheart the Bisons came back with a 7-7 tie at Dundee and followed with a 12-7 win over Lake Park and a 20-13 conquest of Elmwood Park.

After a rest this week Fenton will be set for the toughest opponents on their schedule with Glenbrook October 25 and Palatine November 1 on the home field and North Chicago in the grand finale on the road.

◄►

IT MUST BE a rough season for our friend Bob Paddock, who is such an ardent supporter of the Chicago Bears. According to the press the Bears were going to be unbeatable this season and just had to go through the motions to land on top. Instead, the Bears have dropped 3 in a row. Sounds like a real bad case of over confidence all down the line.

It has been 14 years since Libertyville won a football championship but Saturday the coach who piloted them to their last 4 titles was on hand as a special guest at the Wildcat homecoming.

Art Bergstrom, who is now executive assistant in the National Collegiate Athletic Association, was on hand to watch Libertyville whip Zion-Benton 8-7. Bergstrom had championship teams at Libertyville in 1938, 1940, 1942, and 1943 and then went to Bradley University as coach and later athletic director. He was a guest of the class of 1941 who held a reunion.

◄►

LIBERTYVILLE under Jack Martin won 6 conference championships and from the time the Northwest conference organized in 1925 the Wildcats took 11 football championships in 19 years up to Bergstrom's exit from prep school coaching. Libertyville had 5 undefeated teams and 4 of them were Bergstrom coached.

Libertyville is largest of the North Suburban schools but not the best from an athletic stand point. The Cats certainly havef ootball, basketball and track traditions to look to but for a number of years have had no outstanding teams.

Enrollments in the North Suburban have soared the past few years. Libertyville has 1,124, Crystal Lake 1,120, Zion-Benton 1,081, McHenry 840, Dundee 797, Barrington 773, and Woodstock 581. The league has only 7 members since Lake Forest and Warren joined the Northwest with Dundee, the only replacement.

FOR 2 WEEKS Palatine gridders have been idle, but in good health, as Elmwood Park and Glenbrook called off scheduled games because of flu. This week on Tuesday Palatine had 7 of 11 regulars sick with the flu and 2 others just returned from a bout with the Asiatic bug. There will be no junior varsity game at North Chicago Saturday. Coach Feutz will need them all to field a varsity team.

The student body and faculty of Palatine High were shocked and saddened last week by the death of Paul Wagner, a member of the junior class. Paul lost his life in an automobile accident.

As a member of Coach Welty's track squad, Paul had shown possibilities of becoming one of Palatine's finest runners. His father, Edward, was a football letterman and one of my history students in my first year as teacher at Palatine. His brothers, Dave and John, were mainstays of Palatine's champion track teams in 1956 and 1957. We extend our sympathy to Paul's parents, sister, and brothers. Our community has lost a very fine young man.
